The Public Participation / Comment Period is for City-related matters for which no Public Hearing is required. This is an opportunity to address the City Commission on any matter relating to the City or of concern to our citizens. If you are here for the Public Comment Period, please fill out a GREEN Intent to Speak Form and provide it to the City Clerk prior to the start of the meeting. When the Mayor calls for Public Comment Period, the City Clerk will read the submitted GREEN Intent to Speak Forms in the order they were received. Each speaker will be given four (4) minutes to speak. Should a large number of citizens submit public comment speaker cards, the speaking time per citizen may be reduced to a maximum of two (2) minutes per speaker, to give as many citizens an opportunity to speak as possible during the Public Comment Period. Groups of citizens who wish to speak on the same item or concern may elect a spokesperson to speak on their behalf, in which case an additional one (1) minute will be given to the spokesperson's time per citizen, up to six (6) minutes total. During the Public Comment period, speakers will not be permitted to address any item on the agenda for which a public hearing is required. If you wish to speak on one of the public hearing items, please fill out a WHITE Intent to Speak Form and provide it to the City Clerk prior to the start of the meeting. Once the item has been presented, the Mayor will call for Public Comment on that specific item. At that time, the City Clerk will read the submitted WHITE Intent to Speak Forms for the current item, in the order they were received. Each speaker will be given four (4) minutes to speak. Resolution No. 2026-34 Imposing the Uniform Method of Collections for Non-Ad Valorem Special Assessments levied within the City of Apopka for the Stormwater Utility.

ACTION ITEM INFORMATION:

REQUEST:
Adopt Resolution Number 2026-34

SUMMARY:
Resolution No. 2026-34 provides for the increase of the non-ad valorem rate on real property within the municipal boundaries of the City of Apopka on an annual basis, according to Section 197.3632 Florida Statute, as amended.

The City conducted an independent study of the Stormwater Utility and based upon that study, it is recommended that the utility rates be adjusted for the operational and capital needs associated with the utility.

A public hearing notice was advertised in the local newspaper as well as the city website notifying the public of the increase in the non-ad valorem assessment. Also, notice of the new rates for each property has been noticed on the Truth in Millage Notice (TRIM) sent to the property owners by Orange County.

RESOLUTION NO. 2026-34

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA ESTABLISHING A SCHEDULE OF FEES TO PROVIDE FUNDING FOR A STORMWATER UTILITY PROGRAM; ADOPTING THE NON-AD VALOREM ASSESSMENT ROLL; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Apopka, Florida (the "City") adopted Ordinance No. 722 to create a Stormwater Utility for the purpose of establishing a Stormwater Management Program; and

WHEREAS, the City is authorized pursuant to Section 197.3632, F.S., and 403.0893(3), Florida Statutes, to utilize a uniform method to assess fees to fund the operational and capital requirements of the City's Stormwater Management Program; and

WHEREAS, the City has, in conjunction with a consulting firm, reviewed the City's Stormwater Management Program activities and determined the amount of funds necessary to support the program; and

WHEREAS, Ordinance 722 authorizes the City to establish a schedule of fees to be charged by the Stormwater Utility by resolution; and

WHEREAS, notice of the proposed rate schedule and assessment has been published and noticed on the property owners Truth in Millage (TRIM) Notice, pursuant to Section 197.3632(4), Florida Statutes.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNIL OF THE CITY OF APOPKA, FLORIDA, THAT:

SECTION 1. <u>Finding by the City Council</u>.

Pursuant to the Rate Study referenced in Section 1, above, the City Council of the City of Apopka finds the following:

a. Certain generalized Stormwater Management Program services are provided by the City and available to all parcels within the City. Each parcel receives a similar benefit from the City's expenditures related to those services.
b. Use of a Base Fee (per parcel) plus EDU Rate (impervious area) is an equitable apportionment of the costs of these generalized services among the benefitted parcels.
c. The costs related to these generalized services should be apportioned to all parcels within the City, except for ineligible parcels as defined by Ordinance No. 722 and Ordinance No. 1438.
d. The City maintains a specific stormwater drainage system that transports stormwater away from properties to receiving water bodies.

e. There are certain properties within the City that discharge stormwater to drainage systems maintained by others, rather than the specific stormwater drainage system maintained by the City.
f. Parcels that have a building and/or other improvements (impervious area) greatly increase the amount of stormwater runoff.
g. Those parcels within the City that have buildings or other impervious areas and discharge to the City's specific stormwater drainage system should be assessed an additional stormwater runoff fee based on an equivalent drainage unit (EDU).
h. Parcels within the City that do not have buildings and/or other improvements (impervious area) are considered "vacant' and should only be charged a base fee.

SECTION 2. <u>Establishment of a Stormwater Rate Schedule</u>.

Based on the Findings enumerated in Section 1 of this Resolution and the information and recommendations included in the Rate Study referenced in Section 1 of this Resolution, Parcels within the City of Apopka shall be assessed a base fee and an EDU fee depending on the drainage characteristics shown in the following table:

Class of Service	Building Footprint (Square Feet)	FY 2026/27 Stormwater Assessment
Base Rate		
Single Family Residential		$56.16
Non-Residential/Commercial		$168.48
Vacant		$56.16
Agriculture (W/Building)		$168.48
EDU Rate		
Residential Tier 1	< 2,800 sq. ft.	$26.21
Residential Tier 2	2,800 to 4,700 sq. ft.	$37.44
Residential Tier 3	> 4,700 sq. ft.	$56.16
Non-Residential Classes		$37.44

SECTION 3. The non-ad valorem stormwater assessment roll as set forth in Exhibit "B" is hereby adopted.

[REMAINDER OF PAGE INTENTIONALL LEFT BLANK]

SECTION 4. <u>Effective Date.</u>

CITY OF APOPKA

NOTICE OF PUBLIC HEARING

The City of Apopka currently assesses property owners an annual stormwater assessment to pay for various flood control and water quality improvement projects within the incorporated limits of the City of Apopka. The stormwater management assessment appears on your Truth in Millage (TRIM) Notice so that you can conveniently pay the assessment at the same time you pay your property tax.

The average single-family residence in the city includes 3,600 square feet of impervious surface (roofed, paved, or similar surface), which equals an "Equivalent Drainage Unit" or EDU. The proposed assessment for one EDU is $93.60 (Base Rate + EDU Rate) for FY 2026/2027. Assessments for specific parcels are based on either an assigned EDU or the actual impervious square footage, as set forth in the chart below.

Class of Service	Building Footprint (Square Feet)	FY 2026/27 Stormwater Assessment
Base Rate		
Single Family Residential		$56.16
Non-Residential/Commercial		$168.48
Vacant		$56.16
Agriculture (W/Building)		$168.48
EDU Rate		
Residential Tier 1	< 2,800 sq. ft.	$26.21
Residential Tier 2	2,800 to 4,700 sq. ft.	$37.44
Residential Tier 3	> 4,700 sq. ft.	$56.16
Non-Residential Classes		$37.44

How are the rates calculated:

Base Rate + EDU Rate = TOTAL

Average Home Assessment is:

(Base Rate of) $56.16 plus (EDU Rate of) $37.44 = TOTAL of $93.60

The assessment is projected to generate **$3.19 million** in total revenue to be used for stormwater management projects.

State law requires us to inform you that failure to pay any part of your property tax bill including the stormwater management assessment will cause a tax certificate to be issued against the property which may result in loss of title.

When Can I Talk About This?

A public hearing will be heard on Wednesday, September 16, 2026 at 5:15 PM to adopt the annual rate resolution for the stormwater management assessment for Fiscal Year 2026/2027. The collection of the assessment will be on the ad valorem tax bill. All affected real property owners have a right to appear at the hearing and to file written comments with the City Clerk any time prior to the public hearing. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing such person will need a

record of the proceedings and may need to ensure that a verbatim record is made including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk at 407-703-1704 at least seven days prior to the date of the hearing.
