SUBJECT:
Resolution No. 2023-30 - Setting the millage levy for the Fiscal Year 2023-2024 at 4.1876

REQUEST:
Adopt Resolution No. 2023-30

SUMMARY:
On September 6, 2023, the City Council adopted a tentative millage rate of 4.1876 for Fiscal Year (FY) 2023-2024, and on September 10, 2023, the proposed millage rate and budget were published in the Orlando Sentinel.

In accordance with the Truth in Millage (TRIM) statutory requirements, the City must adopt a millage rate prior to adopting the annual budget. The recommended millage rate is 4.1876 mills, which is a 13.21% increase over the rolled back rate of 3.6991.

A millage rate of 4.1876 generates approximately $23,689,626 in property tax revenues for the upcoming Fiscal Year 2023-2024.

RESOLUTION NO. 2023-30

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, SETTING THE MILLAGE LEVY FOR FISCAL YEAR 2023-2024.

WHEREAS, the Property Appraiser has forwarded to the City, Form DR-420 upon which is shown the total value for all property within the City of Apopka, Florida, as determined by the Property Appraiser; and

WHEREAS, the current year gross taxable value of property within the City of Apopka is $5,954,830,640, which includes $275,678,884 for new construction, annexations, and deletions; and

WHEREAS, with the figures provided by the Property Appraiser, the rolled back millage rate has been computed at 3.6991, representing that amount which will provide the same revenue to the City as was received by the City for the 2022-2023 budget year; and

WHEREAS, the City Council has studied the revenue needs set for the fiscal year 2023-2024, and determined that the amount needed from ad valorem tax revenue is $23,689,626, which can be provided with a millage rate of 4.1876, a 13.21% increase in millage over the rolled back rate of 3.6991

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Apopka, Florida, that the millage rate for the 2023-2024 fiscal year be set at 4.1876 (4.1876 per $1,000 of assessed value) and that the Property Appraiser and the Florida Department of Revenue be notified of said millage rate for the purpose of extending and approving the tax roll.

PASSED AND ADOPTED this 20th day of September, 2023, by the City Council of the City of Apopka, Florida.

RESOLUTION NO. 2023-21

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, ADOPTING A NON-AD VALOREM TAX ASSESSMENT ROLL FOR THE LAKE MCCOY VILLAGE NEIGHBORHOOD IMPROVEMENT DISTRICT; PROVIDING DIRECTION TO THE FINANCE DIRECTOR FOR CERTIFICATION AND TRANSMISSION OF THE ASSESSMENT ROLL TO THE ORANGE COUNTY TAX COLLECTOR; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Lake McCoy Village Subdivision was constructed in the early 1980's and the developer in accordance with the building requirements created the Lake McCoy Village Property Owners Association, Inc. ("Association");

WHEREAS, upon buildout of the Subdivision, the Developer relinquished all rights and privileges to the Association, of which the property owners within the subdivision were members;

WHEREAS, as of this date, the Association was never officially created to the best of knowledge and has failed to file annual reports with the State of Florida;

WHEREAS, the former common properties of the Association are no longer being maintained or being kept;

WHEREAS, the City in an effort to combat crime, improve public safety and maintain property values finds it in the best interest of the homeowner within the development to create a Neighborhood Improvement District as outlined in Apopka Municipal Code, Chapter 38, Article III for the care and maintenance of common areas and properties previously the responsibility of the Developments Home Owners Association;

WHEREAS, the City Council found it in the best interest of the City and its residents, has created the MSBU for the continued care and maintenance of the common property for the annual cost associated with the operation of the MSBU;

WHEREAS, the City Council finds that each parcel of property within Lake McCoy Village Neighborhood Improvement District, as specified herein, shall be specifically benefited by the upkeep of the property in an amount equal to or greater in kind and degree than other properties within the City;

WHEREAS, the owners of each lot or parcel of land within the boundaries of the municipal service benefit unit have been provided with notice by mail on their Orange County TRIM Notice of the public hearing substantially notifying them of the special assessment charge that will be levied against their lot or parcel or land;

WHEREAS, the 2023/2024 fiscal year will be the first year of the assessment in which the property owners of Lake McCoy Village Neighborhood Improvement District will be assessed for the costs of the district, and the cost associated with the operation of the district shall be ongoing subject to being reviewed annually;

WHEREAS, the City of Apopka has notified the Orange County Property Appraiser of the cost associated with the operation of the Neighborhood Improvement District by means of mailing the Truth in Millage ("TRIM") notice on the cities levy of the non-ad valorem assessment per parcel in accordance with Section 197.3632, Florida Statutes;

WHEREAS, the uniform method of collecting non-ad valorem assessments, as authorized by Section 197.3632, Florida Statutes, provides for the collection of non-ad valorem assessments by utilizing the tax bills issued for the collection of ad valorem taxes;

WHEREAS, the City Council finds that the use of the uniform method of collection, as authorized by Section 197.3632, Florida Statutes, will result in the more effective collection of the special assessments levied within Neighborhood Improvement District: and

WHEREAS, in accordance with the requirements of Section 197.3632, Florida Statutes, the City Council held a duly advertised hearing prior to the final adoption of this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, that:

SECTION 1. The foregoing finding are incorporated herein by reference and made part hereof.

SECTION 2. The City Council hereby elects to utilize the uniform method of collecting non-ad valorem assessments, as provided in Section 197.3632, Florida Statutes, for collecting the non-ad valorem assessments specified herein.

SECTION 3. The City Council adopts the non-ad valorem levy(s) to be set at as follows:

Development/Sub-Division or District Name	Type	Annual Amount
Lake McCoy Village	Neighborhood Improvement District	$180.00

unless otherwise changed by the City Council by means of a Public Hearing.

SECTION 4. The City Finance Director, or his designee, is hereby authorized and designated to certify the non-ad valorem assessment roll and submit it to the Tax Collector or compatible electronic medium, as provided in Section 197.3632, Florida Statutes, and to take additional procedural steps as may be necessary for the collection of side non-ad valorem assessment roll by the Tax Collector.

SECTION 5. This Resolution shall take effect immediately upon passage.

PASSED AND CERTIFIED AS TO PASSAGE this 20th day of September A.D. 2023.

PUBLIC HEARINGS ON FINAL CERTIFICATION ON ASSESSMENT ROLLS TO IMPOSE THE UNIFORM METHOD FOR COLLECTION OF NON-AD VALOREM SPECIAL ASSESSMENTS

Notice is hereby given that the City Council for the City of Apopka will conduct a public hearing and subsequently adopt a resolution to Certify the Street Lighting and Neighborhood Improvement Non-Ad Valorem Final Assessment Roll for the imposition of annual non-ad valorem special assessments for the specified purposes on the dates and times as follows in the areas designated and specified herein. Each individual non-ad valorem special assessment shall be billed on the Orange County Annual Tax Bill for the Fiscal Year beginning October 1, 2023, and annually thereafter for the collection of all associated costs and expenses applied to the designated areas as applicable.

The public hearing for Non-Ad Valorem Special Assessments shall be before the City Council of the City of Apopka in the Council Chambers at City Hall, 120 E. Main Street, Apopka, Florida, for the purpose of receiving public comment on the imposition of the assessments, as follows:

Development/Sub-Division or District Name	1st Reading Final Certification	2nd Reading Final Certification
Lake McCoy Village (Neighborhood Improvement District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.

Florida Statutes (F.S.) require us to advise you that a failure to pay these special assessments will cause a tax certificate to the issued against the property which may result in the loss of title, F.S. 197.3632(4)(b).

The non-ad valorem special assessments are for the reasonable and necessary costs and expenses associated with the services being provided.

The Special Assessment Districts may only apply to the Designated District Areas, identified herein, where the City Council at the request of the developer intends to impose a special assessment for the purpose of providing developmental street lighting for the safety and welfare of the residents whom reside within the designated district area. Neighborhood Improvement Districts are intended for the maintenance and upkeep of common areas of a development where the residents have allowed the Homeowners Association to fold and the common areas are no longer being maintained by the Homeowners and the City has to contract with independent vendors for the care and maintenance of these areas.

The entire cost of the assessment shall be entirely apportioned to the property owners within the district receiving the benefited service. The assessment will continue to be billed by the Orange County Tax Collector on the annual Orange County Tax Bill.

All affected property owners have the right to appear at the public hearing and the right to file a written objection with the City Clerk's Office within 20 days of the publication of this notice. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the American with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk's Office at 407-703-1794 at least three (3) days prior to the date of the hearing.

The following tables designate the areas where the various non-ad valorem special assessments will apply and the annual assessment amount per parcel.

WHEREAS, as of this date, the Members of the Board have not filed paperwork with the State of Florida;

WHEREAS, the former common properties of the Board are no longer being maintained or being kept;

WHEREAS, the City in an effort to combat crime, improve public safety and maintain property values finds it in the best interest of the homeowner within the development to create a Neighborhood Improvement District as outlined in Apopka Municipal Code, Chapter 38, Article III for the care and maintenance of common areas and properties previously the responsibility of the Developments Board;

WHEREAS, the City Council found it in the best interest of the City and its residents, has created the MSBU for the continued care and maintenance of the common property for the annual cost associated with the operation of the MSBU;

WHEREAS, the City Council finds that each parcel of property within Martin Place Phase One Neighborhood Improvement District, as specified herein, shall be specifically benefited by the upkeep of the property in an amount equal to or greater in kind and degree than other properties within the City;

WHEREAS, the owners of each lot or parcel of land within the boundaries of the municipal service benefit unit have been provided with notice by mail on their Orange County TRIM Notice of the public hearing substantially notifying them of the special assessment charge that will be levied against their lot or parcel or land;

WHEREAS, the 2023/2024 fiscal year will be the first year of the assessment in which the property owners of Martin Place Phase One Neighborhood Improvement District will be assessed for the costs of the district, and the cost associated with the operation of the district shall be ongoing subject to being reviewed annually;

WHEREAS, the City of Apopka has notified the Orange County Property Appraiser of the cost associated with the operation of the Neighborhood Improvement District by means of mailing the Truth in Millage ("TRIM") notice on the cities levy of the non-ad valorem assessment per parcel in accordance with Section 197.3632, Florida Statutes;

WHEREAS, the uniform method of collecting non-ad valorem assessments, as authorized by Section 197.3632, Florida Statutes, provides for the collection of non-ad valorem assessments by utilizing the tax bills issued for the collection of ad valorem taxes;

WHEREAS, the City Council finds that the use of the uniform method of collection, as authorized by Section 197.3632, Florida Statutes, will result in the more effective collection of the special assessments levied within Neighborhood Improvement District: and

WHEREAS, in accordance with the requirements of Section 197.3632, Florida Statutes, the City Council held a duly advertised hearing prior to the final adoption of this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, that:

SECTION 1. The foregoing finding are incorporated herein by reference and made part hereof.

SECTION 2. The City Council hereby elects to utilize the uniform method of collecting non-ad valorem assessments, as provided in Section 197.3632, Florida Statutes, for collecting the non-ad valorem assessments specified herein.

SECTION 3. The City Council adopts the non-ad valorem levy(s) to be set at as follows:

PUBLIC HEARINGS ON FINAL CERTIFICATION ON ASSESSMENT ROLLS TO IMPOSE THE UNIFORM METHOD FOR COLLECTION OF NON-AD VALOREM SPECIAL ASSESSMENTS

Notice is hereby given that the City Council for the City of Apopka will conduct a public hearing and subsequently adopt a resolution to Certify the Street Lighting and Neighborhood Improvement Non-Ad Valorem Final Assessment Roll for the imposition of annual non-ad valorem special assessments for the specified purposes on the dates and times as follows in the areas designated and specified herein. Each individual non-ad valorem special assessment shall be billed on the Orange County Annual Tax Bill for the Fiscal Year beginning October 1, 2023, and annually thereafter for the collection of all associated costs and expenses applied to the designated areas as applicable.

The public hearing for Non-Ad Valorem Special Assessments shall be before the City Council of the City of Apopka in the Council Chambers at City Hall, 120 E. Main Street, Apopka, Florida, for the purpose of receiving public comment on the imposition of the assessments, as follows:

Development/Sub-Division or District Name	1st Reading Final Certification	2nd Reading Final Certification
Lake McCoy Village (Neighborhood Improvement District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.

Nottingham Park Development (Street Lighting District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.

Florida Statutes (F.S.) require us to advise you that a failure to pay these special assessments will cause a tax certificate to the issued against the property which may result in the loss of title, F.S. 197.3632(4)(b).

The non-ad valorem special assessments are for the reasonable and necessary costs and expenses associated with the services being provided.

The Special Assessment Districts may only apply to the Designated District Areas, identified herein, where the City Council at the request of the developer intends to impose a special assessment for the purpose of providing developmental street lighting for the safety and welfare of the residents whom reside within the designated district area. Neighborhood Improvement Districts are intended for the maintenance and upkeep of common areas of a development where the residents have allowed the Homeowners Association to fold and the common areas are no longer being maintained by the Homeowners and the City has to contract with independent vendors for the care and maintenance of these areas.

The entire cost of the assessment shall be entirely apportioned to the property owners within the district receiving the benefited service. The assessment will continue to be billed by the Orange County Tax Collector on the annual Orange County Tax Bill.

All affected property owners have the right to appear at the public hearing and the right to file a written objection with the City Clerk's Office within 20 days of the publication of this notice. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the American with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk's Office at 407-703-1794 at least three (3) days prior to the date of the hearing.

The following tables designate the areas where the various non-ad valorem special assessments will apply and the annual assessment amount per parcel.

Development/Sub-Division Name	Annual Amount
Lake McCoy Village (Neighborhood Improvement District)	$180.00
Martin Place Phase 1 (Neighborhood Improvement District)	$180.00
Lovell Terrace (Neighborhood Improvement District)	$180.00
Meadowlark (Street Lighting District)	$132.25
Ivy Trails (Street Lighting District)	$176.20

PUBLIC HEARINGS ON FINAL CERTIFICATION ON ASSESSMENT ROLLS TO IMPOSE THE UNIFORM METHOD FOR COLLECTION OF NON-AD VALOREM SPECIAL ASSESSMENTS

Notice is hereby given that the City Council for the City of Apopka will conduct a public hearing and subsequently adopt a resolution to Certify the Street Lighting and Neighborhood Improvement Non-Ad Valorem Final Assessment Roll for the imposition of annual non-ad valorem special assessments for the specified purposes on the dates and times as follows in the areas designated and specified herein. Each individual non-ad valorem special assessment shall be billed on the Orange County Annual Tax Bill for the Fiscal Year beginning October 1, 2023, and annually thereafter for the collection of all associated costs and expenses applied to the designated areas as applicable.

The public hearing for Non-Ad Valorem Special Assessments shall be before the City Council of the City of Apopka in the Council Chambers at City Hall, 120 E. Main Street, Apopka, Florida, for the purpose of receiving public comment on the imposition of the assessments, as follows:

Development/Sub-Division or District Name	1st Reading Final Certification	2nd Reading Final Certification
Lake McCoy Village (Neighborhood Improvement District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.

Nottingham Park Development (Street Lighting District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.

Florida Statutes (F.S.) require us to advise you that a failure to pay these special assessments will cause a tax certificate to the issued against the property which may result in the loss of title, F.S. 197.3632(4)(b).

The non-ad valorem special assessments are for the reasonable and necessary costs and expenses associated with the services being provided.

The Special Assessment Districts may only apply to the Designated District Areas, identified herein, where the City Council at the request of the developer intends to impose a special assessment for the purpose of providing developmental street lighting for the safety and welfare of the residents whom reside within the designated district area. Neighborhood Improvement Districts are intended for the maintenance and upkeep of common areas of a development where the residents have allowed the Homeowners Association to fold and the common areas are no longer being maintained by the Homeowners and the City has to contract with independent vendors for the care and maintenance of these areas.

The entire cost of the assessment shall be entirely apportioned to the property owners within the district receiving the benefited service. The assessment will continue to be billed by the Orange County Tax Collector on the annual Orange County Tax Bill.

All affected property owners have the right to appear at the public hearing and the right to file a written objection with the City Clerk's Office within 20 days of the publication of this notice. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the American with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk's Office at 407-703-1794 at least three (3) days prior to the date of the hearing.

The following tables designate the areas where the various non-ad valorem special assessments will apply and the annual assessment amount per parcel.

Development/Sub-Division Name	Annual Amount
Lake McCoy Village (Neighborhood Improvement District)	$180.00
Martin Place Phase 1 (Neighborhood Improvement District)	$180.00
Lovell Terrace (Neighborhood Improvement District)	$180.00
Meadowlark (Street Lighting District)	$132.25
Ivy Trails (Street Lighting District)	$176.20
Nottingham Park (Street Lighting District)	$129.40

Copies of the Resolutions detailing the legal description of the areas to be assessed are available for inspection at the City Clerk's Office in City Hall, located at 120 E. Main Street, Apopka Florida, between the hours of 8:00 a.m. and 5 p.m., Monday through Friday.

If you have any questions regarding the assessments, please contact the Special Assessments Coordinator at 407-703-1700, Monday through Friday between the hours of 9:00 a.m. and 3:00 p.m.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, ADOPTING A NON-AD VALOREM TAX ASSESSMENT ROLL FOR IVY TRAILS DEVELOPMENT STREET LIGHTING DISTRICT; PROVIDING DIRECTION TO THE FINANCE DIRECTOR FOR CERTIFICATION AND TRANSMISSION OF THE ASSESSMENT ROLL TO THE ORANGE COUNTY TAX COLLECTOR; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Apopka has continued to experience growth over the last several decades which has led to multiple housing developments throughout the community;

WHEREAS, the City in an effort to combat crime and to improve public safety, encourages developers to install street lighting as a means to promote public safety within the community;

WHEREAS, the developer as a means of ensuring the cost of the lighting is recovered for the operation of the street lighting has requested that the City Council create a Municipal Service Benefit Unit ("MSBU") for the continued operation of the street lighting;

WHEREAS, the City Council found it in the best interest of the City and its residents, has created the MSBU for the continued operation and annual cost associated with the operation of the MSBU;

WHEREAS, the City Council finds that each parcel of property within Ivy Trails Street Lighting District, as specified herein, shall be specifically benefited by the street lighting in an amount equal to or greater in kind and degree than other properties within the City;

WHEREAS, the owners of each lot or parcel of land within the boundaries of the municipal service benefit unit have been provided with notice by mail on their Orange County TRIM Notice of the public hearing substantially notifying them of the special assessment charge that will be levied against their lot or parcel or land;

WHEREAS, the 2023/2024 fiscal year will be the first year of the assessment in which the property owners of Ivy Trails Street Lighting District will be assessed for the costs of the street lighting district, and the cost associated with the operation of the street lighting district shall be ongoing subject to being reviewed annually for the ongoing costs of the street lighting district;

WHEREAS, the City of Apopka has notified the Orange County Property Appraiser of the cost associated with the operation of the Street Lighting District by means of mailing the Truth in Millage ("TRIM") notice on the cities levy of the non-ad valorem assessment per parcel in accordance with Section 197.3632, Florida Statutes;

WHEREAS, the uniform method of collecting non-ad valorem assessments, as authorized by Section 197.3632, Florida Statutes, provides for the collection of non-ad valorem assessments by utilizing the tax bills issued for the collection of ad valorem taxes;

WHEREAS, the City Council finds that the use of the uniform method of collection, as authorized by Section 197.3632, Florida Statutes, will result in the more effective collection of the special assessments levied within Ivy Trails Street Lighting District: and

WHEREAS, in accordance with the requirements of Section 197.3632, Florida Statutes, the City Council held a duly advertised hearing prior to the final adoption of this Resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF APOPKA, FLORIDA, that:

SECTION 1. The foregoing finding are incorporated herein by reference and made part hereof.

SECTION 2. The City Council hereby elects to utilize the uniform method of collecting non-ad valorem assessments, as provided in Section 197.3632, Florida Statutes, for collecting the non-ad valorem assessments specified herein.

SECTION 3. The City Council adopts the non-ad valorem levy(s) to be set at as follows:

Development/Sub-Division or District Name	Type	Annual Amount
Ivy Trails Development	Street Lighting District	$176.20

unless otherwise changed by the City Council by means of a Public Hearing.

SECTION 4. The City Finance Director, or his designee, is hereby authorized and designated to certify the non-ad valorem assessment roll and submit it to the Tax Collector or compatible electronic medium, as provided in Section 197.3632, Florida Statutes, and to take additional procedural steps as may be necessary for the collection of side non-ad valorem assessment roll by the Tax Collector.

SECTION 5. This Resolution shall take effect immediately upon passage.

The public hearing for Non-Ad Valorem Special Assessments shall be before the City Council of the City of Apopka in the Council Chambers at City Hall, 120 E. Main Street, Apopka, Florida, for the purpose of receiving public comment on the imposition of the assessments, as follows:

Development/Sub-Division or District Name	1st Reading Final Certification	2nd Reading Final Certification
Lake McCoy Village (Neighborhood Improvement District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.
Martin Place Phase 1 (Neighborhood Improvement District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.
Lovell Terrace (Neighborhood Improvement District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.
Meadowlark Development (Street Lighting District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.
Ivy Trails Development (Street Lighting District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.
Nottingham Park Development (Street Lighting District)	September 6th, 2023 at 5:15 P.M	September 20th, 2023 at 6:00 P.M.

Florida Statutes (F.S.) require us to advise you that a failure to pay these special assessments will cause a tax certificate to the issued against the property which may result in the loss of title, F.S. 197.3632(4)(b).

The non-ad valorem special assessments are for the reasonable and necessary costs and expenses associated with the services being provided.

The Special Assessment Districts may only apply to the Designated District Areas, identified herein, where the City Council at the request of the developer intends to impose a special assessment for the purpose of providing developmental street lighting for the safety and welfare of the residents whom reside within the designated district area. Neighborhood Improvement Districts are intended for the maintenance and upkeep of common areas of a development where the residents have allowed the Homeowners Association to fold and the common areas are no longer being maintained by the Homeowners and the City has to contract with independent vendors for the care and maintenance of these areas.

The entire cost of the assessment shall be entirely apportioned to the property owners within the district receiving the benefited service. The assessment will continue to be billed by the Orange County Tax Collector on the annual Orange County Tax Bill.

All affected property owners have the right to appear at the public hearing and the right to file a written objection with the City Clerk's Office within 20 days of the publication of this notice. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the American with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk's Office at 407-703-1794 at least three (3) days prior to the date of the hearing.

The following tables designate the areas where the various non-ad valorem special assessments will apply and the annual assessment amount per parcel.

Development/Sub-Division Name	Annual Amount
Lake McCoy Village (Neighborhood Improvement District)	$180.00
Martin Place Phase 1 (Neighborhood Improvement District)	$180.00
Lovell Terrace (Neighborhood Improvement District)	$180.00
Meadowlark (Street Lighting District)	$132.25
Ivy Trails (Street Lighting District)	$176.20
Nottingham Park (Street Lighting District)	$129.40

Copies of the Resolutions detailing the legal description of the areas to be assessed are available for inspection at the City Clerk's Office in City Hall, located at 120 E. Main Street, Apopka Florida, between the hours of 8:00 a.m. and 5 p.m., Monday through Friday.

If you have any questions regarding the assessments, please contact the Special Assessments Coordinator at 407-703-1700, Monday through Friday between the hours of 9:00 a.m. and 3:00 p.m.

CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS
Item #: 9.
Meeting Date: September 20, 2023
Department: Public Services

SUBJECT:
Resolution 2023-28 Imposing the Uniform Method of Collections for Non-Ad Valorem Special Assessments levied within the City of Apopka for the Stormwater Utility.

Presented by: Richard Earp

REQUEST:
Accept the first reading of resolution 2023-28 and hold over for second reading.

SUMMARY:
Resolution No. 2023-28 provides for the increase of the non-ad velorem rate on real property within the municipal boundaries of the City of Apopka on an annual basis by Section 197.3632 Florida Statute, as amended.

The City conducted an independent study of the Stormwater Utility and based upon that study it is recommended that the utility rates be adjusted for the operational and capital needs associated with the utility.

A public hearing notice was advertised in the local newspaper as well as the city website notifying the public of the increase in the non-ad valorem assessment. Also, notice of the new rates for each property has been noticed on the Truth in Millage Notice (TRIM) sent to the property owners by Orange County.

FUNDING SOURCE:
Non-Ad Valorem Assessment

RECOMMENDED MOTION:
Establish the non-ad valorem special assessment rates based on the study and hold over for a second reading and adoption on September 20, 2023.

RESOLUTION NO. 2023-28

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA APPROVING AND ADOPTING A STORMWATER RATE STUDY; ENUMERATING SPECIFIC FINDINGS BY THE CITY COUNCIL BASED ON THE RATE STUDY; ESTABLISHING THE DEFINITION OF AN "EDU;" ESTABLISHING A SCHEDULE OF FEES TO PROVIDE FUNDING FOR A STORMWATER UTILITY PROGRAM; ADOPTING THE NON-AD VALOREM ASSESSMENT ROLL; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Apopka, Florida (the "City") adopted Ordinance No. 722 to create a Stormwater Utility for the purpose of establishing a Stormwater Management Program; and

WHEREAS, the City is authorized pursuant to Section 197.3632, F.S., and 403.0893(3), Florida Statutes, to utilize a uniform method to assess fees to fund the operational and capital requirements of the City's Stormwater Management Program; and

WHEREAS, the City has, in conjunction with a consulting firm, reviewed the City's Stormwater Management Program activities and determined the amount of funds necessary to support the program; and

WHEREAS, Ordinance 722 authorizes the City to establish a schedule of fees to be charged by the Stormwater Utility by resolution; and

WHEREAS, notice of the proposed rate schedule and assessment has been published and noticed on the property owners Truth in Millage (TRIM) Notice, pursuant to Section 197.3632(4), Florida Statutes.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNIL OF THE CITY OF APOPKA, FLORIDA, THAT:

SECTION 1. Approval and Adoption of the Stormwater Rate Study.

The "Stormwater Utility Rate Study" dated May 30, 2022, and attached as Exhibit "A" incorporated fully herein by reference, setting forth the rate methodology and the assessment rate schedule is hereby approved and adopted.

SECTION 2. Finding by the City Council.

Pursuant to the Rate Study referenced in Section 1, above, the City Council of the City of Apopka finds the following:

a. Certain generalized Stormwater Management Program services are provided by the City and available to all parcels within the City. Each parcel receives a similar benefit from the City's expenditures related to those services.

b. Use of a Base Fee (per parcel) plus EDU Rate (impervious area) is an equitable apportionment of the costs of these generalized services among the benefitted parcels.
c. The costs related to these generalized services should be apportioned to all parcels within the City, except for ineligible parcels as defined by Ordinance No. 722 and Ordinance No. 1438.
d. The City maintains a specific stormwater drainage system that transports stormwater away from properties to receiving water bodies.
e. There are certain properties within the City that discharge stormwater to drainage systems maintained by others, rather than the specific stormwater drainage system maintained by the City.
f. Parcels that have a building and/or other improvements (impervious area) greatly increase the amount of stormwater runoff.
g. Those parcels within the City that have buildings or other impervious areas and discharge to the City's specific stormwater drainage system should be assessed an additional stormwater runoff fee based on an equivalent drainage unit (EDU).
h. Parcels within the City that do not have buildings and/or other improvements (impervious area) are considered "vacant' and should only be charged a base fee.

SECTION 3. Definition of an "EDU".

Pursuant to the data collected by the City and its consulting firm in preparation of the Rate Study referenced in Section 1 of this resolution, an EDU as defined by Ordinance No. 722 is hereby established as 3600 square feet.

SECTION 4. Establishment of a Stormwater Rate Schedule.

Based on the Findings enumerated in Section 2 of this Resolution and the information and recommendations included in the Rate Study referenced in Section 1 of this Resolution, Parcels within the City of Apopka shall be assessed a base fee and an EDU fee depending on the drainage characteristics shown in the following table:

Class of Service	Building Footprint (Square Feet)	FY 2023/24 Stormwater Assessment
Base Rate		
Single Family Residential		$36.00
Non-Residential/Commercial		$108.00
Vacant		$36.00
Agriculture (W/Building)		$108.00
EDU Rate		
Residential Tier 1	< 2,800 sq. ft.	$16.80
Residential Tier 2	2,800 to 4,700 sq. ft.	$24.00
Residential Tier 3	> 4,700 sq. ft.	$36.00
Nonresidential Classes		$24.00

SECTION 5. The non-ad valorem stormwater assessment roll as set forth in Exhibit "B" is hereby adopted.

SECTION 6. Effective Date.

This Resolution shall take effect immediately upon adoption.

ADOPTED by the City Council of Apopka, Florida, at a regular meeting on this 20th day of September, 2023 A.D..

Subject: **Stormwater Utility Rate Study**

Dear Mr. Earp:

Raftelis Financial Consultants, Inc. ('Raftelis") has prepared a Stormwater Utility Rate Study (the "Rate Study") for the City of Apopka, Florida (the "City"). The Rate Study includes a review of the City's current Stormwater System (the "System") costs of service and rate structure, as well as a recommended rate administrative strategy and stormwater fees to address the City's stormwater management funding requirements. The Rate Study has been developed in conjunction with City staff and this report summarizes the results of our analyses considerations, assumptions, and recommendations, which is submitted for your consideration.

To prepare the proposed Stormwater Utility Rate Study, we have relied upon certain information and data provided by the City including Annual Budgetary Reports; information gathered through meetings with City staff, stormwater billing statistics developed from Orange County property tax records and the City's GIS System, stormwater asset records, and the current capital improvements expenditure plan. To the extent our analyses use certain data and information obtained from the City in the preparation of this report, we have relied upon such information to be accurate and, consequently, we make no representations regarding its accuracy.

The proposed Stormwater Utility Rate Study presented herein is intended to meet certain goals and objectives. The two key objectives of the Rate Study were to: 1) develop a financial forecast to identify future funding requirements associated with sustainable stormwater operations and capital expenditure requirements; and 2) develop a proposed rate method to collect revenues to fund such requirements that is fair and equitable based on industry standards and ratemaking methods that best meet the needs of the City. Underlying these objectives, the primary goals of the City in conducting the Rate Study are to maintain and improve stormwater management services provided by the City and comply with Federal and State regulatory requirements.

This report summarizes the results of our investigations and analyses and outlines the Rate Study's recommendations and conclusions for the County's consideration.

SECTION 1 REVIEW OF THE STORMWATER MANAGEMENT PROGRAM

1.1 Background

The City of Apopka is a central Florida community located in northwest Orange County. The City's boundaries currently embrace 33.6 square miles of land area. According to the latest population estimate from the University of Florida's Bureau of Economic and Business Research, the City's estimated 2022 total population was 55,496 making it the second most populous City in Orange County.

Pursuant to Federal and State regulatory requirements, the City's stormwater management program (the "Program") is responsible to regulate, maintain, and manage stormwater run-off within the City. As such, the Program was established to: 1) reduce undesirable stormwater impacts through stormwater runoff reduction and pollution prevention strategies; 2) maintain the integrity of the City's stormwater infrastructure; 3) minimize flooding; 4) plan for and implement future Stormwater System improvements; and 5) ensure compliance with Federal, State and Local stormwater management rules and regulations. These regulatory requirements include federally mandated National Pollution Discharge Elimination System ("NPDES") permit requirements. The City's NPDES permit regulates what can be discharged into freshwater areas and delegates compliance enforcement to the City and requires that the City control and reduce pollutants entering the Stormwater System (the "System") from residential and commercial properties. The permit also includes requirements associated with the ongoing inspection of System facilities and related maintenance requirements.

The Program performs the maintenance, rehabilitation, and construction of the local stormwater conveyance and storage systems to provide public safety, asset preservation, and regulatory compliance. The City is responsible for achieving a sustainable level of service regarding stormwater quantity, stormwater quality, and System maintenance throughout the City. The work performed by the City directly benefits residents through flood mitigation and contributes to improved water quality in freshwater wetlands. The City is committed to achieving the mandated level of service criteria on an aging and increasingly stressed System. Maintenance activities and ongoing improvements to the System provide a direct benefit to existing residents as well as meeting the needs of a growing population.

According to the most recent population estimates, the City is growing approximately 2.3% annually. As a result of this population growth trend, the amount of stormwater assets and associated maintenance needs across the entire City are increasing as the associated development directly impacts the City stormwater infrastructure investment as well as the necessary level of ongoing inspection and maintenance activities.

The rates charged for stormwater services ("Stormwater Fees") were established to provide a dedicated revenue source to fund the costs of stormwater management. While the City's current Stormwater Fees, which were adopted in July 2007, are not sufficient to provide revenues to fully fund current and projected System costs, and the existing fee application method that was also adopted along with the current fee levels does not reflect the stormwater service area's current

property characteristics and emerging industry practices used in Florida to establish the basis for Stormwater Fees.

To fund the City's stormwater system needs, Resolution 2007-17 (the "Resolution") was adopted, including implementation of a Stormwater Fee. Pursuant to the Resolution, the Stormwater Fees are billed as a Non-Ad Valorem Special Assessment levied on the annual property tax bill and are used to fund the City's stormwater program operations and capital investment requirements. The capital investments funded by the Stormwater Fee are primarily focused on renewal, replacement, and rehabilitation ("R&R") of existing System assets located throughout the City's service area. The current fee level is not adequate to fund the projected System requirements, specifically the R&R projects identified in the adopted Capital Improvement Program (CIP) as well as operating and maintenance activities, such as inspection, maintenance, project management, administration, and planning activities. As a result of these funding challenges, the City's stormwater funding requirements are outpacing the available revenue and, without an increase in Stormwater Fee levels, the backlog of stormwater maintenance needs and unfunded capital requirements will continue to grow.

1.2 Stormwater Management Program Utility Goals and Objectives

The City has requested that a Rate Study be developed that identifies the cost of stormwater-related activities. Furthermore, the City has requested that the Rate Study include estimates of Stormwater Fee levels that would result in a Stormwater Management Program that is self-sufficient, meaning it has a dedicated funding source with a revenue stream adequate to meet the program needs related to facility inspections, operations and maintenance, capital facility renewals and replacements, regulatory compliance, and planning activities, including recognition of the estimated cost of satisfying regulatory requirements and enhancing the level of stormwater maintenance activities and capital reinvestment to achieve a sustainable Program.

In addition to evaluating the revenue requirements to fully fund the Program, and potential enhancements to maintenance activities and capital reinvestment related to asset preservation and regulatory compliance, another significant objective of this study involves analyzing and recommending updates to the existing rate method used to apply the Stormwater Fee. This includes developing a fair and equitable rate method based upon current property characteristics and emerging industry standards. In addition, a sample of certain residential properties was analyzed to evaluate the City's currently adopted definitions for an equivalent drainage unit and all existing non-residential properties were analyzed to ensure that the billing data relied upon in applying the Annual Non-Valorem Assessment is up-to-date and accurate.

The City's current rate structure for stormwater service is generally based on the impervious area concept using an equivalent drainage unit ("EDU") approach. An EDU, which was established by Resolution 2007-17 is defined as the average impervious area of a residential home or 2,634 square feet. Typically, the EDU is based on the average impervious area of a single-family home. Impervious area includes items such as buildings, driveways, parking lots, swimming pools, and other hard surfaces that prevent stormwater runoff from being absorbed into the ground. Under the City's Stormwater Resolution, all residential properties are currently assessed a base fee of $15.00 per parcel plus $10 for one EDU. Non-residential and Agricultural properties are currently assessed a base fee of $45, and each property's impervious area is measured and then divided by

2,634 square feet to determine the number of equivalent drainage units to be billed for that property at the rate of $10.00 per EDU, not to exceed $150.00 or ten EDU's. Properties that are not tied into the City's drainage system are charged $15 per parcel for Residential and Agricultural properties and $45.00 for commercial properties. All vacant properties are charged $15.00 per parcel. A major task conducted as part of the Rate Study was to evaluate the current basis for establishing an EDU based on updated and current property characteristics.

1.3 Scope of Services

The Scope of Services for the Rate Study include the following tasks:

1. Estimate the current and future revenue requirements for the System.

2. Develop a statistically valid sample of residential properties and measure the impervious area of the sampled properties to evaluate the City's current definition of one EDU equal to 2,634 square feet of impervious area and measure the impervious area for all existing commercial properties to ensure that the City's non-residential billing data is up-to-date and accurate.

3. Develop a fair and equitable rate method to collect revenues based on industry standards and practices to best meet the City's objectives while considering data maintenance efforts and administrative burdens.

To deliver the Scope of Services and achieve the project goals and objectives, Raftelis performed the following activities, which are discussed further in this report:

- Reviewed City reports and documents that summarize the County Stormwater Management Program. These include, but are not limited to:
    - Stormwater Capital Improvement Program.
    - Fiscal Year 2022 Stormwater Utility Operating Budget.
    - Non-Ad Valorem Assessment Billing Files as submitted to the Orange County Tax Collector
- Review of the current Stormwater Utility Rate Resolution adopted in July 2007.
- Meeting with the City's administrative officials, City Engineer, Stormwater System staff members, and GIS analyst to understand stormwater goals and objectives and current practices, and the information available to conduct the study.
- Review of the overall property classes and characteristics within the stormwater service area
- Conduct impervious area sampling for the single-family residential customer classifications to evaluate criteria for Stormwater Fee application.
- Measure impervious area for all existing non-residential developed properties.

- Prepare a five-year financial forecast to identify stormwater funding requirements.
- Prepare a capital funding analysis of the Stormwater Capital Improvement Program.
- Development of rate method recommendations and proposed rates.
- Prepare a proposed tax roll for submission to Orange County Tax Collectors office.

1.4 Capital Improvement Program

As part of the Stormwater Utility Rate Study, Raftelis reviewed the Fiscal Year 2022 through 2027 Capital Improvement Program (CIP) as well as the Fiscal Year 2022 Operating Budget. The City's CIP prioritizes planning activities and the design, and construction of System projects that provide both flood mitigation and water quality benefits to the community and environment.

The City is currently compiling an inventory and assessment of System assets and has prioritized conducting a Stormwater Master Plan update that will be used to review existing level of service criteria, as well as water quality projects related to regulatory compliance and to meet environmental goals. The master plan will look at water quantity, water quality and the City's natural watershed system and its functions. The Master Plan will identify areas with inadequate conveyance systems or poor water quality with the objective of developing cost effective and technically feasible solutions to prioritize future stormwater expenditures.

Flood control project evaluations take into consideration the following factors: frequency of flooding, the category of the road subject to flooding (local/arterial/collector road), the number of structures flooded, stormwater asset conditions.

Water quality or natural system projects are evaluated based on parameters identified by the Florida Department of Environmental Protection, and the City related to criteria associated with water quality.

As shown on Table 1 below, the CIP for Fiscal Year 2022 through Fiscal Year 2027 totals $10,848,870. The annual expenditures associated with the CIP are shown in Table 2.

1.5 National Pollutant Discharge Elimination System Permit Summary and Existing Maintenance Level of Service

The City is required to maintain and comply with a National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) permit. The permit authorizes the discharge of stormwater, in accordance with the approved Stormwater Management Program's (SWMP), effluent limitations, monitoring, maintenance and testing requirements, and other provisions as set forth in said permit.

In summary, the permit document establishes and defines what discharges are authorized under the permit, the requirements for the Stormwater Pollution Prevention and Management Program implementation controls and activities, the schedules for implementation and compliance, system monitoring and annual reporting requirements, and other specific conditions of the permit.

The NPDES Permit establishes a standardized inspection and maintenance activities schedule based on stormwater asset types. It should be noted that System maintenance is generally listed to be scheduled as needed based on periodic inspection intervals to ensure proper operation of stormwater facilities. The required inspection and maintenance frequencies shown in Table 3 below are the City's required Inspection and Maintenance Level of Service.

1.6 Stormwater Management Program Funding Sources

The City's Stormwater Management Program relies on one primary source of revenue

- Stormwater Utility Non-Ad Valorem Special Assessment (Stormwater Fees), used to fund capital projects and operational requirements.

Historically, the Stormwater Non-Ad Valorem Special Assessments have been leveraged with non-recurring supplemental grant funding when such funding is available.

Of the revenue sources that have been utilized historically, the Stormwater Fee is the only recurring, specifically dedicated funding source. To meet the Program's goals and objectives, the City should consider increasing the Stormwater Fee levels in an effort to create a viable and sustainable revenue source able to fund the expenditure requirements of all essential Stormwater functions as previously discussed.

Current Utility Rate Method

The City's existing the Stormwater Utility Assessment Rate Method has five customer classifications:

- Single-Family Residential: Includes all single family residential defined parcels with structures
- Non Residential: Any non-residential developed parcel such as commercial businesses and institutionally-owned properties and multi-family residential
- Agricultural: Includes all properties zoned as Agricultural
- Vacant: Includes undeveloped properties

The current rate structure is assessed to these categories based on the currently adopted annual Stormwater Fees as shown in Table 5 below.

Table 5 Existing Annual Assessment Rates*	
Class of Service	**2022**
Base Fee	
Single Family Residential	$15.00
Non-Residential/Commercial/Multi-Family	$45.00
Vacant	$15.00
Agriculture (W/Building)	$45.00
EDU Fee	
All Customer Classes (Except Vacant and Agriculture w/o Building)	$10.00
*Charges including Base Fee and EDU Fee not to exceed $150.00	

1.7 Alternative Billing Methods

Stormwater utilities in Florida typically bill for services through the application of either a stormwater user fee as part of the utility bill or through a Non Ad Valorem Special Assessment, which is the method used by the City. Generally, based on Florida Statutes, in order to stay within the legal requirements of a special assessment billing approach, the amount of the assessment must be commensurate with a special benefit which in practice is generally based on the stormwater run-off burden attributed to the property.

Based on the most recent survey of stormwater utilities prepared by the Florida Stormwater Association, sixty-six percent (66%) of the stormwater utilities generate revenues from monthly user fees and twenty nine percent (29%) utilize Non Ad Valorem Special Assessments.

The "run-off burden" caused by the property is typically based on methods that estimate the amount of stormwater run-off generated by a property. The majority of Florida's stormwater utilities charge a fee using impervious area as the basis for estimating a specific property's stormwater "run-off burden.

Table 6, below, provides a comparison of the advantages and disadvantages of the non-ad valorem special assessment bill collection method versus the utility bill collection method.

(Remainder of page intentionally left blank)

Table 6 Billing Methodology Pros and Cons		
	Non-Ad Valorem Assessment Method	**Utility Bill Method**
Pros	• Highest collection rate (95 – 98%) • One bill with all charges • Use tax roll data • Revenue received within 6 months of start of fiscal year	• Deadlines set by local government • Timeframe set by local government • Easier to charge tax exempt property • May be able to use for government property
Cons	• Strict statutory requirements regarding public notice • Strict statutory timeframes • Cannot use as a billing method for tax exempt government property	• May be difficult to correlate individual utility accounts to property uses (methodology issues) • Collection issues regarding non-payment • Utility bill gets crowded • May miss property without utility account • Revenue received on monthly basis

It is recommended that the City maintain the current Non-Ad Valorem Assessment Method for billing Stormwater Fees.

SECTION 2 PROJECTED STORMWATER REVENUE REQUIREMENTS

A major component of the Stormwater Utility Rate Study utility is the development of a financial forecast to identify the Stormwater Management Program's funding requirements. The financial forecast task includes development of a five-year financial forecast based on the projected operations and maintenance costs and the capital improvements plan as provided by City staff. The funding needs associated with operations and maintenance and capital costs stormwater represent the rate revenue requirements recovered from the annual non-ad valorem assessments.

2.1 Five-Year Financial Forecast

The City's Stormwater Management Program is currently funded from Stormwater Fees billed as a non-ad valorem special assessment and other non-recurring minor sources such as grants, when available, that have been used to fund certain stormwater projects. In preparing the five-year financial forecast, a major objective is to identify the total System revenue requirements and estimate the Stormwater Fee levels that would be required to fund stormwater costs including the operation, maintenance, repair, facilities construction, renewal and replacement of assets, facilities planning, and program administration.

The various expenditures associated with operating and maintaining a stormwater utility system, as well as the cost of financing capital improvements, are generally referred to as utility revenue requirements. The sum of these cost components represents the rate revenue requirements to be collected from Stormwater Fees. The revenue requirements for this financial forecast are predicated on an analysis of stormwater costs for the five fiscal year period ending September 30, 2027. The projected revenue requirements included the various general cost components described below:

- Operating Expenses: These expenses include the cost of labor, materials, supplies, utilities, contract services and other items necessary for the operation and maintenance and administration of the stormwater system. The basis for these expenses is the City's FY2022 Stormwater Operating Budget that are projected for the FY2023 through FY2027 study period are based on various cost escalation assumptions. These projected expenses also include four additional staff members including a Stormwater MS4 Permit Coordinator, Stormwater System Inspector/GIS Analyst, Maintenance Worker I and Maintenance Worker II with Total costs including benefits of $367,900 annually in FY2023 dollars.

- Debt Service: Debt service includes the principal and interest on current and future obligations payable from the net operating revenues of the stormwater system. The City does not have any currently outstanding stormwater-related debt; however, the capital funding plan identified in this rate study includes two future loans from the State of Florida Revolving Loan Fund ('SRF") to help mitigate rate increases required to fund the CIP. The two loans represent total borrowing of approximately $7.5 million with total debt service payments of $500,000 annually by Fiscal Year 2028.

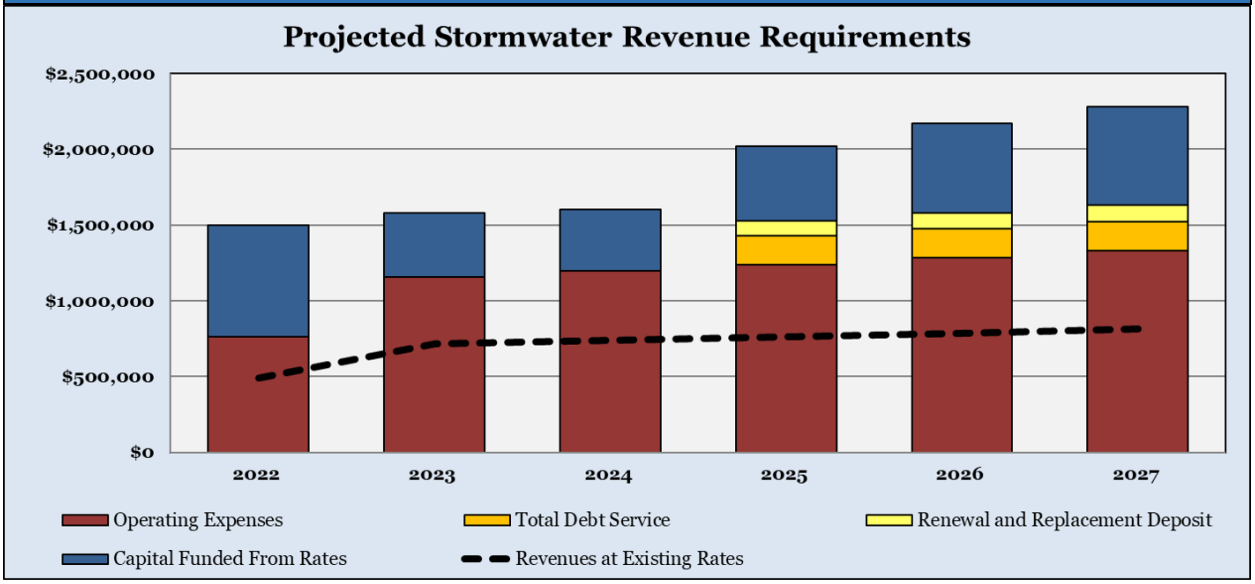

- Other Revenue Requirements: This component of cost includes, in general, any ongoing capital improvements such as renewals and replacements, planning studies, and capital equipment and vehicles to be funded directly from revenues. These expenditures total approximately $3.3 million over the study period.

2.2 Assumptions and Considerations

The projected revenue requirements and revenues anticipated at existing Stormwater Fee levels are shown below on Table 7 for the Stormwater System. The projected revenue requirements are based on estimated stormwater operating costs and the CIP funding plan.

(Remainder of page intentionally left blank)

Table 7
Sufficiency of Stormwater Revenues

The projected revenue requirements and revenues anticipated from existing rates reflect certain assumptions, considerations and analyses as follows:

1. The proposed Fiscal Year 2022 operating budget associated with Stormwater System activities serves as the basis for the operating expenditure projections for the forecast period shown on Table A at the end of this report. Unless otherwise noted, the underlying assumptions and expenditure amounts included in the budget are assumed to be reasonable.

2. The operations and maintenance expenses associated with operations of the Stormwater System for Fiscal Year 2022 are projected for the remaining five (5) years of the forecast period (i.e., Fiscal Year 2023 through Fiscal Year 2027) as illustrated in Table B. The following summarizes the general cost escalation factors used to project future expenses:

    a. Salary and Wage Related Increases = 3.0% Annually

    b. Employee Benefit Increase = 5% Annually

    b. Health Insurance = 10.0% Annually

    d. Fuel Costs = 5.0% Annually

    e. Utilities Costs = 5.0% Annually

    f. General Inflation = 2.4% Annually

    g. Customer Growth = 2.0% Annually

3. The capital expenditures for Stormwater System are based on estimated project costs included in the Stormwater Capital Improvement Program ("CIP"). Table C at the end of this report provides a summary of the planned stormwater capital projects and funding plan for the five-year forecast period that total $10,840,870. In general, the major expenditures in the CIP include the following type of projects:

   a. Drainage Rehabilitation/Pipe Lining

   b. Master Plan Update

   c. Construction of Baffle Boxes for Nutrient Removal

   d. Stormwater Pumping Station Renewals and Replacements

   e. Pond Rehabilitation, Swale and Ditch Renewal

   f. Underdrain and French Drain Replacements

   g. Flood Mitigation Projects

   h. Stormwater Design and Permitting Services

   i. Capital Equipment and Vehicles

The revenue and expenditures projections are subject to assumptions regarding system growth and operating cost inflation. These projections are shown for the six- (6) year period from FY2022 through FY2027 on Table D at the end of this report and summarized on Table 8 below:

Table 8
Projected Stormwater Rate Sufficiency

2023	$711,688	$1,579,713	<$868,025>
2024	735,679	1,602,935	<867,256>
2025	760,389	2,017,276	<1,256,887>
2026	785,840	2,172,292	<1,386,452>
2027	812,055	2,283,079	<1,471,024>

SECTION 3 STORMWATER RATE METHOD

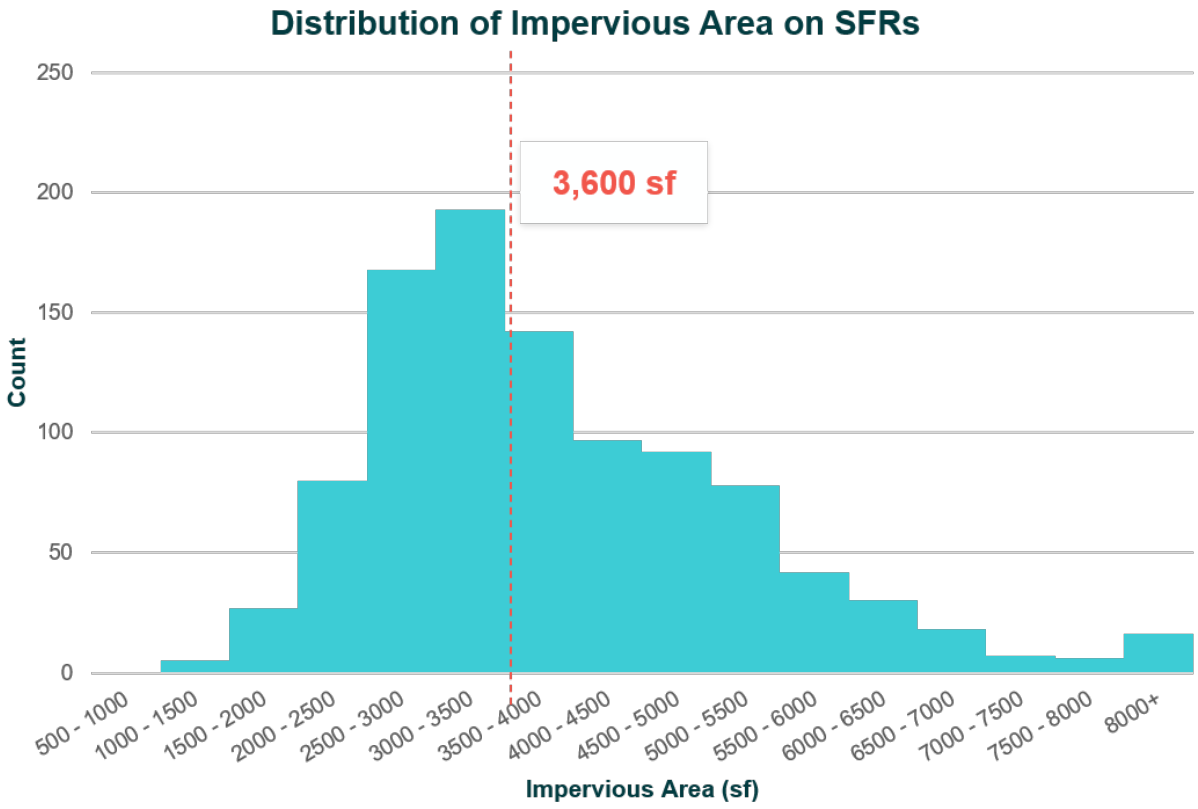

Based on the Scope of Services, a review of stormwater rate methods was conducted to identify an appropriate updated rate methodology for the City. Through meetings and discussions with the City, it was determined that impervious area rate method remains the most reasonable basis for the City's stormwater fees. Also, a tiered single-family residential rate, rather than a single EDU rate

for all single-family homes is considered a more fair and equitable approach and is recommended. Under the tiered rate approach to billing residential properties, these properties are categorized by the size of the residence with larger properties billed a higher rate than smaller properties. Given the range of household sizes within the City's stormwater service area, the tiered approach matches the estimated stormwater cost /benefit relationship better than the current one-size-fits-all approach. Since non-residential billing characteristics are already based on impervious area measurement for individual properties and thus no change in the rate method for non-residential properties is recommended; however, the amount of impervious areas associated with an EDU is proposed to be updated to reflect current property characteristics. Also, we recommend eliminating the annual maximum billing amount of $150.00 as set forth in the Resolution.

3.1 Single-Family Residential Rate Structure Evaluation

Through statistical analysis of one thousand (1,000) of the City's single-family residential properties, it is recommended that the EDU value be increased from 2,634 square feet to 3,600 square feet based on the median impervious area for the sampled properties as shown below.

Table 9
Single-Family Residential Tier Distribution Curve

3.2 Single-Family Residential TIERs

As a result of the impervious area measurement taken for a sample of 1,000 single-family properties, an average impervious area of 3,600 square feet was estimated for the residential single-family class of service as a whole. Applying this value to the results of the tier analysis of impervious area resulted in the EDU values included below in Table 10. The small residential tier has an assigned EDU of 0.70, the medium tier equals 1.00 EDUs, and the large tier category is assigned an EDU of 1.50.

Table 10
Single-Family Residential Tiered Equivalent Residential Unit Values

Impervious Area Range (sq. ft.)	Tier	Percent of Properties	Assigned EDU
0-2,800	Small	24%	0.70
2,801-4,700	Medium	53%	1.00
>4,700	Large	23%	1.50

The average single-family residential value of 3,600 square feet is the proposed basis for the EDU measurement used for the conversion factor of all measured non-residential categories.

Based on the implementation of the City's Stormwater Program Revenue Requirements, the recommended fee per EDU for FY2023 through FY2027 is proposed as shown on Table 11:

SECTION 4 FINDINGS AND CONCLUSIONS

Based on our investigations and analyses in developing the Stormwater System Utility Rate Study, we offer the following findings and conclusions:

1. The City should consider updating its Stormwater Fee rate structure to incorporate the revised Equivalent Drainage Unit value and Residential TIERed rates.

2. The City should consider establishing a Stormwater Fee phase-in based on full cost recovery of the City's projected revenue requirements including enhanced levels of maintenance activities and capital reinvestment in aging infrastructure.

3. The City should maintain its current Non-Ad Valorem Special Assessment billing method.

4. If the proposed Stormwater Fees are adopted, the following Tables 13 and 14, respectively, show the projected sufficiency of rates and cash balances.

CITY OF APOPKA
NOTICE OF PUBLIC HEARING

The City of Apopka currently assesses property owners an annual stormwater assessment to pay for various flood control and water quality improvement projects within the incorporated limits of the City of Apopka. The stormwater management assessment appears on your Truth in Millage (TRIM) Notice so that you can conveniently pay the assessment at the same time you pay your property tax.

The average single-family residence in the City includes 3,600 square feet of impervious surface (roofed, paved, or similar surface), which equals an "Equivalent Residential Unit" or EDU. The proposed assessment for one EDU is $60.00 (Base Rate + EDU Rate) for FY 2023/2024. Assessments for specific parcels are based on either an assigned EDU or the actual impervious square footage, as set forth in the chart below.

Class of Service	Building Footprint (Square Feet)	FY 2023/24 Stormwater Assessment
Base Rate		
Single Family Residential		$36.00
Non-Residential/Commercial		$108.00
Vacant		$36.00
Agriculture (W/Building)		$108.00
EDU Rate		
Residential Tier 1	< 2,800 sq. ft.	$15.80
Residential Tier 2	2,800 to 4,700 sq. ft.	$24.00
Residential Tier 3	> 4,700 sq. ft.	$36.00
Nonresidential Classes		$24.00

How are the rates calculated?

Base Rate + EDU Rate = TOTAL

Average Home Assessment is (Base Rate of) $36.00 plus (EDU Rate of) $24.00 = TOTAL of $60.00

The assessment is projected to generate 1.77 million in total revenue to be used for stormwater management projects.

State law requires us to inform you that failure to pay any part of your property tax bill including the stormwater management assessment will cause a tax certificate to be issued against the property which may result in loss of title.

When Can I Talk About This?

A public hearing to consider adoption of the annual rate resolution for the stormwater management assessment for Fiscal Year 2023/2024 will take place on September 6th, 2023, at 5:15 PM and September20th, 2023 at 6:00 PM. The collection of the assessment will be on the ad valorem tax bill. All affected real property owners have a right to appear at the hearing and to file written comments with the City Clerk any time prior to the public hearing. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing such person will need a record of the proceedings and may need to ensure that a verbatim record is made including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk at 407-703-1704 at least seven days prior to the date of the hearing.

Dated this 28th day of August, 2023
Susan M. Bone, City Clerk
City of Apopka, Florida 32703
