Jay Davoll, Community Development Director, gave an overview of the project including a waiver request to omit building a wall along State Road 429 (451). (The staff report is incorporated into, and made a part of these meeting minutes.)

There was considerable discussion concerning the impact of the development regarding traffic on Highway 441, Lake Doe Boulevard.

Mayor Kilsheimer opened the meeting for a public hearing.

Pat McGuffin, 289 Lake Doe Blvd, expressed concern over the amount of traffic already in the area with only 2 subdivisions, and the enormous traffic impact with the proposed total of 5 subdivisions on Lake Doe Boulevard.

Mayor Kilsheimer explained that with the complete build-out, 2 additional access roads to Binion Road and Marshal Lake Road will help to eliminate traffic issues.

Mr. Davoll said that, at a certain level of growth in development, traffic studies by a professional traffic engineer are required.

Mr. McGuffin further asked about the square footage of the homes to be built.

Mr. Davoll responded that the developer is proposing 2,100 square foot, which once approved, cannot be built smaller.

No one else wishing to speak, Mayor Kilsheimer closed the public hearing.

MOTION was made by Commissioner Ruth, and seconded by Commissioner Arrowsmith, to approve the Final Development Plan for the Poe Reserve Subdivision, as recommended. Motion carried unanimously, with Mayor Kilsheimer, and Commissioners Arrowsmith, Dean, Velazquez, and Ruth voting aye.

DEPARTMENT REPORTS AND BIDS - City Administrator Richard Anderson had nothing to report.

MAYOR'S REPORT - Mayor Kilsheimer said everyone has inquired about the Mayor's salary. He reported having asked City Administrator Anderson and City Attorney Kruppenbacher for a determination of his ethical ability to vote on the matter.

City Attorney Kruppenbacher said he has reviewed the Charter and Legal Opinions regarding the matter. He said the salary of the Mayor is set by the budget. He said, in his opinion, there is no conflict with Mayor Kilsheimer voting on the Mayor's salary; however, he is seeking an opinion from the Commission on Ethics for clarification.

Mayor Kilsheimer said they are awaiting the recommendation of the State prior to proceeding with the discussion.

In response to a question from Commissioner Dean, Mayor Kilsheimer stated he is seeking a salary that is "fair, reasonable and appropriate." He concluded that the matter will be held for a future meeting.

OLD BUSINESS

1. COUNCIL -

Commissioner Ruth expressed his concerns when attempting to obtain information from the City.

City Attorney told him he was not required to provide his request in writing. Staff, under the law, has a reasonable amount of time to provide that record.

When asked what he was looking for, Commissioner Ruth read his list into the record as follows:

Copies of follow up material for check #: 160466, 160462, 160587, 160298, 160299, 160386, 160618, 160306, 160539, 160300, 160647, and check #1296. He requested the purchase orders, the budget year it came from and the vendor contact information. He further requested a list of salaries for all department heads, what department heads are drawing from a pension plan, and if they are drawing from another (department) budget.

City Administrator Anderson told him the most appropriate place to request information is the Office of the City Administrator. He clarified that the Charter amendments approved by the electors in December are in place, and will be codified into the Charter.

Mayor Kilsheimer said with everything being new, everyone needs to work together.

MOTION was made by Commissioner Ruth, and seconded by Commissioner Velazquez to move Line Item 6 to the next available Board meeting by the Council.

There was further discussion concerning holding the approval of the Disbursement Report when the checks have already been issued.

Commissioner Arrowsmith called the question.

MOTION was made by Commissioner Arrowsmith, and seconded by Commissioner Dean, to approve the Disbursement Report from the Consent Agenda.

VOTE: Motion carried 4-1, with Mayor Kilsheimer, and Commissioners Arrowsmith, Dean and Velazquez voting Aye, and Commissioner Ruth voting No.

2. PUBLIC - There was no old business from the public.

NEW BUSINESS

1. COUNCIL - There was no new business from the Council.

2. PUBLIC

Larry Bornacelli, 2314 Sweetaire Court, representative for VGIL, Inc., a non-profit, said they were just granted a low power FM radio station. He said it is a community radio station for the City of Apopka, located on frequency 99.3. He expressed a desire for the City to work with him on some logistics he has been confronted in attempting to put an antennae on a tower, specifically the tower behind Florida Hospital. He asked to lease or purchase the property from the City. He said the radio station will be at the City's disposal for public service announcement, working with the emergency management teams, Mayor's message, etc. The FCC only granted 4,000 licenses across the entire country and Apopka was one of those granted. He added this should mean more jobs to the City, and offer opportunities for local businesses.

Mayor Kilsheimer said his email had been received and forwarded to City Administrator Anderson. He asked that the two speak following the meeting.

Barbara Zackzewski, 3674 Rochelle Lane, expressed appreciation for the City Council meeting packet being posted on the City's website.

Robert Webster, 237 W Ponkan Rd, commended the City Council on the openness of the meeting.

A. Earl Nurse, 3851 Rock Hill Loop, thanked the Recreation Department for putting the mile marker around the sports complex. He said it is 9/10 of a mile and to make up the difference for a mile, walkers are cutting across the grass. He expressed concern that the integrity of the grass will fail and asked that either a sidewalk be installed, or the area being blocked from foot traffic. He said he had heard there is to be an expansion of the sports complex, and requested that there be a feasibility study conducted on the impact on the economy of Apopka, specifically what the sports complex is bringing to the businesses in Apopka. He further thanked Capt. Randy Fernandez of the Apopka Police Department for looking into and resolving a personal matter for he and a citizen.

Christine Moore, 2145 Palm Crest Dr, representing the Orange County Public Schools, thanked the City for its support of the Jazz Festival. She gave an overview of the success of the festival. She thanked Chief Manley for the support of the Apopka Police Department at the event.

Ms. Moore said she understood that Mayor Land was working on a history project, and wanted to offer the use of the school's production studios for the project.

Commissioner Ruth reported the Apopka High School Girls Flag Football team will be playing in Tallahassee for State title. He also reported the Boys Baseball Team will be going to the regionals.

Ray Shackelford, 282 Carpathian Drive, followed up on an earlier recommendation of Commissioner Dean of an Apopka Hall of Fame, with the first 2 inductees being Mayor Land and Mrs. Land. He questioned the ability of the City Council to review the budget mid-term, and said any salary adjustments would best be done at that time. He also spoke on the decision of the electors in December regarding the responsibilities of the City Administrator, suggesting the matter be reviewed further.

City Attorney Kruppenbacher advised the City Council may look at the budget at any time, and amendments may be made; however, at the end of the fiscal year, there is limited time to amend the budget for the preceding fiscal year.

Diane Harrison, 380 North Lake Avenue, expressed concern at the lack of lighting on Park Avenue and Rock Springs Road, and inquired if it is the responsibility of the City or the County.

Mayor Kilsheimer said street lighting is not only an issue on Park Avenue and Rock Springs Road, but also in many neighborhoods throughout the City of Apopka. Going forward, he said, lighting will be an issue to be reviewed.

ADD ON: CITY ATTORNEY REPORT - City Attorney Kruppenbacher spoke of the Supreme Court ruling regarding prayer at public events/public meetings. He said the Court said that it is a tradition of this Country where a moment of prayer has been used to emphasize the solemn nature of the business and occasion, reversing the Appellate Court decision, and found that the City Council was in no way attempting to pick a particular religion, and it was open to any religious entity that was within the community. The public body is not obligated to go outside the City to bring in a specific religion. He said the City of Apopka can continue to be open to the people of the community in various faiths.

Suzanne Kidd, 1260 Lexington Parkway, congratulated everyone on the insightful meeting. She expressed appreciation for the meeting packet being on the website. She asked if she had a right to question an item on the Disbursement Report.

The right was granted by Mayor Kilsheimer.

Ms. Kidd asked City Attorney Kruppenbacher about the March 28, 2014 payment to him in the amount of \$25,000 listed on the Disbursement Report.

City Attorney Kruppenbacher explained he billed the City for well in excess of a year for litigation attended regarding constitutional challenges to the red light cameras, and met repeatedly with administrative judges, attended a number of hearings, drafted pleadings, etc. He said he had not billed the City concerning that litigation, and had actually rounded down the amount. He said it also included requests of Mayor Land, Charter meetings, and Charter review. He said it was work over and above the retainer fee.

Ms. Kidd also spoke in support of looking at the Mayor's salary.

ADJOURNMENT - There being no further business to discuss, the meeting adjourned at 3:03 p.m.
