CALL TO ORDER

INVOCATION & PLEDGE OF ALLEGIANCE: Commissioner Smith provided the Invocation, led in the Pledge of Allegiance, and gave the Fact of the Day: On August 22, 1776, the British arrive at Long Island. General William Howe's large army came to Long Island hoping to capture New York City and gain control of the Hudson River, a victory that would divide the rebellious colonies in half. Five days later, on August 27, the Redcoats marched against the Patriot position at Brooklyn Heights, overcoming the Americans at Gowanus Pass and then outflanking the entire Continental Army. The British captured New York City on September 15 and it would remain in British hands until the end of the war.

Mayor Nelson read the decorum statement: Welcome to the public meeting of the City Council of the City of Apopka. Please silence all cell phones. The City Council permits and encourages input and comments by members of the public on all matters which may come before the Council for action. If you wish to address the Council this evening please make sure you have filled out a card with your contact information and have presented it to the Clerk. When called upon please proceed to the podium and speak clearly into the microphone stating your name, address for record, organization if any, and direct your comments to the City Council and not to individual Commissioners, staff or members of the public. The Council and the City staff encourages constructive criticism, however personal attacks are prohibited. Please observe general rules of decorum and civility. Speakers and members of the audience shall refrain from rude, derogatory remarks, shouting, disruptions, reflections, as to integrity, slander, abusive comments, profanity, vulgarities, and statements as to personalities. Any violation of these provisions may result in the issuance of verbal warnings including warning for trespass. If violations persist after such warnings, violators may be removed from the Council Chambers.

AGENDA REVIEW

Mayor Nelson asked if any changes to the agenda. Heard no changes.

PRESENTATION

1. The Emerson Park Development Presentation
Presented by: Cliff Shepard, City Attorney / Misty Taylor with BMO

Attorney Cliff Shepard said he was asked to present to Council a proposal to consider and let us know if you wish to proceed forward. This is the first step. Emerson Park is a large subdivision within the City has had private roads since its creation and those roads are no in good shape. Due to them being private roads issues with assessments and collection of assessments and getting them in the shape that they should be has been problematic. In addition, these roads are now being used to access other areas within the City, not just Emerson Park. For that reason, they have asked the City to consider taking over these roads, ownership and maintenance going into the future. In order to do this, we were asked to determine what mechanism could be used in order to get the roads up City standards so that if we were to take them over, how we could do that and get them in good shape in advance without costing the City money. The way to do that after consulting with Ms. Taylor and others, is to go through a special assessment. A memorandum outlining the steps for a special assessment was presented. Basically, you'll identify the benefit in this case, the roads. Most of which will be the public roads which we will be responsible for but also within this subdivision there are some alleyways. The special assessment that we are talking about will include both things but we will only be responsible for the public roads, not the alleyways but they will all have to be fixed at the same time as a part of the construction contract. The procedure would be to first identify the benefit in terms of how it should be allocated amongst the Homeowners. In the benefit situation you have to determine this specific benefit is going to this specific area, how much accrues to an individual homeowner? Do you charge more if a home is bigger? Do you charge more if a home has more road in front of them than other homes? That is all part of the calculus to come up with a method for figuring out what the assessment would be per home. Could it be the same assessment for each lot? It could be but we don't determine that meaning the lawyers don't. That is done by experts that come up with an analysis that they can defend in court. The City may get a temporary construction easement which would automatically with no further action once the work is completed and accepted by the City be turned into a deed of right of way for the roads so that we would then own them and take them forward. That's an important part of the transaction which Ms. Taylor can explain. If we don't own it we can't assess on it and we can't fix it. In terms of the method of financing, whether it will be a bank loan or something else, I will let Ms. Taylor address that. For anyone here from the subdivision that is concerned, there are hearings, notices, opportunities to be heard on this issue whether you're for or against it. Later the Council will decide yes or no

whether to move forward. That will include everything I've mentioned and all the details. The cost is roughly \$3 Million dollars to do all of the work that is required. Once that is done there will be a bill and it will be just another line item for those particular homeowners of the special assessment. Not yet known but will be known if we go further down this process. I spoke today to the HOA's attorney and she seems to think that there's good support from the community. Ms. Taylor from BMO was present to answer any questions regarding the bank loan or other finance possibilities.

Misty Taylor with BMO said basically the special assessment would become a special revenue stream for the City that you can monetize or use as a credit stream for a loan to finance these roadway improvements. In order for us to do all of that on a tax-exempt basis which means a lower interest rate versus a taxable basis the City needs to own or have some type of ownership interest in the roads. The assessment would be just for these initial improvements and these roads would then become part of the City's portfolio of roadways and you would maintain then going forward. It's a one-time assessment to the homeowners to get them from where they are to where they need to be and then going forward they would contribute like any other City resident for City roads. I'm happy to answer any questions.

Mayor Nelson said more for the homeowner's than for us is let's say if they put 25 % percent down and finance 75 % percent of that and it's on a tax-free basis, what kind of rate would you think it would be on 20 years? **Ms. Taylor said** I cannot say. You all have a financial advisor, Joel Tindal with Hilltop Securities, that works with you all on your debt and he would have a better understanding. It probably depends on the term of the loan. With a project of this size it's more right for a bank loan.

Joel Tindal with Hilltop Securities said like Misty mentioned it depends on the term of the loan. Generally, the bank financing you're looking at maybe a 15-year term or a little bit longer at the most. If you're trying to finance over a longer period it would probably lends itself more towards a bond issue. It could be plus or minus 5 percent but we haven't gotten to the credit specifically here so that means it could be higher or lower depending on the specifics of the subdivision.

Mayor Nelson said one of the things that we discussed was that were the City is backing the loan but it doesn't affect our bonding capacity. Can you talk about that? That would be you Misty? **Misty** responded if the City was to issue debt in the form of a note or bond that you have to have a security for the repayment of that. In this instance, for example it would just be the special assessment. You would consider that self sufficient debt. That revenue stream should be matched to the debt service and it should be coming in and going out to pay your lender. What we don't know at this point is, is this a well enough credit to lend itself to a bank loan, sometimes you may have to have a back up from the City, like a covenant to budget and appropriate, it would be a backup. The idea would be to not have to provide that and just have the special assessment be the only thing securing and there would never be an obligation on the City to levy Ad Valorem taxes or anything of that nature and those are all disclaimers that we put in the documents that the holder can't compel you to do that.

Commissioner Velazquez said we are going to be holding the debt for Emerson Park and we are talking about \$3 Million dollars. Is that correct? You had a meeting with the Mayor right after the last Council meeting. I don't know what took place in that discussion and how this is coming to us today as a presentation.

Attorney Shepard said the question was what are the mechanisms by which we the City could help Emerson Park get its roads up to speed so we could take them over? We went through several methodologies and found that special assessment is the best way to do that. What happens then is the lenders that they will seek, I don't know who it will be, will understand, they will look at what we are presenting, this is backed by assessments. Apparently, it's a better rated debt if it's backed by assessments that are collected to the general method of taxes. The alternative for the HOA would be to go out and get their own financing which would almost assuredly be a sufficiently higher interest rate if they could qualify. I understand that this HOA has a decent amount of money put away but that is for reserves for other things for the association but they have committed to put in a half million or \$600,000 dollars towards paying the initial debt down.

Commissioner Velazquez said when I had the agenda review with our finance director, I understand that the HOA has a healthy reserve. Something like \$1.5 Million. **Attorney Shepard** said they do and they are willing to put \$500,000 - \$600,000 dollars toward this project and the remainder is what they use to put towards the other things the association has to do. The more they put into it the lower their assessment will be. **Commissioner Velazquez** asked who is going to manage this assessment? **Attorney Shepard** said once we have it in place a tax role is created and it becomes an automatic part of the bill for the set period of time. We pass the Resolutions that we have to pass, we send a copy to the tax assessor, they then put it on the role based on the amount we say per lot or per home, and basically that's how it goes. If you're asking what happens if a homeowner doesn't pay their portion of taxes? There's a whole process of liens and potentially foreclosure etc. The collection of the debt or whatever is collected is going to go to paying us. We are just telling you how you can do it if you choose to do it. You don't have to.

Blanche said we already have special assessments that we manage. This would be incorporated with the other special assessments. This is something that we have to manage on an annual basis. The debt will become a part of our debt portfolio. We will probably have to do an RFP to solicit banks to get the best rate for this effort. I want to clarify that the \$600,000 thousand dollars included the alleyways correct? **Attorney Shepard** said yes. **Blanche** said so the alleyways based on the last estimate was about \$700,000 thousand dollars. Outside of the alleyways is about \$3 Million dollars.

There was back and forth discussion regarding the numbers that Blanche had that was provided by public services.

Nick Nesta said we have HOA representative in there that may have different numbers or something slightly different because we have been getting different numbers. I want to make sure that we are talking about consistently having the same numbers. I want to make sure.

Jennifer Jordan and David Hazen, HOA of Emerson Park President and Treasurer, said the last total that they were given and this is just an estimate as they still have to get the three bids and find out what the cost would be, but they are estimating in total of \$3 Million dollars inclusive of the alleyways. The alleyways are around \$450,000 dollars and we are going to put up \$600,000 dollars out of our reserves. The remainder of the reserves belong to the townhome owners because it covers their insurance, roof replacements, painting, and other exterior things that we do in addition to the pool, clubhouse, so that's how much we can put up. That is what we can put up and that will cover the alleyways and some towards the rest.

Commissioner Anderson said there is currently a new builder building in there currently now? **HOA President** responded that they are not part of Emerson Park at all. They have taken on the name of residents at Emerson Park but they are a completely separate entity. **Commissioner Anderson** said for the special assessment per home, who's responsible to pay for that special assessment? **Blanche** responded the homeowners. The homeowners will be assessed on their property tax bill.

Commissioner Smith said \$3 Million dollars is inclusive of the alleyways but I thought the City was only going to take over the roads. So, the alleyways will remain property of Emerson Park. Now since the new development is not a part of Emerson Park, but they need to use your roadways in order to get to their development how does that work? **HOA President** responded we have a special road assessment with them which will have to be reevaluated after this and we will bill them for Alston Bay which is the only portion of roadway that they have accessibility to. We will bill them after we find out what the cost of just Alston Bay is to repair and then receive those funds back from them. It will not be the City's responsibility. **Commissioner Smith** said should the City decide not to take ownership of the roads what is your backup plan? **HOA President** said we got an estimate of 2.5 % percent for 10 years and it would bankrupt us. We could not afford to bill all of our homeowners a special assessment which would be on a monthly basis so we would not be able to do that. It would be a monthly payment of \$29,000 dollars. **Commissioner Smith** said you made a statement that hopefully that we wouldn't have to put up anything that this would stand on its own when we know which way it will go. **HOA President Misty** said Joel could speak more to this but what would happen is if you decide to move forward, when we get to the point in time where we need to do so we would put out a request for proposals from banks. We would draft that the way that we want it meaning without any guarantees from the City or backup City credit and if we don't get any bids then we know it's not credit worthy and we will have to go back to the drawing board. Again, the Council would have opportunities along the way to authorize that. The goal would be to go with just the special assessment as the revenue.

Commissioner Nesta said I would imagine any bank or lender would want us as a backstop for a payment. I don't see it happening otherwise. I know you said to your point we don't know that yet but we have to function as worst-case scenario. If we do not get the revenue that we need to make the payment it would still be our name that's paying the bill every month to the bank or lender. It's still on our budget item that I'm going to have to account for every year. **Blanche** said yes it will be our debt. We are going to do the

solicitation. This is going to be City debt, its just being funded by that special assessment and therefore I think this will be our contract, a City contract, not the bids. I think that is where Deo got his numbers from with the \$3.7 Million. Commissioner Nesta said prices are changing daily. If a property had a lien placed against it or foreclosed on that would have to be the City to do that correct? **Misty Taylor** responded the process is that you would collect the assessment pursuant to the uniform method of collection just like Blanche mentioned you currently collect your assessments. When you're on the tax role there are certain laws. You can't partially pay your taxes. You have to pay all or nothing. If you do not pay your taxes there's the tax certificate sale process so that's the back stop when you're on the uniform collection method. Foreclosure wouldn't be the way you go, you would go through the tax certificate sale process. Commissioner Nesta said timeline wise for this, if we were to move forward we'd be pretty far out. This is going to take some time correct? **Blanche** said as stated in our briefings, the next time that we can get on the tax roll is July 2025. We have a gap here that we need to deal with as well.

Mayor Nelson said to Blanche, I don't see the credit risk as a real big hurdle. One of the neighborhoods that we had a wall replaced was on Maine Street and said we have a wall assessment that in their taxes. It's a much lower neighborhood than Emerson Park and we have had that in place for long than I've been Mayor and we've never had a problem there correct? **Blanche** responded not that I am aware of. Mayor Nelson said I think we have to put the risk out there we can't do it in a vacuum. I don't think it's a serious issue. Their house is collateral for that loan, every one of them. If we have houses that are in the \$150 thousand range not having a problem in the last 10 years then I don't see the risk happening in Emerson Park. **Blanche** said in any loan the General Fund will front it and then it pays it back. **Mayor Nelson** said I want to see where we are as a Council and if we want to move forward at looking at making this work I would bring back to you that Maine Street is a perfect example of how this could work and how it has worked.

Commissioner Smith said if we do this and we are talking about a 15 to 20-year loan what is the life of the road? Is it going to need repair again before the loan is paid back and then how is that going to be financed? **Blanche** said it falls in the same category as the other City owned streets. You know the challenges there. We discussed it at the workshop, your proposing an increase in the Millage Rate to support maintaining the City owned streets as they are. We are trying to get another permanent revenue source. Right now, the street fund is suffering.

Commissioner Nesta asked for a walk thru of the process or pros and cons of bank loan versus bonding. **Misty** responded with the explanation of each and Attorney Shepard added additional information too.

Commissioner Velazquez asked what would be the next step moving forward for the HOA. **Blanche** said we would need direction from Council if you want us to pursue this we would need a vote and if you want us to go out and solicit the financing for it as well we have some contracts already in place. **Commissioner Velazquez** asked the HOA if the homeowners were in favor of this assessment being added. **HOA President** responded that over 90 % of the homeowners were in favor out of the 500 homes they had over 400 votes.

Attorney Shepard said you basically have to vote tonight if you are for or against the concept. Then the details can be worked out and we can get an actual assessment of what it will cost and financing details and road improvements.

Mayor Nelson said what we are looking to do we are going to move forward with we need public services to get an updated cost. Then come up with the methodology and look at potential financing and be brought back to Council.

2. Award a contract for RFP 2024-A-78: Forensic Audit to Cherry Bekaert
Presented by: Blanche Sherman, Finance Director

Blanche Sherman spoke about awarding a contract for RFP 2024-A-78: Forensic Audit to Cherry Bekaert and requested approval by the Council. On April 29th, the Finance Department issued an RFP for the forensic audit, it was advertised and solicited. She advised that the evaluation committee consisted of Radley Williams, Parks and Recreation Director, Chief Mike McKinley from Police Department, Commissioner Diane Velazquez and per Florida Statutes as the Finance Director I served as an advisor on the committee and Jacob Smith our City Administrator who's the project manager was also in attendance. She said we requested that the forensic audit firms give us a pricing proposal based on 100 percent of the transactions per direction from Council. The ranges range from \$167,000 dollar to \$1.4 Million dollars. Cherry Bekaert scored a 96.83 therefore the evaluation committee is recommending awarding the contract to Cherry Bekaert in the amount of \$1,360,620 dollars and negating the final proposed hours per the defined rates in Cherry Bekaert's proposal.

Commissioner Anderson said can you please clarify the basis of this forensic audit that is going to cost tax payers possibly \$1.3 Million dollars and climbing? **Blanche** said basically the forensic audit was requested by Council and they requested certain things be reviewed and looked at on a trans actual basis. I think it was initiated by Commissioner Nesta and then the Mayor provided input as well as Commissioner Velazquez. **Commissioner Anderson** asked if there were any type of material findings that would cause us to do a forensic audit that would cost us \$1.3 Million dollars when we already have a deficit in the budget? **Blanche** said our annual audit from last year had no findings. **Commissioner Anderson** said what's the basis for us to have this audit? **Commissioner Nesta** said the Council decided as a whole. **Commissioner Anderson** said I wasn't part of the Council then. If the Council decided, what are some of the findings that would justify spending \$1.3 Million dollars for a forensic audit?

Commissioner Velazquez said she sat on the actual committee and said it was a learning experience for her. Unfortunately, it was a cone of silence so some of the information that I needed or some clarification the only person that I was able to speak to was the purchasing department. During the process of the committee, I learned what the process was because they have done this before. On the committee I voiced why I had a concern and this is my concern. During his Mayor's report, Nelson asked for items to add to the forensic audit. To verify business tax receipts from 2013 to current for Nesta Real Estate Consultants. I had concerns because it was singling out one Commissioner. Then, qualify checks for all candidates for 2022 and 2024 elections. I also expressed why are we adding campaign donations and finance reports to the forensic audit because that is readily available to the public and to each of us. We just request all of that from the Clerk's Office. It doesn't require a forensic audit. It doesn't impact the City revenue or expenditures. The number of late campaign reports for Commissioners Nesta, Smith, and Diane Velazquez and former Commissioner Kyle Becker and Mayor Nelson for all of his elections. In addition, what was added to the audit was very personal and isolating one Commissioner and it involved all expenses dealing with campaigning and promises. I felt like can we eliminate this because I felt like it was personal and it wasn't necessary. Why are we spending any money for a forensic auditor to come in to go through records that have no impact on the City at all. Our auditors are billing on what was added and what I feel is irrelevant. Because of that I do not feel like we should vote on this at all and not even entertain the forensic audit because this is not the scope.

Commissioner Anderson said the question still remains what is the basis for the initial request for the forensic audit? Prior to what the Mayor added, what were the findings prior that would call for this forensic audit.

Commissioner Nesta said as you can see in the summary of the Council staff report it says on April 3, 2024 and April 17 the items for the investigation were identified. You can review those videos at your leisure. It's been voted on and here we are. If you need more context then feel free to go back and review those meetings prior.

Commissioner Anderson said I have reviewed all of those meetings and there's still no basis and still being unable to identify any type of mishandling of any funds.

Attorney Shepard said you're talking about whether to award the bid so that's the issue. If you don't want to award any bid or say no bid that something that you can do. It will take some sort of motion to do that.

Commissioner Smith said I didn't submit anything for the forensic audit because I didn't find anything that would raise red flags.

Commissioner Velazquez asked when we have our annual audits what do they do? Transactions or random sampling? **Blanche** said random sampling.

- a. **Mayor Nelson** asked if anyone had any questions for Blanche or if anyone from the public wanted to speak about this item.

Leroy Bell said my understanding of the forensic audit is if you go all the way back. There's been money missing from the sale of equipment from the Farmworkers. There's money missing from COVID. There's money unaccounted for the homeless shelter. The residents have the right to know where that money is at. The audit is to find the missing money. The tax payers need to know where their money went.

Albert McKimmie said he gave the Commissioners papers to look at. The first one was presented on June 15th and it was a request for \$950,000 dollars for work at Golden Gem Road. None of that work has been done and no money accounted for. He spoke about the report from Dr. Devo and the inaccuracies between documents presented from the City and from the Engineer. He expressed his concerns about monies being wasted and monies unaccounted for. In addition, money being said to be spent on projects that have never happened. He spoke about documents that he has requested cannot be produced to him because they don't exist.

Sylvester Hall said he could see why people get upset at the City Council because of the things they do to the residents and how the residents are treated at the meetings. Spoke about Council not taking accountability or responsibility. He was interjected due to addressing the Council member directly. He recommended the City Council go back and review all the meetings to see why the forensic audit is needed.

Virginia Street said she was there on behalf of the Hope of Apopka to help the homeless. In 41 days, there is going to be a law that the homeless cannot be out there and the consequences that come with it. She spoke on behalf of the homeless and was directed to give her information by the Mayor and she said okay.

Maribel Brinkle said that if a forensic audit is needed then the City needs to stick to important items to research not just keep adding items that are of no value. The forensic audit needs to be covering what was requested initially not what was added additionally by the Mayor. Residents of the City have to the right request the audit so they know where their money is going.

Commissioner Velazquez said the bid went out including these extra requests. Part of the bid these auditors are going to invest hours into this, the list that I read you. I can't award a bid then say don't do this part. That's not the bid. The bid is and includes this entire read to you. **Blanche** said before the solicitation went out we were gathering information for the scope. Commissioner Nesta provided a list of items, Mayor Nelson provided a list of items, Commissioner Velazquez provided a list of items, that's what went into the scope of our RFP. To be clear we can negotiate based on whatever hours we want to spend on our areas that we want to spend. It is up to this Council to change that. This is not budgeted at all yet. **Commissioner Anderson** asked where these funds would be coming from and Blanche responded out of the reserves.

Ace Woodham spoke about HOPE that does a lot for the homeless people. He spoke about the City receiving \$70,000 dollars to help feed the homeless several years ago. He spoke about Mayor Nelson sitting on the board for The Next Foundation and a pastor questioning where the money went that was given to the City for the homeless. He questioned where the money went and maybe the forensic audit will say.

Mayor Nelson said we've talked about this forensic audit and Commissioner Nesta you've been in two audits during your time here. The first one back when we had Daniel Anderson come on July 5, 2023 to do the audit the only thing you asked was where the restatement came from? Daniel Anderson stated that when the finance department were preparing the accounts for the 2022 audit they noted that some items had been accrued for previously that they were seeing in accounts payable that they were capital related expenditures. There were purchase orders that were outstanding were previously they were recorded as actual expenditures instead of just being a purchase order for future expenditures. Commissioner Nesta asked for specific examples and Blanche Sherman stated the amendment that was approved for a budget at the end of 2021 to carry forward PO's and capital projects in 2022 was booked as an actual journal entry instead of a budget amendment therefore it resulted in overstatements. It was any of the major projects and PO's that were going on at that particular time. That's it. Then we go forward to the next one. On April 17, 2024 Daniel Anderson gives his report. Mayor Nelson asked any questions and no questions from Commissioner Nesta. Let's go back when I came into office in April of 2018. I instituted in starting the January reports in 2019 that City Council approved all disbursements. Blanche do you know of anybody else that does that? **Blanche** responded No I'm not aware of anyone else. Mayor Nelson continued Commissioner Nesta brings forward all these accusations, allegations, about money missing, I went to Rob Hippler our IT Director and Blanche Sherman and I said can you do me a favor? Can you give all the Commissioners all of the Camp Wewa disbursements through May or 2024? Can you give the City of Apopka Reserves from 2018? Can you give all the opioid crisis payments up through April 9, 2024? Can you give all of the Mayor's reimbursements from January 2018 through April 2024? Can you give them the Farmworkers Association payment? Can you give the Apopka Property transactions from 2018 through 2024? Can you give the grant awards from January 2018 through April 2024? Which is what Blanche did? **Blanche** responded Yes, most of that was provided. Mayor Nelson continued. All of these things were given before we got to the point where we did the RFP for the audit and would you say that everything you sent was complete and accurate? **Blanche** said yes, I gave them a list of transactions, yes Sir. **Mayor** continued, Rob Hippler would you say that there was anything missing? Or anything that we didn't send to the Commissioners. **Rob Hippler** responded I provided everything I could fitting the criteria (was not in mic inaudible). **Mayor** continued, It's a \$1.3 Million-dollar audit.

Commissioner Anderson said to be clear it's more than a \$1.3 Million-dollars because you have to employ any additional staff to assist with getting the records. From that list there still hasn't been able to identify any type of findings or anything. We already have a deficit and to spend \$1.3 Million-dollars just on a hunch that something has happened and you can't identify anything, I just can't agree with it.

Commissioner Nesta said Camp Wewa loses half a million dollars a year. We paid a substantial amount for that. The appraisal was an interesting one. I'm sure you reviewed that as well. The property on Rock Springs Road and Sandpiper the Southeast corner that we sold, immediately went back on the market and sold for a Million dollars more than they purchased. So, somebody is making money somewhere and either we are that inept or somebody doesn't know what's going on and we lost that much money. It's scary that you don't want to question that we lost a million dollars. **Mayor Nelson** said Commissioner Nesta you need to keep this out of the personal level.

Commissioner Velazquez said I will make one correction because I was a Commissioner before 2018 and we were reviewing all of the disbursements. That was started 2014 or 2015 it started early on because the ministry alliance came in and they wanted to see all the expenses so we started the disbursements way before 2018.

Commissioner Nesta said did you say that's correct? **Blanche** responded said I can't say that's correct. When we did our research, we went back to find the first time that it went to Council and that's what we found. **Commissioner Velazquez** continued I remember that was a request made by the ministry alliance that they wanted to have the disbursements. They wanted to know all the money that would be expended by the City and I remember that was something that was available. It's standard, but it was done before 2018. The reason I feel that the forensic audit became personal and that was a concern I had before I sat with the committee. How many transactions were there?

Blanche responded there were about 65,000 transactions. That's your biggest transactional base. Some of the BTR tax receipts are not as large. Some of the other things will be captured in that 65,000 like the land acquisitions, the Camp Wewa transactions, all of that will be captured within those. **Commissioner Velazquez** said with the BTRs, prior to when we brought the vendor in which I believe was October of 2021, prior to that, the BTRs had not been capturing all the businesses in the City. When we hired the vendor, he recovered hundreds of thousands of dollars since then. I felt that going back from 2018 didn't serve a purpose. **Commissioner Nesta** said again that's my request. Moving forward without the superfluous unnecessary personal attacks. **Commissioner Velazquez** said initially until our finance director noted that we could have eliminated this from the forensic audit. **Blanche** said you could do that now. **Commissioner Velazquez** asked why she couldn't do that during we she said on the committee and blanche responded because you were serving as a committee member. The items that were presented where presented by the Mayor. Items were presented by Commissioner Nesta as well as yourself.

Mayor Nelson said my five items that I requested out of the \$1.3 Million dollars for this audit Commissioner Nesta wants to spend how much do you think my portion would cost? **Blanche** said we have a list of all of the items and they were proposed based on what the estimated hours and estimated rate. For BTRs, that is one that is not included in the \$1.3 for Cherry Bekaert at this time. They will probably do that on a random somewhere. Qualifying checks for the candidates that is \$6,840.00 dollars. Late campaign items, \$8,820.00 dollars. The interest income items, \$2,340.00 dollars. Promises made, promises kept, \$6,840.00 dollars. Confirm the interest rate for Commissioner Nesta etc., \$11,340.00 dollars. The bulk of this is related to those disbursements. **Commissioner Nesta** said tens of thousands of dollars on a personal attack with taxpayer money. Using taxpayer money to personally attack one person.

Commissioner Anderson said I think all of this is personal attacks. I don't think this has anything to do with the taxpayers. We would be wasting \$1.3 Million dollars of taxpayer's money if we move forward with this forensic audit.

Mayor Nelson said back to Commissioner Velazquez if you want to make a motion to reject? **Commissioner Velazquez** said where's the real scope if I eliminate all of this? If I eliminate the campaign, the BTRs, the attorney fees, promises made, promises kept. **Blanche** said if we just go with the list that came from Commissioner Nesta, and I'm adding here at the podium. For the disbursements it's like \$1,240,000 dollars and that the 65,000 transactions. It doesn't include the employee stuff right now. So, with the removal of those items it's still almost \$1.3 Million dollars. **Commissioner Nesta** interrupted and said did you supply what you are reading from to all the Council. **Blanche** said I think it was at the committee. These are the details that the committee had and was not provided to the Council.

- b. Hearing no further questions or comments, **Commissioner Velazquez** asked for a Motion to Reject the Forensic Audit.
- c. **Motion by Commissioner Velazquez** and seconded by **Commissioner Anderson** to Reject the Forensic Audit.
- d. **Motion carried 3 to 2**, with Commissioners Velazquez, Smith & Anderson voting aye and Mayor Nelson and Commissioner Nesta voting Nay.

Commissioner Velazquez said how do I bring back this item. **Attorney Shepard** said as I mentioned previously you do not follow Robert's Rules to the letter. If you did there's a mechanism to go back and reconsider. Usually its based on new or additional information that you didn't have at the time of making the decision beyond how people vote. **Commissioner Velazquez** said she would like to reconsider so what would I need to do to reconsider this vote. **Attorney Shepard** said first of all that needs to be on the agenda. It can be on this agenda if you want to but in terms of the sequence of events it should now be moved towards the end of the decisions. We just did this item and you have an agenda that you already voted on. In theory you all should go to the next agenda item and if you want to reconsider it, bring it back at the end of this agenda. That up to you all. **Commissioner Velazquez** said I would like to reconsider this item and bring it back. **Attorney Shepard** said in order to reconsider you have to have a motion supported to reconsider. **Commissioner Velazquez** said I make a motion to reconsider this vote for the forensic audit and for the record since you reported the past motion you can vote to reconsider. **Commissioner Nesta** Motioned Second.

- a. Hearing no further questions or comments, **Commissioner Velazquez** asked for a Motion to reconsider this item and bring it back.
- b. **Motion by Commissioner Velazquez** and seconded by **Commissioner Nesta** to reconsider this item and bring it back.
- c. **Motion carried 3 to 2**, with Commissioners Velazquez and Nesta voting aye and Mayor Nelson, Commissioner Smith and Anderson voting Nay.
Commissioner Velazquez said for the record I think its unfair that you voted with Commissioner Nesta because it was based on what you had outed to this audit.

Project Manager: Bobby Howell
Presented by: Bobby Howell, Planning Manager

Bobby Howell presented Ordinance No. 3071 and provided details and recommended approval of first reading and hold over for second reading and adoption.

- a. **Mayor Nelson** asked if anyone had any questions for Bobby about this item.

Commissioner Nesta said walk me through what the intentions are here and my specific concerns here is the road and access etc. How are we going to get there? **Jonathan Huels, Applicant** responded talking about Chandler? This is obviously going to be a multi-step process in terms of this project. There are multiple parcels that are owned by multiple owners. What is before you tonight is the first reading on the annexation involving 28 acres of property. It should be noted as part of the JPA notice is provided to the County, County provided comments but their comments were of the nature of not having any objection to the annexation because if these properties are ultimately brought into the City it cures occurring enclave meaning these properties have City property located on all of their sides. Before you tonight is an annexation. The existing Chandler Road which is not a public right of way, it's actually privately owned. Owned by the Orchid Estates Association, it would be brought into this overall project. There is no plan to improve that road along the Northern part of it because what this owner would control and developer would control is only 15 feet wide. There isn't sufficient right of way to make improvements. We have a comp plan amendment to follow that includes all of the property that has been submitted and pending and will come before you hopefully this late summer or Fall. That is proposing to change this property to mixed use and then there's also a rezoning application to Kelly Park Interchange mixed use and it will have access points, two of them on Kelly Park Road. Existing Chandler Road is going to remain in its current condition, private road. This project is contemplating potential future improvement of that road and so anywhere is can be made standard is along the boundary of the property down to a future potential access point. This overall conceptual plan comes later in this process, the first step would be the annexation which is before you tonight and then we have additional steps to go through including review of the comp plan amendment and rezoning.

Commissioner Nesta said understand this is a much bigger project and its going to have access directly on Kelly Park Road and to reiterate its going to be some larger lot homes, smaller lot homes, and some townhomes. **Applicant** responded no townhomes.

Commissioner Nesta asked if this will be in the KPI. **Applicant** responded that is what's being proposed. Technically any of the properties that are within the KPI aren't technically in the KPI until they get a mixed-use future land use and a KPI mixed use zoning designation and so this property is similarly situated to that in that it would take that discretionary review and approval from this board before it'd be considered to be in the KPI.

Albert McKimmie said as just mentioned entry into the KPI is discretionary. When we tried to get into the KPI we were told we couldn't because we were 100 yards outside of the KPI. My question tonight is how far outside of the KPI is this current development? **Bobby Howell** responded saying its within 1 mile of the KPI. There is policy that supports that if a portion of a project is within the KPI radius then the remainder can come in if it's made up of.... **Commissioner Nesta** interrupted saying something touches it, something of this project touches it? Bobby confirmed yes. There are maps that show portions of this property that are in your comp plan today in which is in the radius.

- b. Hearing no further questions or comments, **Mayor Nelson** asked for a motion approve Ordinance No. 3071 at first reading and carry over for second reading and adoption.

- c. **Motion** by **Commissioner Nesta** and seconded by **Commissioner Anderson** to approve Ordinance No. 3071 at first reading and hold over for second reading and adoption.
- d. **Motion carried unanimously**, with Mayor Nelson, and Commissioners Velazquez, Nesta, Smith & Anderson voting aye.

8. Resolution 2024-19 - Adoption of Vision Zero Policy
Presented by: Bobby Howell, Planning Manager

Bobby Howell presented Resolution 2024-19 and provided details and recommended approval. Resolution 2024-19 adopts the Vision Zero Policy for road and traffic safety in the City of Apopka. Commits the City of Apopka to reduce traffic deaths and severe injuries on City streets by 50 percent by the year 2050.

- a. **Mayor Nelson** asked if anyone had any questions for Bobby about this item.
Commissioner Velazquez asked if all the details are online for the public to view. Answer was yes. Is there a time table? There is a guide that we are looking to follow and this is with MetroPlan.
- b. Hearing no further questions or comments, **Mayor Nelson** asked for a motion approve Resolution 2024-19.
- c. **Motion** by **Commissioner Velazquez** and seconded by **Commissioner Smith** to approve Resolution 2024-19.
- d. **Motion carried unanimously**, with Mayor Nelson, and Commissioners Velazquez, Nesta, Smith & Anderson voting aye.

9. Resolution 2024-20 - City of Apopka/CFX/BPG Mid Florida South 1, LLC - Property Exchange Agreement
Presented by: Jean Sanchez, Senior Planner

Jean Sanchez presented Resolution 2024-20 and provided details and recommended approval. BPG Mid Florida South 1, LLC coordinated with the City to swap lands with CFX, creating a larger buffer to the City's wildlife park and eliminating the constraints on Mid-Florida South's layout options. The City made the request to CFX and, in the spirit of cooperation and partnership with the City, CFX agreed with the condition that the developer will design and convey a new stormwater pond, situated on the southwest corner of the project site. The developer will also be donating over 12 acres of wetland to the City. **Mayor Nelson** gave thanks to Pam Richmond for coordinating this project. Gave thanks to partners to CFX and Mid Florida South for allowing this to happen because the 12 extra acres given to the City will give a buffer to the birding park.

- a. **Mayor Nelson** asked if anyone had any questions for Jean about this item.
- b. Hearing no further questions or comments, **Mayor Nelson** asked for a motion approve Resolution 2024-20.
- c. **Motion** by **Commissioner Smith** and seconded by **Commissioner Velazquez** to approve Resolution 2024-20.

- d. Motion carried unanimously**, with Mayor Nelson, and Commissioners Velazquez, Nesta, Smith & Anderson voting aye.

CITY COUNCIL REPORTS

Commissioner Anderson said she is really excited about the tentative agreement that was reached between the Apopka Professional Fire Fighters Association, the Union. There was a lot of hard work and dedication that was put in between everyone. The Union President Alex did a great job representing the Union. The attorneys involved and the Commissioners in a joint effort making sure a lot of details went into it. We all went to the Florida League of Cities Annual Conference and meeting with different officials and different Mayors and City Commissioners, I gathered that we have to stand together. What I mean by stand together is that we were voted to represent the community and our personal issues and who has issues with whomever a lot of times we lose focus on what's important. What's important is the residents. What's important is making sure that we are not campaigning while we are sitting on the dais and that we are not looking for gotcha moments. Me being a newly elected official I have the right and if I didn't agree with something that was voted on prior to me being in this seat I have a right to have a voice and say I don't agree with it. Everyone should respect everyone even if we don't agree. We are representing the community. I'm just asking that we all work together even if we don't agree that we respect each other and that we are not condescending. Yes, this is a learning curve for me. Please understand that I spend hours reviewing everything and to be condescending because I'm asking questions or because I disagree is not how to move the City forward. We are examples and if we are being disrespectful to each other up here then the community sees that and they are going to model that same behavior.

Commissioner Velazquez said I recently attended the league of women voters and the hot topic was civil discourse no civil war. At the Florida League of Cities, I attended the courses and the courses were reflected what's going on here and we had our last Council meeting that created a lot of chaos with shifting the public comment period. I sent 4 emails to our City Administrator which he responded. There's a lot of discontent from our public regarding the public comment and so I will also say our responsibility is to be respectful with each other and that we work for our public and constituents. Moving public comment only created more chaos, more anger, and more of a division. It's not serving a good purpose for our public. Public comment is important and we need to be able to hear their concerns. I believe that we need to have public comment back where it used to be and that's where it needs to be. Ron Olsen had written me and, in his letter, he said that he had a meeting with our Mayor the Chair last year on April 11th of last year. He said they discussed a number of suggestions to help the City Council meetings be more productive. They Mayor made it clear that he was not going to change his approach. Commissioner Velazquez said if we are asking the Commissioners to try and work together then that would include the Chair too. I think its important that if we all commit to it, that it includes the Chair. The action that was taken at the last Council meeting totally disrespected the Council. We didn't have a say. When Commissioner Nesta made the motion to move the public comment section, at that time I believed it was moving it at that Council meeting. Not that it would be a permanent change to keep public comment at the end of the meeting.

Commissioner Smith said I also attended the Florida League of Cities session in Hollywood. There were a lot of workshops and beneficial information was given out. I'm excited that we were able to come to agreement with the Fire Fighters and their contract. I want firefighters to know that we love and appreciate all that they do and for the services that they provide to our citizens here in the City of Apopka. As you know workforce housing is a problem not just in Apopka but all over the state. I've been appointed to the Advisory Board for housing options for Orange County Public School teachers. We will be meeting to come up with some strategies to see what we can do to assist those that are working for Orange County Public Schools and getting workforce housing.

Commissioner Nesta said I just want to apologize to our residents that are in the room for it being hot and to apologize for public comment being at the end. It was never my vote and I will continue to advocate and push this. I've had one consistent voice that says bring it back to the beginning, that's what we want. I will not have office hours tomorrow but continue to check my Facebook Page for updates. I was speaking to Main Street Apopka. Ever since they've come into existence they've done incredible events and reach outs and engaging residents that normally wouldn't be engaged. They've requested to do a presentation tonight and I have that available. Ms. Kasheta came to the podium to present and provided a packet to Commissioners and Mayor. She provided what Main Street Apopka was, what they provide and an up to day overview of what they are planning to do and their goals. She advised that everything she discussed will be on the website and her ask is still \$50,000 be budgeted by the City for Main Street Apopka.

CITY ADMINISTRATOR'S REPORT

Jacob Smith said we are going to have a budget workshop next Wednesday the 28th at 5:15 pm in the Chambers. The purpose of that is to iron out any of these last-minute things that we have been talking about so we can have a balanced budget.

CITY ATTORNEY'S REPORT

Attorney Shepard said he has nothing to discuss.

MAYOR'S REPORT

Mayor Nelson said we have budget workshop coming up. January 1st happens to fall on the first Wednesday of the new year and we will not have a meeting on January 1st of 2025. I'm glad that we were able to come to a mutual agreement contract with the Fire Union. We are happy to put that behind us. Looking forward to completing that contract. Last thing, big shout out to our Recreation Team. They put together the TDT Proposal to get money from Orange County that we have been paying anywhere from \$500,000 dollar to a million dollars a year towards that hotel tax. They put together an amazing PowerPoint and took it down to Orange County and were able to come back with the highest score of all of the applicants there for \$13.5 Million dollars that will be adding 4 softball fields and doing

major improvements to the Amphitheater to draw more paid concerts. The team and IT put on an awesome presentation.

PUBLIC COMMENT

Nikki McGuire, 743 S Central Avenue, said as a consumer when we do not like a business we shop elsewhere. As a business owner when my business is not doing well I review and revise practices without pushing clients away. As an Apopka City resident when City Council makes decisions against us it lowers my positive community impact. By choice right now I helping NAOMI Kids and helping families in need raising future leaders. I work with the community and do community events, run by business while handling my family's needs as well. She spoke about starting a food truck business to help feed the needy but due to the 40 percent utility increase this year with another increase next year forces her to think selfishly of just her family and not the needs of the community. Asked Council to reconsider the increase in the utilities etc.

Ace Woodham, 47 E Magnolia Street, spoke about not having the live feed for the meeting and addressed each Council member directly in reference to the public comment section being moved and not voted on unanimously etc. Requested that the whole City Council vote on where the public comment should be at in the meeting.

Jennifer Jordan, 1254 Kenworth Drive, spoke about the challenges that the Fire Department is experiencing as more and more time goes by without changes being made. Spoke about leadership in the Fire Department fostering a lack of respect and trust. Spoke about the firefighters being overworked due to understaffing. She spoke about the workforce declining in the number of workers employed with experience running the calls placing stress on the remaining staff. She urged the Council to consider performing a call study to optimize the number of calls each station or unit is responsible for and look at the types of calls that require dual units to respond especially overnight.

Virginia Street, 2119 Palm Vista Blvd, spoke about the HOPE of Apopka organization that helps the homeless. Expressed her concerns for the homeless people and how hearing about the NEXT Step program was the first time today she's ever heard of the program by the Mayor. She spoke about needs of the homeless and how they depend on her help with food, clothing, bus passes and what's going to happen to them after 41 days when the new law is passed pertaining to homeless people. Spoke about the City leadership and the tension between City Council members. She said the City needs to serve the community and help the homeless.

Patti OHalloran, 304 Rolfe Drive, spoke about Apopka Main Street and them looking for funding for the project to do something great for the City. She requested the City do something about downtown Apopka to make Apopka fun and entertaining for residents and people that come and visit our City.

Dennis Harper, 558 Nicole Marie Street, spoke about public comment being moved and expressed his concerns. He stated that he was disappointed and feels like they are discouraging public comment and not giving the taxpayers the opportunity to speak before Council items are discussed on the agenda. He expressed how he didn't feel like Resolution 2016-16 was being followed.

Albert McKimmie, 3603 Golden Gem Road, spoke about Golden Gem Road. He spoke about monies voted on to complete projects out at Golden Gem Road to remove surface water and ground water and put in the retention pond and his concerns with this and water quality and how DEP needs to be involved. He spoke about not being able to present any of his material to Council meetings and how no one is listening to him and his concerns at Golden Gem. He presented his ideas of a solution for the pond and water runoff. He requested that the time to speak during public comment is not enough time as 4 minutes isn't enough time to express all his concerns to the Council. He believes that he has located 7 more volcanoes in the Golden Gem retention ponds and that he has another solution other than the one presented by Devo Engineering.

Matthew Hutchinson, 1262 Lake Francis Drive, spoke about the Main Street Project and how he believes it will help the City and is a good investment. He spoke about the downtown Apopka becoming more vibrant and how the City needs to see that and contribute to funding that project. Gave appreciating to the hard-working Police and Fire Departments and all that they do for him and the community. He spoke about having a road closure when the farmers market is happening to free up community parking lot so that more people can visit the event and park there. Currently the food trucks and vendors are taking up the community parking and therefore limiting visitors parking. He requested City Council to look at precuring some other land for parking purposes for Main Street business as there is not enough with the businesses growing and other business moving into the plazas downtown.

Leroy Bell, 2308 Blue Meadows Ct, spoke about the Apopka Police Department getting all the funding they are requesting and the Fire Department doesn't get what they request. He spoke again about the Police Department using excessive force and the Commissioner are not doing anything about that and the City is failing the residents that live in South Apopka. He also spoke about being against the public comment being at the end of the meeting and how it needs to return to the beginning.

Megan Garcia, Apopka, spoke about public comment being moved to the end of the meeting and that the residents need to be heard. Their voices matter. She spoke about her concerns and impacts on families with the 40 increase on utilities.

Sylvester Hall, 3091 Rolling Hills Lane, spoke about too many good people sitting around watching bad things happen and sit around being completely silent. It's time to say no more. We say we want love and understanding and we want respect but you all can come out and take a look at what we saw up and then you're asking us for respect. Spoke about normalizing the abnormal we desensitize the truth to the point that the truth doesn't matter. People will hear the truth and turn the other cheek. We start the meeting with a

prayer then we start our fighting. We have a strong Mayor form of government here in the City of Apopka. If you had a strong Mayor that was for the people, people wouldn't have to ask for money to do things for the City. A strong Mayor would be seeking out people that is willing to do something for the downtown Apopka area. Downtown Apopka has been the same thing for 40 to 50 years. You wouldn't have to come to me, I'd be looking for you. Spoke about the board voting to disband the DEI. Almost 50 percent of Apopka is minority. What we are telling our minorities is we don't believe in diversity, equity and inclusion. I look at how everything took place and it was said the committee lost interest. We didn't lose interest. He also spoke about the Fire Department deserving the same type of pension that the Police Department has. He spoke about the conditions at the fire stations and how they need to be fixed because they are just as important.

Caitlin Kasheta was present with Maribel Brinkle of the Apopka Historical Society and Betsy Salcedo a member of the Main Street Apopka Team. The Smithsonian is coming to Apopka. Florida Humanities in partnership with Smithsonian Institutions Traveling Exhibition Services also known as SITES has launched a new exhibition partnership program and selected Main Street Apopka as an inaugural recipient. Out of 24 interviewed organizations and 13 applicants, 8 non-profit organizations across the state of Florida received funding from Florida Humanities in June of this year to create exhibitions that capture and share local narratives on food. Utilizing templated resources as well as virtual and in person support from the Smithsonian Institution. SITES provides a Smithsonian developed framework to guide selected venues through the development of local humanities-based exhibitions. It was only natural to partner with the Apopka Historical Society and the museum to create such an exhibition. We received an initial grant funding of \$5,000 dollars from Florida Humanities to work with the Smithsonian over the next year to create our exhibition script, collect physical objects, artifacts and images, and design a floor plan. **Maribel Brinkle and Betzy Salcedo** spoke about the exhibition project and what will take place and spoke about the goals of the project. Betzy Salcedo also spoke in Spanish to translate details for the public.

City of Apopka CITY COUNCIL STAFF REPORT

Section: CONSENT (Action Item)

Item #: 1.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Second Amendment to Bronson Peak (The Ridge Parcel 2) – School Concurrency Mitigation Agreement

REQUEST:

Approve the Second Amendment to the Bronson Peak – School Concurrency Mitigation Agreement and authorize the Mayor to sign the Agreement.

SUMMARY:

Owner(s): DRP FL 5, LLC

Applicant(s): Poulos and Bennett, LLC

Tract Size: 14.52 +/- acres

Parcel Identification Number(s): 17-21-28-0935-06-001

Location: North of Boy Scout Road and west of Galway Boulevard

Density/Intensity: 3.5 dwelling units/acre maximum overall density

Future Land Use: Residential Low

Zoning: KPI-MU (Kelly Park Interchange - Mixed-Use)

Project Manager: Jean Sanchez

Zoning Report:

Direction	Future Land Use	Zoning	Present Use
North	Residential Low	RSF-1B (Residential Single-Family - Large Lot)	Vacant
East	Mixed-Use	PD	Breckenridge Residential Subdivision
South	Mixed-Use	PD	Bronson Ridge Residential Subdivision
West	Residential Low	PD	Single-family residences

PROJECT SUMMARY:

New residential development applications are reviewed by Orange County Public Schools (OCPS) for their impact placed on existing student capacity at public schools. This school impact analysis, called school concurrency, occurs at the time of a Construction Site Plan and Plat application. In 2008, the City of Apopka entered into an interlocal agreement with the Orange County School Board to address public school facility planning and implementation of school concurrency (hereafter School Agreement). As a party to this School Agreement, the City becomes a party to this Agreement. Therefore, City Council must accept the Agreement and authorize the Mayor to sign it to allow OCPS to implement the mitigation plan.

When school enrollment is over capacity in public schools that will serve additional students generated by a proposed residential development, a new development must have a school concurrency mitigation analysis to determine the additional cost of school impact that the proposed development will generate above and beyond those considered by the school impact fee. The developer pays these additional fees according to the conditions of the school concurrency mitigation fee.

THIS SECOND AMENDMENT TO SCHOOL CONCURRENCY MITIGATION AGREEMENT (“Second Amendment”), is entered into as of the Effective Date (as defined below) by **THE SCHOOL BOARD OF ORANGE COUNTY, FLORIDA** a body corporate and political subdivision of the State of Florida, (“School Board”); **CITY OF APOPKA**, a municipal corporation of the State of Florida, (“City”); and **APOPKA CENTERLINE DEVELOPMENT, LLC**, a Florida limited liability company, whose address is 15481 SW 12th Street, Suite 309, Sunrise, FL 33326; **DRP FL 5, LLC**, a Delaware limited liability company (“DRP”) licensed to do business in Florida, whose address is c/o DW Partners, LP, 590 Madison Avenue, 13th Floor, New York, NY 10022; and **AG EHC II (LEN) MULTI STATE 1, LLC**, a Delaware limited liability company (“AG”) licensed to do business in Florida, whose address is c/o Essential Housing Asset Management, LLC, 8585 E. Hartford Drive, Suite 118, Scottsdale, AZ 85255 (collectively, the “Applicants”). The School Board, the City and the Applicants are collectively referred to herein as the “Parties.”

RECITALS:

WHEREAS, the School Board and Applicants entered into that certain School Concurrency Mitigation Agreement (APK-21-021) dated effective on September 13, 2022, and recorded on October 7, 2022, as Document #20220608957, as amended by that certain First Amendment to School Concurrency Mitigation Agreement (APK-21-021-A1) dated effective March 23, 2023, and recorded on April 6, 2023, as Document #20230193113, all in the Public Records of Orange County, Florida (collectively, the “Agreement”); and

WHEREAS, the First Amendment resulted in an extension of the above referenced agreement by 6 months and 60 days; and

WHEREAS, Governor DeSantis declared a State of Emergency on November 7, 2022, under Executive Order No. 22-253, declaring a State of Emergency due to the threat posed by

Subtropical Storm Nicole (referred to as the “Nicole EO”). On August 29, 2023, Governor DeSantis declared a State of Emergency due to Hurricane Idalia under Executive Order number 23-175 (referred to as the “Idalia EO”; the Nicole EO and the Idalia EO are sometimes hereinafter collectively referred to as the “Executive Orders”): and

WHEREAS, Section 252.363(1)(a), Florida Statutes, provides that in the event the Governor declares a state of emergency, the declaration tolls the period remaining under a permit or development order for the duration of the declaration and extends the permit or development order for an additional six-month period; and

WHEREAS, Senate Bill 250 amended Section 252.363(1)(a) to allow for an extension of twenty-four months, instead of six months, plus the length of time the state of emergency for a natural disaster is in effect, not to exceed forty-one (41) months and 305 days in total in the event of multiple natural emergencies; and

WHEREAS, the Executive Orders result in an extension of the above-referenced Agreement by a total of forty-one (41) months and 305 days; and

WHEREAS, the Parties desire to amend and modify the terms of the Agreement in accordance with the terms and conditions set forth herein and Section 16 of the Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. Recitals; Definitions. The foregoing recitals are true and correct and are incorporated herein by reference. Capitalized terms not otherwise defined herein shall have the meaning set forth in the Agreement.

2. Capacity Reservation Fee. The Parties agree and acknowledge that the payment schedule for the 2nd Installment of the School Capacity Reservation Fee, and each subsequent installment, as set forth in Section 9 of the Agreement, shall be extended for an additional forty-one (41) months and 305 days.

3. Recording of this Second Amendment. The School Board agrees to record this Second Amendment, at Applicants’ expense, in the Public Records of Orange County, Florida.

4. Effective Date. The effective date of this Second Amendment shall be the date when the last one of the Parties has properly executed this Second Amendment as determined by the date set forth immediately below their respective signatures (the "Effective Date").

Section: CONSENT (Action Item)

Item #: 2.

Meeting Date: September 4, 2024

Department: Police Department

SUBJECT:

Authorize the Apopka Police Department to enter into a new Inter-local Voluntary Cooperation Operational Assistance Combined Mutual Aid Agreement with the Seminole County Sheriff's Office and the other law enforcement agencies listed on the attached agreement.

REQUEST:

Authorize the Mayor to sign the new Inter-local Voluntary Cooperation Operational Assistance Agreement.

SUMMARY:

The Apopka Police Department previously entered into an Inter-local Voluntary Cooperation Operational Assistance agreement with the Seminole County Sheriff's Office and other participating agencies listed in the attached agreement. Under this agreement, each party may request or render law enforcement assistance in response to violations of Florida Statutes. This includes, but is not limited to, the investigation of homicides, sex offenses, robberies, assaults, burglaries, larcenies, gambling, motor vehicle thefts, drug violations, and the provision of backup services during patrol activities. The agreement also covers the assignment of school resource officers performing official duties out of their jurisdiction, as well as participation in inter-agency task forces and/or joint investigations.

The Apopka Police Department's legal counsel has reviewed and accepted the agreement.

WHEREAS, the undersigned law enforcement agencies establish this mutual aid agreement pursuant to Section 23.1225, Florida Statutes, known as the Florida Mutual Aid Act. In accord with the authority granted therein, the jurisdictions enter into the following agreement covering voluntary cooperation and operational assistance. The agreement provides for law enforcement activities across jurisdictional lines in certain defined circumstances for the purpose of protecting the public peace and safety and preserving the lives and property of the citizens of each participating jurisdiction.

WHEREAS, the subscribed law enforcement agencies are so located in relation to each other that it is to the advantage of each to receive and extend Mutual Aid in the form of law enforcement services and resources to adequately respond to continuing, multi-jurisdictional law enforcement problems, so as to protect the public peace and safety, and preserve the lives and property of the people; and

WHEREAS, the Parties, recognize that an increasing number of criminal offenders are operating across jurisdictional lines and the Parties have determined that it is in the best interest of the health, safety and welfare of the citizens within the jurisdictions of the Parties to enter into a Voluntary Cooperation Agreement and Operational Assistance Agreement; and

WHEREAS, the Altamonte Springs Police Department, the Apopka Police Department, the Casselberry Police Department, the Lake Mary Police Department, the Longwood Police Department, the Maitland Police Department, the Oviedo Police Department, the Sanford Police Department, the Winter Park Police Department, the Winter Springs Police Department, Sanford Airport Authority Police Department, The University of Central Florida Board of Trustees on behalf of its Police Department and the Seminole County Sheriff's Office have the authority under Part I of Chapter 23, *Florida Statutes*, the Florida Mutual Aid Act, to enter into a **Voluntary Cooperation Agreement** for assistance of a routine law enforcement nature that crosses jurisdictional lines and a **Requested Operational Assistance Agreement** for the rendering of assistance in connection with a law enforcement emergency.

NOW, THEREFORE, THE PARTIES AGREE AS FOLLOWS:

SECTION I. PROVISIONS FOR REQUESTED OPERATIONAL ASSISTANCE

THEREFORE, be it known that the aforesaid law enforcement agencies hereby approve and enter into this **Agreement** whereby each of the agencies may request or agree to render law enforcement assistance to the other in law enforcement emergencies to include, but not necessarily be limited to, civil disturbances, large protest demonstrations, aircraft disaster, fires, natural or man-made disaster, sporting events to include School Resource Officer/Deputy assistance at High School events, concerts, parades, escapes from detention facilities, active shooter incidents, suspected terrorist incidents, incidents requiring utilization of specialized units, or other emergency as defined in *Section 252.34, Florida Statutes*..

SECTION II. PROVISIONS FOR VOLUNTARY COOPERATION

A. BE IT KNOWN THAT each of the subscribed law enforcement agencies recognize that an increasing number of law violators are operating in more than one jurisdiction, and that there is a need for a continuing inter-county and neighboring jurisdictional response to this threat. The following voluntary cooperation agreement is created to provide this capability. Therefore, be it known that the aforesaid law enforcement agencies hereby approve and enter into this Agreement whereby each of the law enforcement agencies to this agreement may request and render law enforcement assistance and obtain approval for

Inter Local Multi Jurisdiction Combined Mutual Aid Agreement August 1, 2024 – January 31, 2028.

enforcement action from the other in dealing with any violations of Florida Statutes to include, but not necessarily be limited to, investigating homicides, sex offenses, robberies, assaults, burglaries, larcenies, gambling, motor vehicle thefts, drug violations, pursuant to Chapter 893, F.S., backup services during patrol activities, school resource officers on official duty out of their county, and inter-agency task forces and/or joint investigations, including but not limited to, the City/County/State Traffic Enforcement Unit, the City/County Investigative Bureau (CCIB), the City/County Canine Unit, The Special Weapons and Tactics (SWAT) Team, In-Progress Crime Unit (IPCU) and the Hazardous Device Team (HDT).

B. Additionally, subject to the approval of the agency head or his/her designee in the jurisdiction having normal jurisdiction as outlined in Section III, on-duty deputies and law enforcement officers from one jurisdiction may conduct investigations relating to offenses that originate in their own jurisdiction, in any of the undersigned jurisdictions.¹ If enforcement action is anticipated, the location and nature of the investigation will be communicated by the visiting jurisdiction to the law enforcement agency head or his/her designee of the jurisdiction having normal jurisdiction. Enforcement action in these circumstances shall be limited to instances involving the following:

1. Warrantless felony arrests as permitted in accordance with F.S. 901.15;
2. Investigations and arrests for violation of F.S. 316.193, including any actions required to comply with the provisions of F.S. 316.1932, 316.1933, and 316.1939 regarding breath, urine, and/or blood tests.
3. When there is probable cause to believe that the person has committed a criminal act according to s. 790.233 or according to s. 741.31, s. 784.047, or s. 825.1036 which violates an injunction for protection entered pursuant to s. 741.30, s. 784.046, or s. 825.1035 or a foreign protection order accorded full faith and credit pursuant to s. 741.315, over the objection of the petitioner, if necessary;
4. When there is probable cause to believe that the person has committed an act of domestic violence, as defined in s. 741.28, or dating violence, as provided in s. 784.046;

¹ Such authority has been recognized in *Daniel v. State*, 20 So.3d 1008, 1010 (Fla. 4th DCA 2009); *State v. Walkin*, 802 So.2d 1169 (Fla. 3rd DCA 2001).

5. When there is probable cause to believe that the person has committed an act that violates a condition of pretrial release provided in s. 903.047 when the original arrest was for an act of domestic violence as defined in s. 741.28, or when the original arrest was for an act of dating violence as defined in s. 784.046.

SECTION III. POLICY AND PROCEDURE FOR VOLUNTARY OPERATIONAL ASSISTANCE

A. In the event that a party to this Agreement is in need of assistance as set forth above, it shall notify the agency head or his designee from whom such assistance is required. The agency head or his/her designee whose assistance is sought, shall evaluate the situation and the agency's available resources, consult with his/her supervisors if necessary, and will respond in a manner he/she deems appropriate. The decision of the agency head or his/her designee in this regard shall be final.

B. The resources or facilities that are assigned by the assisting agency shall be under the immediate command of a supervising officer, designated by the assisting agency head. Such supervising officer shall be under the direct supervision and command of the agency head or his designee of the agency requesting assistance.

C. Where investigative priorities arise during a law enforcement operation that may require the crossing of jurisdictional lines, each party agrees that the agency head or his/her designee on duty shall notify the agency head or his/her designee of the jurisdiction entered, and request enforcement assistance. The responding agency head or his/her designee shall evaluate the situation, consult with his/her appropriate supervisor if necessary, and, if required, insure that proper enforcement assistance is rendered.

SECTION IV POLICY AND PROCEDURE FOR VOLUNTARY COOPERATION ASSISTANCE

D. Should an officer of a participating agency be in another jurisdiction for matters of a routine nature, or investigative nature, such as traveling through the area on routine business, attending a meeting, or going to or from work, and a criminal violation of *Florida Statutes* occurs in the presence of said officer, and said violation is an offense authorized in Section II

B or other offense constituting a breach of the peace, the officer shall be empowered to render enforcement assistance and act in accordance with the law.

E. In the event a law enforcement officer of one of the parties to this **Agreement** has probable cause to arrest an individual for an offense as outlined in Section II.B in his/her jurisdiction and requests assistance in the location and apprehension of the suspect, and a law enforcement officer of one of the other parties to this **Agreement** is in the jurisdiction of the party requesting assistance and observes the suspect, the officer, representing his/her party, shall be empowered to render law enforcement assistance and act in accordance with the law and this **Agreement**.

F. In the event a law enforcement officer of one of the parties to this Agreement has probable cause to arrest an individual for an offense as outlined in Section II.B in his/her own jurisdiction and observes the offender outside of his/her own jurisdiction but within the jurisdiction of one of the other parties to this agreement, the law enforcement officer seeking to take enforcement action (arrest/detention) in the participating jurisdiction may do so provided he/she seeks authorization from the primary jurisdiction to take such enforcement action.

G. In the event a law enforcement officer of one of the parties to this Agreement has probable cause to arrest an individual for any offense in his/her own jurisdiction and requests assistance in the location and apprehension of the suspect in another jurisdiction which is party to this agreement, the law enforcement officer with jurisdiction in the area where the suspect is located may take enforcement action at the request of the jurisdiction with probable cause.

H. Prior to enforcement action being taken in the other agency's jurisdiction, the officer shall notify that jurisdiction's Communications Center of the situation and obtain approval to take enforcement action. Such approval shall be documented by the requesting agency and the name of the individual so authorizing shall be noted. The only exception would be the situation where immediate action is necessary. In that event, the Communications Center would be notified immediately thereafter by the agency taking enforcement action.

SECTION V. GENERAL POLICY AND PROCEDURES FOR COMBINED MUTUAL AID ASSISTANCE

A. Should additional violations of *Florida Statutes* occur in the presence of an officer, representing his or her respective agency in furtherance this **Agreement**, he/she shall be empowered to render enforcement assistance and act in accordance with the law.

B. Emergency Calls for service which are dispatched simultaneously over the Seminole County Net Radio Channel, shall be deemed a request and authorization for mutual aid response, by any participating agency to this agreement, which responds to said call for service outside of their normal jurisdiction. The same shall apply to participating agencies to this agreement who do not participate in Seminole County Net radio dispatch but who monitor the Seminole County Net Radio Channel.

SECTION VI. POWERS, PRIVILEGES, IMMUNITIES, AND COSTS

A. Members of the subscribed law enforcement agencies, when actually engaging in mutual cooperation and assistance outside of the jurisdictional limits of their respective agencies, under the terms of this **Agreement**, shall, pursuant to the provisions of Section 23.127, *Florida Statutes*, have the same powers, duties, rights, privileges, and immunities, as if they were performing their duties in the political subdivision in which they are normally employed.

B. Each party agrees to furnish necessary equipment, resources, and facilities, and to render services to each other party to the **Agreement** as set forth above, provided however, that no party shall be required to deplete unreasonably its own equipment, resources, facilities, and services, in furnishing such mutual aid.

C. The agency furnishing aid, pursuant to this **Agreement**, shall bear the loss or damages to such equipment, and shall pay any expense incurred in the operation and maintenance thereof.

D. The agency furnishing aid, pursuant to this **Agreement**, shall compensate its appointees/employees during the time such aid is rendered, and shall defray the actual travel maintenance expenses of such appointees/employees while they are rendering such aid,

including any amounts paid or due for compensation due to personal injury or death while such appointees/employees are engaged in rendering such aid.

E. All the privileges and immunities from liability, exemption from laws, ordinances and rules, and all pension, insurance, relief, disability, worker's compensation, salary, death, and other benefits that apply to the activity of such officers, agents, or employees of any such agency when performing their respective functions within the territorial limits of their respective public agencies, shall apply to them to the same degree, manner, and extent while engaged in the performance of any of their functions and duties extraterritorially under the provisions of this **Mutual Aid Agreement**. The provisions of this section shall apply with equal effect to full time paid, part time, volunteers, and reserve members.

SECTION VII. INDEMNIFICATION

Each party engaging in any mutual cooperation and assistance, pursuant to this **Agreement**, agrees with respect to any suit or claim for damages resulting from any and all acts, omissions, or conduct of such party's own appointees/employees occurring while engaging in rendering such aid, pursuant to this **Agreement**, to hold harmless, defend, and indemnify the other participating party and his appointees/employees, subject to provisions of Section 768.28, *Florida Statutes*, where applicable and to the extent permitted by law. Any party having a duty to indemnify and defend under this **Agreement** shall have control of the defense of any suit or claim arising under said duty. Each party shall be responsible for the acts, omissions, or conducts of its own appointees/employees. Nothing in this agreement shall be deemed a waiver of any party's sovereign immunity.

SECTION VIII. INSURANCE PROVISIONS

Each party shall provide satisfactory proof of liability insurance by one or more of the means specified in Section 768.28(16), *Florida Statutes*, in an amount that is, in the judgment of the governing body of that party, at least adequate to cover the risk to which that party may be exposed. Should the insurance coverage, however provided, of any party be canceled or undergo material change, that party shall notify all parties to this **Agreement** of such change within ten (10) days of receipt of notice or actual knowledge of such change.

SECTION IX. DISCLAIMER TO THIRD PARTY BENEFICIARIES

This agreement is solely for the benefit of the parties hereto. No right, remedy, cause of action or claim shall accrue to the benefit of any third party who is not one of the parties executing this agreement.

SECTION X. EFFECTIVE DATE

This **Agreement** shall be effective August 1, 2024 as to member agencies who are executing Parties. For member agencies executing this agreement subsequent to August 1, 2024, the Agreement, shall take effect as to them, upon their execution. The **Agreement** shall continue in full force and effect until January 31, 2028, unless terminated prior thereto by any or all the parties herein. Under no circumstance may this Agreement be renewed or extended except in writing. This Agreement may be duplicated for dissemination to the Parties, and such duplicates shall be of the same force and effect as the original. Execution of this Agreement may be signified by properly signing a separate signature page, the original of which shall be returned to and maintained by the Chief Counsel's Office within the Seminole County Sheriff's Office, 100 Eslinger Way, Sanford, Florida 32773 with a copy provided to the Florida Department of Law Enforcement, Mutual Aid Coordinator, P.O. Box 1489, Tallahassee, Florida 32302-1489.

SECTION XI. CANCELLATION

Any party may cancel/withdraw such party's participation in this agreement by providing written notice of such cancellation/withdraw no less than 15 days prior thereto to the other parties to this Agreement. However, the withdraw from this Agreement shall be effective only as to that party and this Agreement shall remain in full force and effect as to those remaining parties hereto who have not provided written notice of withdraw/cancellation.

SECTION XII. MISCELLANEOUS PROVISIONS**A. Conflicts**

In the event of a conflict between the provisions of this Agreement and Sections 23.12, F.S., et seq., the Florida Mutual Aid Act, the provisions of the Florida Mutual Aid Act shall control. Should a more specific Mutual Aid Agreement exist or be entered into specifically addressing the activities of an inter-agency task force, in the event of a conflict, the provisions of the specific inter-agency task force Mutual Aid Agreement shall apply.

B. Amendments

This Agreement contains the entire understanding between the parties and shall not be modified except in writing.

C. Severability

If any provision of this Agreement shall be declared invalid for any reason, such invalidity shall not affect any of the remaining provisions of this Agreement.

City of Apopka CITY COUNCIL STAFF REPORT

Section: CONSENT (Action Item)

Item #: 3.

Meeting Date: September 4, 2024

Department: Finance Department

SUBJECT:

Authorize the issuance of evaluated source memos: Sod Solutions, Inc.

REQUEST:

Approve the issuance of evaluated source memos.

SUMMARY:

The departments purchase large amounts of various commodities in its daily operations, including equipment, tooling, and services throughout the year. This purchasing may be accomplished via evaluated source memo when a vendor is in the best interest of the City. In accordance with Section 107.3 of the City's Purchasing Policy:

107.3.9.8.4. EVALUATED SOURCE

Only after conducting a comprehensive review of all available competitive sources and all other applicable competitive considerations, may products or services be purchased from a vendor without obtaining competitive prices (when it has been determined that it is in the best interest of the City to use that vendor). Documentation must be attached clearly defining why it is in the best interest of the City not to obtain quotes with each purchase and/or why this vendor is to be used when other vendors may supply their products at a lesser price. Proven quality differences and proximity of supplier are some examples of the reasons why a vendor may be declared an Evaluated Source. The City Administrator must give approval for the Evaluated Source designation. The Evaluated Source designation will expire each fiscal year after approval and may be renewed upon submission of a new request with documentation.

Contingent to any purchase order being issued, the listed pricing sources are reviewed by the appropriate departments and legal review where applicable. City Council staff report approvals, source memos and contractual information are kept on record with each purchase order issued. In accordance with Section 107.3.9.8.4. of the City's Purchasing Policy, staff requests blanket purchase order approval of the attached vendors for the purchase of the referenced commodities. The amounts shown will remain within the approved budget as designated.

Summary of Requested Evaluated Source Vendors:

Department	Vendor	Description	Requested Amount
Parks and Recreation Department	Sod Solutions, Inc.	Sod Installation	Annual Budgetary Appropriations

Vendor Evaluated Source Memo Details:

Vendor:	Sod Solutions, Inc.
Department:	Parks and Recreation Department
Description:	Sod Installation
Requested Amount:	Within Annual Budgetary Appropriations

Policy Requirements:	Comprehensive review of all available competitive sources and all other applicable competitive considerations: Quotes were collected based on the Parks and Recreation Departments needs for the installation of sod for a new athletic field at Alonzo Williams Park. Three companies were located who sell the variety of Bermuda sod (NorthBridge) the department wishes to use for the new athletic field, along with delivery and installation. Quote totals are as follows: • Sod Solutions Inc.: \$50,000 • St. Johns Turf Care: \$56,000 • Professional Pest Management (PPM) Sports Turf.: \$89,000
Policy Requirements:	Proven quality differences and proximity of supplier: Upon evaluation of available sod distributors, Sod Solutions not only provides the lowest quote for service but has also demonstrated the ability to deliver and install high quality athletic turf sod which the Parks and Recreation Department needs to renovate and maintain the main athletic fields under the department's care.
Policy Requirements:	Justification/Documentation clearly defining why it is in the best interest of the City not to obtain quotes with each purchase and/or why this vendor: Availability of quality athletic turf and installation has been a challenge in the past. Sod Solutions was used for a resod project at the Northwest Recreation Complex earlier in the summer and was able to deliver and install high quality NorthBridge sod. The sod has established quickly and is the highest quality sod received in recent years from any of the sod vendors utilized. To beautify and improve Alonzo Williams Park with a new athletic field, staff recommend utilizing a proven sod distributor. It is for these reasons the Parks and Recreation Department recommends Growing Solutions as an evaluated source for the FY24 budget year. A formal solicitation will be advertised in FY25 to select and award vendors for this service.
History:	Sod Solutions was used for a resod project at the Northwest Recreation Complex earlier in the summer of FY24 and was able to deliver and install high quality NorthBridge sod.

FUNDING SOURCE:

Approved Annual Budgetary Appropriations.

RECOMMENDED MOTION:

Approve the issuance of blanket purchase orders to the referenced vendors, not to exceed budgetary appropriations.

City of Apopka CITY COUNCIL STAFF REPORT

Section: CONSENT (Action Item)

Item #: 4.

Meeting Date: September 4, 2024

Department: Finance Department

SUBJECT:

Authorize the execution of contracts/renewals for the assigned terms: Recruitment & Engineering Products & Services Inc.

REQUEST:

Authorize the execution of the contracts/renewals for the assigned terms.

SUMMARY:

The departments purchase various commodities in its daily operations, including equipment, tooling, and services throughout the year. A contract shall be utilized when it is determined that the terms and conditions are complex or incremental or in any other way require a contract. They are also encouraged when applicable for operational proficiencies. Contracts are acquired under the most efficient method of purchase or best cost savings for the quantities that are being utilized. Contract renewals are requested when the contract is scheduled to expire and the City seeks to continue the terms and conditions for an additional period of time. Contractual information is kept on record with each purchase order issued.

Per Purchasing Policy 107.3.15 - Contracts:

A contract means a written agreement or purchase order between the City and a vendor detailing the legal responsibilities of both parties in the offer and acceptance of a specific act, usually for the procurement of goods, services, or construction for money or other considerations. A contract shall be used for a commodity, contractual service, construction service and/or where the City Attorney, Department Director, Purchasing Administrator or designee determines that the terms and conditions are complex or incremental or in any other way require a contract. All contracts must be reviewed by the City Attorney. Purchasing will forward all non-state affiliated piggyback contracts to the City Attorney for review when applicable. All contracts less than \$50,000.00 must be approved by the City Administrator. All contracts of \$50,000.00 or more must be approved by the City Council and City Attorney prior to the Mayor or City Administrator signing.

Per Purchasing Policy 107.3.17 - Piggyback Contracts:

Piggyback contracts will only be authorized during the period of time that the original contract is active and has not expired (if the original contract expires or terminates, so shall the piggyback contract). The Department Director or designee must review and confirm potential piggyback contracts for applicability and scope. The request for utilizing a piggyback contract must be submitted to the Finance Department for purchasing review. Upon approval, the Purchasing Administrator or designee shall submit their review to the City Attorney for final approval. Contracts that are over \$50,000 will also require City Council approval. Multi-Year Piggybacks: if determined to be over \$50,000 and once authorized by City Council, if the dollar amount allotted in the fiscal year budget is available for the services or commodities, it will not require additional City Council approval.

Below is a full listing of contracts that are being requested by; department submittal, vendor, description, source, and expiration dates.

City of Apopka CITY COUNCIL STAFF REPORT

Section: CONSENT (Action Item)

Item #: 5.

Meeting Date: September 4, 2024

Department: Finance Department

SUBJECT:

Authorize the execution of piggyback contracts for the assigned terms: Universal Protection Services, LLC dba Allied Universal Security Services, CDW Government, LLC, and GovConnection, Inc. dba Connection – Public Sector Solutions.

REQUEST:

Authorize the execution of a piggyback contract for the assigned terms.

SUMMARY:

The department purchases various commodities in its daily operations, including equipment, tooling, and services throughout the year. A piggyback contract can be executed via another entity's agreement when the items or services have already been bid by other governmental agencies or special co-operative agreements, provided such contracts are the result of a competitive bidding process and all terms and conditions are the same. This method provides for the most efficient method of purchase or best cost savings for the quantities that are being utilized. These contracts are also encouraged when applicable for operational proficiencies and to minimize staff processing time. Contractual information is kept on record with each purchase order issued.

Per Purchasing Policy 107.3.17 - Piggyback Contracts:

Piggyback contracts will only be authorized during the period of time that the original contract is active and has not expired (if the original contract expires or terminates, so shall the piggyback contract). The Department Director or designee must review and confirm potential piggyback contracts for applicability and scope. The request for utilizing a piggyback contract must be submitted to the Finance Department for purchasing review. Upon approval, the Purchasing Administrator or designee shall submit their review to the City Attorney for final approval. Contracts that are over \$50,000 will also require City Council approval. Multi-Year Piggybacks: if determined to be over \$50,000 and once authorized by City Council, if the dollar amount allotted in the fiscal year budget is available for the services or commodities, it will not require additional City Council approval.

Below is a full listing of the piggyback contracts that are being requested by; department submittals, vendors, descriptions, sources, and expiration dates.

City of Apopka CITY COUNCIL STAFF REPORT

Section: BUSINESS (Action Item)

Item #: 4.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Floridian Town Center Multi-Family, Phase 1 - Major Development Plan

REQUEST:

Approve the Floridian Town Center Multi-family, Phase 1 Major Development Plan

SUMMARY:

Owner(s): Floridian Apopka Phase 1 Owner, LLC

Applicant(s): Andrew McCown

Location: Floridian Town Center, Phase 4

Project: Mutli-family residential development

Density/Intensity: 312 multi-family residential units

Project Manager: Bobby Howell, AICP

Zoning Report

This chart includes the relationships to adjacent properties:

Direction	Future Land Use	Zoning	Present Use
North	High Density Residential	PD (Planned Development)	Parcel 4, Floridian Town Center
East	High Density Residential	PD (Planned Development)	Tract G, Floridian Town Center
South	Commercial	PD (Planned Development)	Parcel 5, Floridan Town Center
West	High Density Residential, Commercial	PD (Planned Development)	Parcel 7, Floridian Town Center

PROJECT SUMMARY: The applicant has submitted a Major Development Plan for consideration for a development consisting of 312 multi-family units in ten buildings that are 3 stories each. The property is located in Phase 1 of the Floridan Town Center Planned Development. The subject property has a High Density Residential future land use designation and a zoning designation of PD (Planned Development). The subject property is approximately 14.7 acres in size.

The Development Review Committee finds that the applicant demonstrates there is competent substantial evidence in the record that all of the following standards are met:

- The proposed development and use(s) in the development plan comply with Article 3: Zoning Districts, and Article 4: Use Regulations;
- The development proposed in the development plan and its general layout and design comply with all the standards in Article 5: Development Standards, and Article 6: Environmental Standards;
- The development proposed in the development plan complies with all conditions of approval in any development approval or permit to which the plan is subject;

d. The development proposed in the development plan complies with all other applicable standards in this LDC and all other City regulations.

ACCESS/PARKING: Access is proposed via Floridian Town Center Boulevard and Kiowa Avenue. Consistent with the PD Master Plan, a total of 493 parking spaces are provided on site. Of the 493, 15 are accessible spaces, 9 are parallel spaces, 30 are provided in garages, and 30 are electric car parking/charging stations. LDC Table 5.1.5.J requires 8 accessible spaces. 106 bicycle parking spaces are provided.

STORMWATER: Consistent with the PD Master Plan, stormwater retention is provided in the center of the site, and on Tracts "G" and "H".

LANDSCAPING/OPEN SPACE: Landscaping is provided consistent with the approved Master Plan. Plant materials such as Southern Red Cedar, Southern Live Oak, Cabbage Palm, and Viburnum are provided. Grass will consist of Bahia which is a drought tolerant specie. Open space is consistent with the approved Master Plan.

COMPREHENSIVE PLAN COMPLIANCE: The proposed use of the property as depicted on the Major Development Plan is consistent with the High Density Residential Future Land Use designation as detailed within the Future Land Use Element of the Comprehensive Plan.

ORANGE COUNTY NOTIFICATION: The County was notified through the DRC agenda distribution.

PUBLIC HEARING SCHEDULE:

August 13, 2024 – Planning Commission (5:00 pm)
September 4, 2024 – City Council (1:30 pm)

Note: This item is considered quasi-judicial. The staff report and its findings are to be incorporated into and made a part of the minutes of this meeting.

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 1.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Ordinance No. 3052 – Second Reading – Small Scale Future Land Use Amendment – 1400 W Kelly Park Road

REQUEST:

Adopt Ordinance No. 3052

SUMMARY:

Owner(s): Michael A. Gentles, Desmond W. Streete

Applicant: Jose Chaves

Parcel Identification Number(s): 17-20-28-0000-00-008

Location: 1400 W. Kelly Park Road

Existing Future Land Use: "County" Rural

Proposed Future Land Use: "City" RVLS (Residential Very Low Suburban)

Existing Use(s): Vacant

Existing Zoning: T (Transitional)

Tract Size: 5.06 +/- Acres

Direction	Future Land Use	Zoning	Present Use
North	"County" Rural	"County" A-1	Vacant
East	"City" Residential Estate	"City" RCE (Residential Country Estate)	Agriculture (Nursery)
South	"City" Residential Estate	"City" PD (Planned Development)	Vacant
West	"City" Residential Very Low Suburban	"City" RSF-1A (Residential Single-Family Estate District)	Vacant

PROJECT SUMMARY:

The subject property, which is approximately 5.06 acres in size, is located at 1400 W. Kelly Park Road and is currently vacant. The applicant is requesting the amendment of the Future Land Use of the property for potential development of 10 single-family residential units. The applicant's proposed amendment of the Future Land Use designation allows two (2) dwelling units per acre by the Comprehensive Plan and is consistent with the proposed rezoning to RSF-1A.

The Future Land Use of RVLS will allow a maximum density of two (2) dwelling units per acre and be compatible with the surrounding areas. The property to the west has a future land use designation of RVLS, the properties to the east and the south has designations of Residential Estate. The property to the north is not within the city limits.

Land Development Code Section 2.5.1.D.3 requires the Council to weigh the relevance of and consider whether

and the extent to which the proposed amendment:

a. Is consistent with and furthers the goals, objectives and policies of the comprehensive plan and other adopted City plans;

- Applicant's response: The proposed project aligns with the goals and objectives of City's Comprehensive Plan, furthering their vision for the city's development by establishing a Future Land Use and Zoning Districts that is compatible with adjacent properties. This process of establishing a Future Land Use and Zoning District is following the recent approval of this property's annexation into the City of Apopka (reference Ordinance No 3043 approved via public hearing on February 23, 2024 and March 1, 2024.)

- Staff response: Staff has no objection.

b. Is in conflict with any provisions of the LDC;

- Applicant's response: The only conflict with the LDC is regarding Section 5.16.5.B.3.d Transportation Improvements which require a right-turn lane for projects on a road with a 45 MPH speed limit. The project has a limited width fronting W. Kelly Park Road (170ft) making it impossible to construct a turn lane meeting minimum FDOT requirements. Due to the low intensity of a project being proposed (8-9 single family homes), it is being requested from the City Engineer that this requirement be omitted. The community is being designed to meet all other aspects of the City's Land Development Code (LDC)

- Staff response: If the future land use amendment is approved, a development plan will be required to be submitted to and approved by the Development Review Committee (DRC). As part of the submittal requirements for the development plan, a Traffic Impact Analysis (TIA) will be required to be submitted which will outline what transportation impact mitigation measures, if any, will be required. The development plan will be reviewed against all applicable Land Development Code (LDC) requirements, including Section 5.16.5.B.3.d, and will be evaluated by the Development Review Committee (DRC) during the development review process.

c. Addresses a demonstrated community need;

- Applicant's response: Housing is in critical shortage across the nation, especially in Central Florida. The City of Apopka has seen a lot of growth with large Planned Development communities with hundreds of homes. However, there is always a demand for smaller communities that will be met by this project. This concept is supported by the fact that the City has approved the annexation of the property with this intention clearly established.

- Staff response: Staff has no objection.

d. Is required by changed conditions;

- Applicant's response: As part of the annexation process, establishment of the Future Land Use and Zoning District is required.

- Staff response: Staff has no objection.

e. Is compatible with existing and proposed uses surrounding the subject land, and is the appropriate zoning district for the land;

- Applicant's response: The project is compatible with surrounding uses and is located within the appropriate zoning district.

- Staff response: Staff has no objection.

f. Would result in a logical and orderly development pattern;

- Applicant's response: The project adheres to a logical and orderly development pattern, promoting efficient land use.

- Staff response: Staff has no objection.

g. Would not result in significant adverse impacts on the natural environment—including, but not limited to, water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment; and

- Applicant's response: The project would not result in significant adverse impacts on the natural environment.

- Staff response: Staff has no objection.

h. Would result in development that is adequately served by public facilities (e.g., streets, potable water, sewerage, stormwater management, solid waste collection and disposal, schools, parks, police, and fire and emergency medical facilities).

- Applicant's response: The project is designed to be adequately served by existing public facilities.

- Staff response: Staff has no objection.

SCHOOL CAPACITY REPORT:

An inquiry was sent to Orange County Public Schools (OCPS) regarding school capacity requirement for this application. OCPS determined that school capacity for the subject development is available for elementary and middle school, but not available for high school.

ORANGE COUNTY NOTIFICATION:

The JPA (Joint Planning Agreement) requires the City to notify the County 30 days before any public hearing or advisory board. The City notified Orange County on May 31, 2024.

PUBLIC HEARING SCHEDULE:

July 9, 2024 – Planning Commission (5:00 P.M.)
 August 7, 2024 – City Council (1:30 P.M.), First Reading
 September 4, 2024 – City Council (1:30 P.M.), Second Reading and Adoption

DULY ADVERTISED:

June 28, 2024 – Apopka Chief
 August 23, 2024 – Apopka Chief (2nd Reading)
 June 7, 2024 – Mailed notices to adjacent property owners
 June 14, 2024 – Posters placed on property

LAND USE REPORT:

I. Relationship of adjacent properties

Direction	Future Land Use	Zoning	Present Use
North	"County" Rural	"County" A-1	Vacant
East	"City" Residential Estate	"City" RCE (Residential Country Estate)	Agriculture (Nursery)
South	"City" Residential Estate	"City" PD (Planned Development)	Vacant
West	"City" Residential Very Low Suburban	"City" RSF-1A (Residential Single-Family Estate District)	Vacant

II. Land Use Analysis

The subject property is located in the Northern portion of the Joint Planning Area. The property is surrounded by low density residential uses. The land use of the properties on the West are Residential Very Low Suburban, which allows 2 dwelling units per acre, and the properties on the East and the South are residential estate that allows 1 dwelling units per acres. Land use of the subject property has recommended for RVLS (Residential Very Low Suburban) for 2 dwelling units per acre to be consistent with its adjacent property, as well as the Comprehensive Plan policies, Development Design Guidelines, and the Land Development Code.

The property is approximately 5.06 acres in size and not located in the following areas:

- Wekiva Parkway Interchange Vision Plan Area: No
- Wekiva River Protection Area: No
- Area of Critical State Concern: No

JPA: The City of Apopka and Orange County entered into a Joint Planning Area (JPA) agreement on October 26, 2004. The proposed Small-Scale Future Land Use Amendment request for a change from "County" Rural to "City" RVLS (Residential Very Low Suburban) is consistent with the terms of the JPA (Second Amendment).

City of Apopka Comprehensive Plan Policies:

Future Land Use Element:

Policy 3.1.c

Very Low Density Suburban Residential

The primary use shall be residential dwelling units up to 2 dwelling units per acre, elementary schools; middle schools; supporting infrastructure of less than two acres, neighborhood parks. Special exception uses shall include: 1) Institutional uses of five acres or less, 2) High schools, 3) Supporting infrastructure and public facilities of two acres or more, and 4) Horticultural nurseries as a primary use.

Transportation Element: Policies 1.1 and 1.2 state that the City of Apopka is a Transportation Concurrency Exception Area.

Infrastructure Element: Policies 1.1.1, 2.1.1 and 5.1.2 state the minimum levels of service for the City's wastewater and water systems as well as the City's solid waste collection service.

Conservation Element: A habitat study will not be required as the development is less than ten (10) acres.

Land Use Calculations:

- CURRENT: Future Land Use – County Rural (1 Dwelling Unit Per 10 Acres) $0.1 \text{ DU/AC} \times 5.06 \text{ ac} = 0.506$ dwelling units
- PROPOSED: Future Land Use – City Residential Very Low Suburban (2 Dwelling Unit Per 1 Acre) $2 \text{ DU} \times 5.06 \text{ ac} = 10.12$ dwelling units

This initial review does not preclude conformance with concurrency requirements at the time of development approval.

RECOMMENDED MOTION:

Development Review Committee (DRC):

Recommends approval of the Change in Future Land Use designation from "County" Rural to "City" RVLS (Residential Very Low Suburban), finding the proposed amendment consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, based on the findings and facts presented in the staff report and exhibits.

Planning Commission:

At its meeting on July 9, 2024, the Planning Commission found the proposed Change in Future Land Use designation from "County" Rural to "City" RVLS (Residential Very Low Suburban), consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, and unanimously recommended approval of the Future Land Use Amendment, based on the findings and facts presented in the staff report and exhibits.

City Council:

At the August 7, 2024, meeting, the City Council unanimously accepted the first reading of Ordinance No. 3052 and held it over for the second reading and adoption.

Recommended Motion – City Council:

Adopt Ordinance No. 3052.

Note: This item is considered Legislative. The staff report and its findings are to be incorporated into and made a part of the minutes of this meeting.

AN ORDINANCE OF THE CITY OF APOPKA, FLORIDA, AMENDING THE FUTURE LAND USE ELEMENT OF THE APOPKA COMPREHENSIVE PLAN OF THE CITY OF APOPKA; CHANGING THE FUTURE LAND USE DESIGNATION FROM COUNTY RURAL TO CITY RESIDENTIAL VERY LOW SUBURBAN FOR PROPERTY LOCATED AT 1400 W. KELLY PARK ROAD; OWNED BY MICHAEL A. GENTLES AND DESMOND W. STREETE, COMPRISING 5.06 ACRES MORE OR LESS; PROVIDING FOR SEVERABILITY, CONFLICTS, AND AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Apopka adopted the City's Comprehensive Plan by Ordinance No. 653 on October 2, 1991, in accordance with the laws of the State of Florida; and

WHEREAS, the City of Apopka is committed to planning and managing the future growth and development of the City; and

WHEREAS, the City Council of the City of Apopka has the authority to amend its Comprehensive Plan pursuant to Chapter 163, *Florida Statutes*; and

WHEREAS, the City of Apopka Planning Commission held a public hearing on August 7, 2024, to consider this small-scale amendment to the Future Land Use Map of the Comprehensive Plan and determined that this amendment is internally consistent with the City’s Comprehensive Plan; and

WHEREAS, the City Council of the City of Apopka held public hearings to consider this amendment, with due public notice having been provided, to obtain public comment, and considered all written and oral comments received during public hearings, including support documents; and

WHEREAS, the City of Apopka has complied with all requirements and procedures of Florida law in processing this small-scale amendment to the City's Comprehensive Plan; and

WHEREAS, the City Council of the City of Apopka hereby finds and determines that this amendment is internally consistent with the City's Comprehensive Plan.

NOW THEREFORE, BE IT ORDAINED, by the City Council of the City of Apopka, Florida, as follows:

Section I. Purpose and Intent. This Ordinance is enacted to carry out the purpose and intent of, and exercise the authority set out in, the Community Planning Act. The City of Apopka has complied with all requirements of Florida Law in processing this ordinance. The recitals set

ORDINANCE NO. 3052

forth above recitals are hereby adopted.

Section II. Future Land Use Map Amendment. Page 1-32 (Map 1-6) of the Future Land Use Element of the City of Apopka Comprehensive Plan, is hereby amended to change the land use from County Rural to City Residential Very Low Suburban for certain real property generally located South of Kelly Park Road and West of Rock Springs Road, comprising 5.06 acres more or less; as shown and further described in Exhibit "A" attached hereto.

Section III. Applicability and Effect. The applicability and effect of the City of Apopka Comprehensive Plan shall be as provided by the Community Planning Act as set forth in Chapter 163, *Florida Statutes*.

Section IV. Severability. If any provision or portion of this Ordinance is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this Ordinance shall remain in full force and effect.

Section V. Conflicts. All Ordinances or parts of Ordinances in conflict with any of the provisions of this Ordinance are hereby repealed.

Section VI. Effective Date. This Ordinance shall become effective thirty-one (31) days after adoption. If challenged within thirty (30) days after adoption, the Ordinance shall become effective after the state land planning agency or the Administration Commission, respectively, issues a final order determining that the adopted small-scale development amendment is in compliance with applicable law.

ADOPTED at a regular meeting of the City Council of the City of Apopka, Florida, this _____ day of _____, 2024.

Hebb & Kraine catch five bass weighing in at 23.05 pounds

Hello Folks,

We are still gettin' a few drops here and there, so I'm very thankful we are gettin' some rain. I hope you had a great weekend and hopefully you got a chance to do some fishin'.

Kyle at Bitter's Bait & Tackle reports that the bluegill and shellcracker season has completed. Folks took advantage of last week's full moon to get in on the last of the bluegills. I'm sure there may be a few stragglers around,

but most of the panfish are through beddin' for this year.

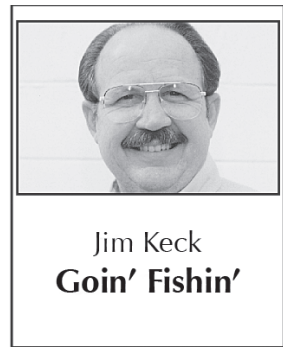

The bass fishin' on the Harris Chain hasn't been too bad lately. The X-treme Bass Series held a tournament on the chain last weekend and the team of Kim Hebb and John Kraine brought 5 bass to the scales that weighed in at 23.05 pounds. They also had a big bass in their sack that weighed in at 8.50 pounds. The team of Eric Krause and James Kend-

rick had the biggest bass that weighed 8.51 pounds. Can you imagine losin' the big bass pot by .01 tenth of an ounce? The big bass pot was worth \$240 dollars.

Kyle also reports that the bass fishin' on the Maitland Chain has been pretty good. Folks are fishin' the chain early mornin' or late evenin'. Most of the bass are bein' caught around the submerged hydrilla and eel-grass beds. You can rip a lipless crank-bait through the grass for some good re-

sults, or fish plastic worms in the grass as well.

The Butler Chain has been good for catchin' keeper-size bass. You can also catch some schoolers when they come up around the boat. Try usin' a noisy top-water bait or a chatter-bait when they come up. With these hot days, you may need to fish a little deeper around the submerged pepper grass beds. The grass provides some shade for the bass and the water is a little cooler. It's that time of year when you need to slow down your retrieve, especially if you are fishin' plastic worms or slow-sinkin' Senko type baits. The bass need time to make up their mind if they are goin' to bite, or

Jim Keck
Goin' Fishin'

not.

My fishin' buddy Rick is probably the best at this as anyone. Rick picks a spot, and casts to it. Then he lets his worm just lay there until he moves it, or a bass picks it up and starts to swim off with his worm. Back in the day, we called it "Dead Stickin'."

Kyle also reports that the bass fishin' on West

Lake Toho has been pretty good even after the spray-in' they did last week. Like I mentioned last week, I hope they didn't kill all the grass on the South end of the lake. They have been gettin' some rain down on Toho but they are lettin' water out to go south through the locks. The water is still low on Toho, so don't get your boat bot-tomed out, or you might have to get out and push it off the bottom.

Well folks, that's it for this week.

I hope you have a great week, and I'll see ya on the water real soon.

Tip of the week: Early or late

Save a few and good luck!

Forwards: Angervil has the same goals as the rest of the seniors

Continued from page 1B

most important qualities in a leader are patience and the ability to be calm in any situation.

Angervil and all of the other seniors really have the same goal as a team – make it to Lakeland and be in the fight for the FHSAA State Championship. But each one of them has separate personal goals for the next few months.

“Our team goal is to make it to Lakeland and have a great record. My personal goal is to get my name and Apopka's name out there and bring excitement to Apopka,” said Angervil.

Right now, Angervil is focused on improving his conditioning and his athleticism as he says those are the parts of his game that are lacking but he's also focused on his finesse and finishing at the rim. I also asked him if he prefers to shoot from the field or finish at the rim to which he gave a funny response that coach Scott Williams probably doesn't want to hear.

“Finish at the rim... Nah I mean honestly; I want to shoot the ball. I just want to shoot the ball,” Angervil said while he and Jeremiah Johnson laughed.

He then told me his go-to move to get a bucket right now is a hop-step to the other side of where his opponent's feet are facing.

On defense, Angervil is always and only thinking about staying between his man and the basket but he still needs to work on his discipline in the paint. This ties into what Angervil said is the best advice he's gotten about basketball which is to be patient.

“The game becomes easier when you slow it down for yourself.”

Angervil says he sees his role as the leader and the energy guy. He said as a senior that he wants to be a leader on and off the court.

We took a second to talk about last season's highs and lows where he and a lot of his teammates shared the same sentiments. He said the high was making it to playoffs through the adversity the team faced last year with their less-than-spectacular record. But the lows were losing games that he and the team feel like they shouldn't have lost.

I asked him why he thinks the team lost those games last year and he said that the team didn't care enough but that that was going to change this year.

“We just didn't care enough. This year we want to care more and leave everything on the court every game. Last year we left stuff on the court that we should've never left.”

Angervil said he's learned a lot over his years on the team and that he will bring that with him as a leader.

“I learned to always stay calm no matter that situation and to never give up until the clock hits zero.”

One of my last questions was a fun one to see what kind of players each of the seniors was. It was, “What is more important, defense or offense?” Angervil laughing again said offense is more important than defense.

Before our interview was over Angervil had one last thing to say about his game. It was that he likes to be flashy and exciting with his play.

“I hate a boring play style. I would rather do something flashy than sit there and do box drills. I could score 10 and I still

wouldn't be happy playing like that. “

So, if you come out to watch the boys play look for number 4 trying to do something flashy and then look for coach Williams, who will probably have a hand over his face.

Larson Taylor: #5 Forward

Taylor told me he started playing ball when he was in sixth grade and stuck with it because it came to him easily.

“Uhhh... I don't know. It really just came to me. I just tried out one year and I made it – so I kept going.”

Taylor told me he has really come into his own this summer because of constantly working with and being around all of his teammates.

“Summer has really helped us come together as a team for the upcoming season. It's been great to build that chemistry between us by being around each other more,” Taylor said.

I asked how he felt about his new role on the team as a leader and not just a player and Taylor was a bit hesitant but ready for the challenge and the opportunity.

“I mean I don't know. It does feel kind of different. There's a lot of responsibility that comes with it and you have to really be on the same page because this is us, it's our time. We got to be on point because our teammates follow our lead.”

Larson told me the most important qualities in a leader are a voice that others will listen to and respect, but most of all their actions on and off the court.

When talking about personal and team goals,

Don't trash; recycle campaign signs

With the primary election now over, Orange County encourages residents to recycle campaign signs instead of throwing them in the trash.

In partnership with the City of Winter Park, the City of Orlando and the League of Women Voters, Orange County will collect campaign signs so they can be used as a cleaner energy source.

"The intent is to not send these single use signs off to the landfill," said Aimee Krivan, Pollution Prevention Program Coordinator with the County's Environmental Protection Division. "We have found a way

for these signs to have a second life."

The signs are sent to NuCycle where they are converted into Enviro-Fuelcubes® used by the cement and electrical power industries to replace coal. In 2022, the program's first year, it diverted 11,140 pounds in campaign signs from the landfill.

Wood and metal frames must be removed from signs before donating. Donations can be made from August 21 through September 1 at the following locations: Broadway United Methodist Church, 406 E. Amelia St., Orlando, FL 32803; First

Unitarian Church, 1901 E. Robinson St., Orlando, FL 32803; Solid Waste Management, 1028 Woods Avenue, Orlando, FL 32805; Porter Transfer Station, 1326 Good Homes Rd., Orlando, FL 32818; Cady Way Pool, 2529 Cady Way, Winter Park, FL 32792; Mead Botanical Garden, 1310 S. Moore: Suburban sprawl is real

Continued from page 2A

tures. We are doing what we can in Lockhart and waiting for Vision 2050 to pass and funding to come to improve Edgewater Drive.

The Pine Hills section of District 2 was developed during the suburban sprawl and automobile era. A vibrant, dense downtown does not exist. Most of the workers must travel too far to job markets. Richard Florida talks about the younger generation wanting to ditch the cars and big houses and reside in more creative communities. On a positive note, the Lynx Superstop is being rebuilt, the Pine Hills Trail expanded, downtown design features added, and my People of Clarcona-Ocoee group is painting a mural with artist

Delia Miller this Saturday at the Rebel Gas Station at the corner of Pine Hills and Clarcona-Ocoee roads. We are working towards a better Pine Hills.

As for Apopka, I hear many residents angry with the suburban sprawl and lack of infrastructure. It is unfortunate that big box stores, large scale farming in Central and South America, and the buy-out of Lake Apopka farms drastically changed the farming economics. Yet, Florida says this is the opportunity for a great reset. Apopka can become much more than a bedroom community for Orlando. Richard Florida has many ideas and methodologies to make this possible. I hope you read one of his books.

We are all part of a large mega-economy of

Central Florida. The possibilities for success economically and preserving our environmental treasures are endless. We can offer a much better way of life while contributing meaningfully to the productivity and prosperity of the economy. Florida mentions the reset from 2010 as our opportunity for higher education "sparking" the creation of the modern research-intensive university. Ah, we could benefit from thinking this through.

Yet too many times we sit back and let all the innovation locate in East Orange County, or the new chip industry and unmanned vehicles locate in Osceola County. We must do more than simply fill up large warehouses along Lake Apopka. We must innovate.

Byrd: More benefits are now offered

Continued from page 2A

tial incentives of \$10,800 and most recently, we worked with their union to secure an additional \$8,000 annual bonus paid quarterly for the next two years.

It's this last new \$16,000/two-year bonus that seems to be making an impact.

The district holds job fairs just about every two weeks but even with all of this, the applicants just haven't shown up. In the past, we were lucky to have five or six applicants attend the fairs.

Yet, this past Monday, at the district's most recent transportation fair, 140 applicants showed up after all the news coverage the previous week about the shortage and the new bonus system.

I remain hopeful that all these strategies will make a difference but it is going to take time and we will have to keep being creative to make up for the lack of funding we have available, which is always the bottom line concern. I tell you all of this because I ask for grace and creativity. Grace with the delays as many of our drivers have to do double pickups to each school because of the shortage. This causes considerable delays and extra early pickups.

Creativity in helping us where you can will be appreciated. If you can drive your child to school, please do. This allows the valuable seats to be used for children who have no other way to get to school. Work with neighbors and friends to create carpools

or create group walking or biking clubs. Work with your school's PTA to help organize neighborhood carpools.

I know this is incredibly frustrating and burdensome on families, students and staff. It's frustrating for me as well because I want nothing more than to ensure kids can get to school quickly and on time without issue so they can learn and be successful.

I will continue to work with district staff to look for solutions and I will also continue to reach out to our state legislators advocating for proper funding so we can compete for drivers. I encourage you to do the same.

Most of all, get the word out that we are hiring and encourage people you know to join our team.

Hayden: Groundwork has been laid

Continued from page 2A

or competition increases your desire to excel? Our education system has its sight: set on *dumbing down America*. If you don't believe that, ask your daughter, or son anything you remember from your 6th or 7th grade classes pertaining to history, American or World.

When my mom took me into town to shop for the month, we used to go to A&P, and after checking out three or four baskets full, she would tear off the bottom of the receipt (the total cost), hand it to me and ask me to total it, in my head.

I thought that was cruel and unusual punishment, but Mom would laugh and make a game out of it, and before long I became proficient in using my head as something more than a hat rack. To my shame, I do not incorporate those kinds

of learning exercises into teaching my kids. When we depend on our education system and do not take part, we throw our children to the wolves of the world. They are more than willing to teach *their way* of dealing with the world's ills, and it is absolutely demented.

The groundwork for our children to be radicalized has been laid. Our colleges are full of Socialists, Communists, and Globalists that have been taught by those same people that were students in the 70s and 80s.

Do you remember? It was a time of "me-ism's." Everything had to do with "me first." We started using words like self-awareness, self-esteem, self-assertion, self-denial, self-love, and self-care, and no one could tell them that it was a lonely, lonely world when you are the only one there. Those same people

are teaching in our colleges now.

The school attitude of most students now is, let me get by, by the skin of my teeth, and I will be *free!* When the goal is getting through, rather than getting educated to better the world, we are in trouble.

Those out to destroy America and our sovereignty are not sitting around talking, they are actively taking part in everything as planned by George Soros, the Open Society Foundation, the Globalists, and this administration.

What is amazing to me is, we have men and women willing to cross the ocean to fight and die for the freedoms we hold dear, and then there are those who will not cross the street to vote!

It is your turn to show the world. GET UP, OUT and VOTE!!

County: Expansion cost \$5 million, comes from federal funds

Continued from page 1A

Spectrum, Orange County installed underground fiber optic cables, giving residents access to high speed internet.

Demings also announced that through a partnership with the Aeras Foundation, wifi enabled digital devices are available to be loaned to qualified residents. Aeras works with community organizations and has already distributed more than 700 devices to residents.

“Overall, Orange County is addressing needs related to access and affordability. We are working to ensure that no one is left behind. We want to achieve digital equity so that all residents in Orange County can be fully connected,” Demings said.

These projects reflect a cost of over \$5 million. The money is coming from the American Rescue Plan Act of 2021, which designated more than \$25 billion to be invested in affordable high-speed internet and connectivity across the United States.

Among the people Demings recognized for their efforts in seeing the broadband project come to fruition were Simone Bath, Orange County chief innovation and emerging technology officer; and Emily Bonilla, Orange County District 5 commissioner who represents areas including Bithlo/Christmas.

Bonilla explained the firsthand inconvenience of lacking broadband access to her home, so much so that she ensured the county would overcome this problem once she was first elected county commissioner in 2016.

“I am so happy to say that I now have a thousand megabytes per second in my internet,” Bonilla said. “It is just the best. I am now in the future. We finally caught up to technology and it’s just been great. You don’t hear anymore anyone yelling ‘Who’s using the internet?’”

South Apopka is not really rural like District 5, but it’s an underserved area, said District 2 Commissioner Christine Moore, who represents South Apopka. She pointed out that South Apopka first got paved roads when Linda Chapin was Orange County chair.

“We have a lot of new housing coming along and it’s hard to imagine that I had pockets of my district that didn’t have wifi, but think for a moment – you heard a little bit from Commissioner Bonilla – but think about students who had to head up to an area, the coffee shop at McDonald’s, just hunting for wifi. Yet those are the same fam-

ilies that are transportation challenged. They certainly were at a deficit compared to any other,” Moore said.

The broadband project was actually completed ahead of deadline. The state government affairs for Charter Communications took the challenge to get

the project done by March 2025, said Marva Johnson, group vice president, State Government Affairs for Charter Communications.

“This county understood how important making sure that every citizen had access to the same essential services would be.

You made the commitment to make that investment and partner with the public private sector partner to deliver it. So we’re very honored to be your partner in that effort and we’re very excited about this important step in closing a digital divide,” Johnson said.

Residents affected by the completion of this project are directed to visit spectrum.com or call (855) 860-9068 to become a new customer or upgrade their service. In addition to being newly connected, residents may qualify for special pricing.

FWC issues School Fishing Club Grant to 50 schools

Hello Folks,

I hope everyone had a great weekend and you got a chance to enjoy the Blue Full Moon we had at the first of the week. I walked outside and enjoyed how bright the moon was and how big it seemed. Accordin’ to NASA, the blue moon is closer to the Earth, and so it looks bigger and seems brighter. Anyway, the fishin’ is still slow for most folks.

Kyle at Bitter’s Bait & Tackle reports that not too many folks are gettin’ on the water and goin’ fishin’. The panfish have slowed way down in most of the lakes. I do see some nice stringers of shellcrackers bein’ caught in some of the local lakes in our area. Most of those shellcrackers are bein’ caught on grass-shrimp, and a few are bein’ caught on red-worms.

The bass fishin’ on the Kissimmee Chain has been

Jim Keck

pretty good as of late. X-Treme Bass Series held a tournament on the chain last weekend. The team of Andrew Hall and Kyle Brewer grabbed the win at the Lake Toho Division. They weighed in 5 bass that hit the scales at 29.20 pounds. Kyle Brewer caught the biggest bass of the day with a 6.34 pounder. You know what they say an ounce of water makes a difference – how about 1/100th of an ounce of water. Kyle’s big bass was 1/100th of an ounce bigger than the next biggest bass caught that day. Kyle’s bass weighed

in at 6.34 pounds, and the next big bass weighed in at 6.33 pounds. Folks that’s as close as it can be and I’m sure the guy that caught the 2nd biggest bass was heart-broken. I know I would have been.

The bass fishin’ on Johns Lake has been a little slow since FWC sprayed the lake. Last Wednesday night, the team of John Brazell and Mike Bruton won the tournament with 3 bass that hit the scales at 9.80 pounds. John and Mike also had big bass of the tournament which weighed 3.55 pounds.

I also want to mention that the FWC has issued a School Fishing Club Grant to 50 schools for the upcoming school year. Each school was awarded a \$500-grant for this school year. The money will help with the club ex-

pass turned into a school record 99-yard reception and touchdown.

“The focus was much more on what we practiced after the interception and touchdown. Of course, teams tend to be much less tense and think about how to win instead of avoid losing when holding a lead too. There wasn’t a sense of giving up or the sky is falling because clicking as a team didn’t start right away.”

Another two points

were added at the end of the Titans’ next possession as the high snap also traveled through the end zone.

Wekiva’s other scores came on touchdowns, a seven-yard rush from Isaiah McNish, a 19-yard Jackson Keillor to Naeem Woulard pass and a blocked punt, recovered in the end zone.

The touchdowns were scored with 2:35 of the first quarter, 2:15 of the second and 10 seconds remaining in the contest, respectively.

Only one possession

ended with the Titans gaining more than one first down and 15 yards. Olympia moved the ball from its 35 yard line to Wekiva’s 1-yard line on the first possession of the second half. The ball was turned over on downs though. Will Wankelman’s arching into the left back corner of the end zone pass was caught out of bounds.

Not counting the first drive of the second half, the Titans gained 49 yards on 28 plays. Wekiva also

nant their passing game is, you’d think Tampa would have no run game, or at least a subpar one, but they put up 175 rushing yards and four rushing touchdowns on Apopka’s young defense. To put it into perspective, Apopka is a run-first team that runs 80 percent of the time and the Blue Darters only collected 195 rushing yards.

The first quarter was relatively quiet with both teams poking and prodding at each other trying to figure out where their

weakness was. Apopka’s first drive was a three-and-out followed by a six-play touchdown drive from Tampa to open the game.

After getting another opportunity with the ball, Apopka once again went three and out turning the ball over after losing yards to penalties and a sack on quarterback Tyson Davison. But this time, Apopka was able to stop Tampa in its tracks and forced them to punt it right back.

But again, Apopka’s offense could not find any space to set up the run or pass game. Apopka gained

just seven yards and was forced to punt facing a fourth and three.

Before the end of the first quarter, Tampa had the ball again starting on their 11-yard line. They decided to go with the run but were stuffed on first down. But, on second down they found a little room with a quick pass to a receiver at the line who beat one Apopka defender near the sideline for a first down.

Tampa stuck with run again going to the outside where they grabbed

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 2.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Ordinance No. 3053 – Second Reading – Change of Zoning – 1400 W Kelly Park Rd

REQUEST:

Adopt Ordinance No. 3053

SUMMARY:

Owner(s): Michael A. Gentles, Desmond W. Streete

Applicant: Jose Chaves

Parcel Identification Number(s): 17-20-28-0000-00-008

Location: 1400 W Kelly Park Road

Existing Zoning: T (Transitional)

Proposed Zoning: RSF-1A (Residential Single-Family Estate District)

Existing Use(s): Vacant

Existing Future Land Use: "County" Rural

Tract Size: 5.06 +/- Acres

Direction	Future Land Use	Zoning	Present Use
North	"County" Rural	"County" A-1	Vacant
East	Residential Estate	RCE (Residential Country Estate)	Agriculture (Nursery)
South	Residential Estate	PD (Planned Development)	Vacant
West	Residential Very Low Suburban	RSF-1A (Residential Single-Family Estate District)	Vacant

PROJECT SUMMARY:

The subject property, which is approximately 5.06 acres in size, is located at 1400 W. Kelly Park Road and is currently vacant. The applicant is requesting the amendment of the Future Land Use of the property for potential development of 10 single-family residential units. The applicant's proposed use of residential development is permitted use in the RSF-1A zoning district per Land Development Code Table 4.2.2.C. Land Development Code Section 10.3.1.D.1 defines 'dwelling, single-family detached' as follows: "A dwelling designed for or occupied exclusively by one family on a lot. There shall only be one single-family detached dwelling on one individual lot."

The proposed RSF-1A zoning district allows for a maximum density of three dwelling units per acre and is compatible with the surrounding areas. The property to the west has zoning designations of RSF-1A, the property to the east has designations of RCE (Residential Country Estate), and the property to the south has designations of PD for single-family dwellings. The property to the north is not within the city limits.

Land Development Code Section 2.5.1.D.3 requires the Council to weigh the relevance of and consider whether and the extent to which the proposed amendment:

a. Is consistent with and furthers the goals, objectives and policies of the comprehensive plan and other adopted City plans;

- Applicant's response: The proposed project aligns with the goals and objectives of City's Comprehensive Plan, furthering their vision for the city's development by establishing a Future Land Use and Zoning Districts that is compatible with adjacent properties. This process of establishing a Future Land Use and Zoning District is following the recent approval of this property's annexation into the City of Apopka (reference Ordinance No 3043 approved via public hearing on February 23, 2024 and March 1, 2024.)

- Staff response: Staff has no objection.

b. Is in conflict with any provisions of the LDC;

- Applicant's response: The only conflict with the LDC is regarding Section 5.16.5.B.3.d Transportation Improvements which require a right-turn lane for projects on a road with a 45 MPH speed limit. The project has a limited width fronting W. Kelly Park Road (170ft) making it impossible to construct a turn lane meeting minimum FDOT requirements. Due to the low intensity of a project being proposed (8-9 single family homes), it is being requested from the City Engineer that this requirement be omitted. The community is being designed to meet all other aspects of the City's Land Development Code (LDC)

- Staff response: If the rezoning is approved, a development plan will be required to be submitted to and approved by the Development Review Committee (DRC). As part of the submittal requirements for the development plan, a Traffic Impact Analysis (TIA) will be required to be submitted which will outline what transportation impact mitigation measures, if any, will be required. The development plan will be reviewed against all applicable Land Development Code (LDC) requirements, including Section 5.16.5.B.3.d, and will be evaluated by the Development Review Committee (DRC) during the development review process.

c. Addresses a demonstrated community need;

- Applicant's response: Housing is in critical shortage across the nation, especially in Central Florida. The City of Apopka has seen a lot of growth with large Planned Development communities with hundreds of homes. However, there is always a demand for smaller communities that will be met by this project. This concept is supported by the fact that the City has approved the annexation of the property with this intention clearly established.

- Staff response: Staff has no objection.

d. Is required by changed conditions;

- Applicant's response: As part of the annexation process, establishment of the Future Land Use and Zoning District is required.

- Staff response: Staff has no objection.

e. Is compatible with existing and proposed uses surrounding the subject land, and is the appropriate zoning district for the land;

- Applicant's response: The project is compatible with surrounding uses and is located within the appropriate zoning district.

- Staff response: Staff has no objection.

f. Would result in a logical and orderly development pattern;

- Applicant's response: The project adheres to a logical and orderly development pattern, promoting efficient land use.

- Staff response: Staff has no objection.

g. Would not result in significant adverse impacts on the natural environment—including, but not limited to, water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment; and

- Applicant's response: The project would not result in significant adverse impacts on the natural environment.

- Staff response: Staff has no objection.

h. Would result in development that is adequately served by public facilities (e.g., streets, potable water, sewerage, stormwater management, solid waste collection and disposal, schools, parks, police, and fire and emergency medical facilities).

- Applicant's response: The project is designed to be adequately served by existing public facilities.
- Staff response: Staff has no objection.

SCHOOL CAPACITY REPORT:

An inquiry was sent to Orange County Public Schools (OCPS) regarding school capacity requirement for this application. OCPS determined that school capacity for the subject development is available for elementary and middle school, but not available for high school.

ORANGE COUNTY NOTIFICATION:

The JPA (Joint Planning Agreement) requires the City to notify the County 30 days before any public hearing or advisory board. The City notified Orange County on May 31, 2024.

RECOMMENDED MOTION:

Development Review Committee (DRC):

Recommends approval of the Change of Zoning from T (Transitional) to RSF-1A (Residential Single-Family Estate District), finding the proposed change consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, based on the findings and facts presented in the staff report and exhibits.

Planning Commission:

At its meeting on July 9, 2024, the Planning Commission found the proposed Change of Zoning from T (Transitional) to RSF-1A (Residential Single-Family Estate District), consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, and unanimously recommended approval of the proposed Change of Zoning, based on the findings and facts presented in the staff report and exhibits.

City Council:

At the August 7, 2024, meeting, the City Council unanimously accepted the first reading of Ordinance No. 3053 and held it over for second reading and adoption.

Recommended Motion – City Council:

Adopt Ordinance No. 3053.

Note: This item is considered quasi-judicial. The staff report and its findings are to be incorporated into and made a part of the minutes of this meeting.

Hebb & Kraine catch five bass weighing in at 23.05 pounds

Hello Folks,
We are still gettin' a few drops here and there, so I'm very thankful we are gettin' some rain. I hope you had a great weekend and hopefully you got a chance to do some fishin'.
Kyle at Bitter's Bait & Tackle reports that the bluegill and shellcracker season has completed. Folks took advantage of last week's full moon to get in on the last of the bluegills. I'm sure there may be a few stragglers around,

but most of the panfish are through beddin' for this year.
The bass fishin' on the Harris Chain hasn't been too bad lately. The X-treme Bass Series held a tournament on the chain last weekend and the team of Kim Hebb and John Kraine brought 5 bass to the scales that weighed in at 23.05 pounds. They also had a big bass in their sack that weighed in at 8.50 pounds. The team of Eric Krause and James Kend-

rick had the biggest bass that weighed 8.51 pounds. Can you imagine losin' the big bass pot by .01 tenth of an ounce? The big bass pot was worth \$240 dollars.
Kyle also reports that the bass fishin' on the Maitland Chain has been pretty good. Folks are fishin' the chain early mornin' or late evenin'. Most of the bass are bein' caught around the submerged hydrilla and eel-grass beds. You can rip a lipless crank-bait through the grass for some good re-

sults, or fish plastic worms in the grass as well.
The Butler Chain has been good for catchin' keeper-size bass. You can also catch some schoolers when they come up around the boat. Try usin' a noisy top-water bait or a chatter-bait when they come up. With these hot days, you may need to fish a little deeper around the submerged pepper grass beds. The grass provides some shade for the bass and the water is a little cooler. It's that time of year when you need to slow down your retrieve, especially if you are fishin' plastic worms or slow-sinkin' Senko type baits. The bass need time to make up their mind if they are goin' to bite, or

Jim Keck
Goin' Fishin'

Lake Toho has been pretty good even after the spray-in' they did last week. Like I mentioned last week, I hope they didn't kill all the grass on the South end of the lake. They have been gettin' some rain down on Toho but they are lettin' water out to go south through the locks. The water is still low on Toho, so don't get your boat bot-tomed out, or you might have to get out and push it off the bottom.

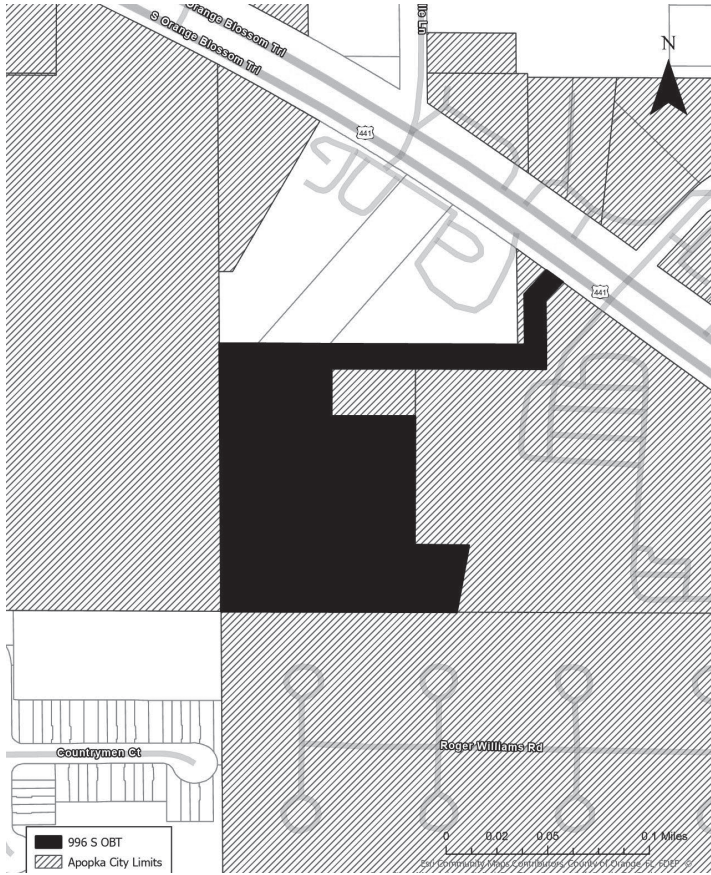

Well folks, that's it for this week.
I hope you have a great week, and I'll see ya on the water real soon.
Tip of the week: Early or late
Save a few and good luck!

Forwards: Angervil has the same goals as the rest of the seniors

Continued from page 1B

most important qualities in a leader are patience and the ability to be calm in any situation.

Angervil and all of the other seniors really have the same goal as a team – make it to Lakeland and be in the fight for the FHSAA State Championship. But each one of them has separate personal goals for the next few months.

“Our team goal is to make it to Lakeland and have a great record. My personal goal is to get my name and Apopka's name out there and bring excitement to Apopka,” said Angervil.

Right now, Angervil is focused on improving his conditioning and his athleticism as he says those are the parts of his game that are lacking but he's also focused on his finesse and finishing at the rim. I also asked him if he prefers to shoot from the field or finish at the rim to which he gave a funny response that coach Scott Williams probably doesn't want to hear.

“Finish at the rim... Nah I mean honestly; I want to shoot the ball. I just want to shoot the ball,” Angervil said while he and Jer-michael Johnson laughed.

He then told me his go-to move to get a bucket right now is a hop-step to the other side of where his opponent's feet are facing.

On defense, Angervil is always and only thinking about staying between his man and the basket but he still needs to work on his discipline in the paint. This ties into what Angervil said is the best advice he's gotten about basketball which is to be patient.

“The game becomes easier when you slow it down for yourself.”

Angervil says he sees his role as the leader and the energy guy. He said as a senior that he wants to be a leader on and off the court.

We took a second to talk about last season's highs and lows where he and a lot of his teammates shared the same sentiments. He said the high was making it to playoffs through the adversity the team faced last year with their less-than-spectacular record. But the lows were losing games that he and the team feel like they shouldn't have lost.

I asked him why he thinks the team lost those games last year and he said that the team didn't care enough but that that was going to change this year.

“We just didn't care enough. This year we want to care more and leave everything on the court every game. Last year we left stuff on the court that we should've never left.”

Angervil said he's learned a lot over his years on the team and that he will bring that with him as a leader.

“I learned to always stay calm no matter that situation and to never give up until the clock hits zero.”

One of my last questions was a fun one to see what kind of players each of the seniors was. It was, “What is more important, defense or offense?” Angervil laughing again said offense is more important than defense.

Before our interview was over Angervil had one last thing to say about his game. It was that he likes to be flashy and exciting with his play.

“I hate a boring play style. I would rather do something flashy than sit there and do box drills. I could score 10 and I still

wouldn't be happy playing like that. “

So, if you come out to watch the boys play look for number 4 trying to do something flashy and then look for coach Williams, who will probably have a hand over his face.

Larson Taylor: #5 Forward

Taylor told me he started playing ball when he was in sixth grade and stuck with it because it came to him easily.

“Uhhh... I don't know. It really just came to me. I just tried out one year and I made it – so I kept going.”

Taylor told me he has really come into his own this summer because of constantly working with and being around all of his teammates.

“Summer has really helped us come together as a team for the upcoming season. It's been great to build that chemistry between us by being around each other more,” Taylor said.

I asked how he felt about his new role on the team as a leader and not just a player and Taylor was a bit hesitant but ready for the challenge and the opportunity.

“I mean I don't know. It does feel kind of different. There's a lot of responsibility that comes with it and you have to really be on the same page because this is us, it's our time. We got to be on point because our teammates follow our lead.”

Larson told me the most important qualities in a leader are a voice that others will listen to and respect, but most of all their actions on and off the court.

When talking about personal and team goals,

Don't trash; recycle campaign signs

With the primary election now over, Orange County encourages residents to recycle campaign signs instead of throwing them in the trash.

In partnership with the City of Winter Park, the City of Orlando and the League of Women Voters, Orange County will collect campaign signs so they can be used as a cleaner energy source.

"The intent is to not send these single use signs off to the landfill," said Aimee Krivan, Pollution Prevention Program Coordinator with the County's Environmental Protection Division. "We have found a way

for these signs to have a second life."

The signs are sent to NuCycle where they are converted into Enviro-Fuelcubes® used by the cement and electrical power industries to replace coal. In 2022, the program's first year, it diverted 11,140 pounds in campaign signs from the landfill.

Wood and metal frames must be removed from signs before donating. Donations can be made from August 21 through September 1 at the following locations: Broadway United Methodist Church, 406 E. Amelia St., Orlando, FL 32803; First

Unitarian Church, 1901 E. Robinson St., Orlando, FL 32803; Solid Waste Management, 1028 Woods Avenue, Orlando, FL 32805; Porter Transfer Station, 1326 Good Homes Rd., Orlando, FL 32818; Cady Way Pool, 2529 Cady Way, Winter Park, FL 32792; Mead Botanical Garden, 1310 S. Moore: Suburban sprawl is real

Continued from page 2A

tures. We are doing what we can in Lockhart and waiting for Vision 2050 to pass and funding to come to improve Edgewater Drive.

The Pine Hills section of District 2 was developed during the suburban sprawl and automobile era. A vibrant, dense downtown does not exist. Most of the workers must travel too far to job markets. Richard Florida talks about the younger generation wanting to ditch the cars and big houses and reside in more creative communities. On a positive note, the Lynx Superstop is being rebuilt, the Pine Hills Trail expanded, downtown design features added, and my People of Clarcona-Ocoee group is painting a mural with artist

Delia Miller this Saturday at the Rebel Gas Station at the corner of Pine Hills and Clarcona-Ocoee roads. We are working towards a better Pine Hills.

As for Apopka, I hear many residents angry with the suburban sprawl and lack of infrastructure. It is unfortunate that big box stores, large scale farming in Central and South America, and the buy-out of Lake Apopka farms drastically changed the farming economics. Yet, Florida says this is the opportunity for a great reset. Apopka can become much more than a bedroom community for Orlando. Richard Florida has many ideas and methodologies to make this possible. I hope you read one of his books.

We are all part of a large mega-economy of

Central Florida. The possibilities for success economically and preserving our environmental treasures are endless. We can offer a much better way of life while contributing meaningfully to the productivity and prosperity of the economy. Florida mentions the reset from 2010 as our opportunity for higher education "sparking" the creation of the modern research-intensive university. Ah, we could benefit from thinking this through.

Yet too many times we sit back and let all the innovation locate in East Orange County, or the new chip industry and unmanned vehicles locate in Osceola County. We must do more than simply fill up large warehouses along Lake Apopka. We must innovate.

Byrd: More benefits are now offered

Continued from page 2A

tial incentives of \$10,800 and most recently, we worked with their union to secure an additional \$8,000 annual bonus paid quarterly for the next two years.

It's this last new \$16,000/two-year bonus that seems to be making an impact.

The district holds job fairs just about every two weeks but even with all of this, the applicants just haven't shown up. In the past, we were lucky to have five or six applicants attend the fairs.

Yet, this past Monday, at the district's most recent transportation fair, 140 applicants showed up after all the news coverage the previous week about the shortage and the new bonus system.

I remain hopeful that all these strategies will make a difference but it is going to take time and we will have to keep being creative to make up for the lack of funding we have available, which is always the bottom line concern. I tell you all of this because I ask for grace and creativity. Grace with the delays as many of our drivers have to do double pickups to each school because of the shortage. This causes considerable delays and extra early pickups.

Creativity in helping us where you can will be appreciated. If you can drive your child to school, please do. This allows the valuable seats to be used for children who have no other way to get to school. Work with neighbors and friends to create carpools

or create group walking or biking clubs. Work with your school's PTA to help organize neighborhood carpools.

I know this is incredibly frustrating and burdensome on families, students and staff. It's frustrating for me as well because I want nothing more than to ensure kids can get to school quickly and on time without issue so they can learn and be successful.

I will continue to work with district staff to look for solutions and I will also continue to reach out to our state legislators advocating for proper funding so we can compete for drivers. I encourage you to do the same.

Most of all, get the word out that we are hiring and encourage people you know to join our team.

Hayden: Groundwork has been laid

Continued from page 2A

or competition increases your desire to excel? Our education system has its sight: set on *dumbing down America*. If you don't believe that, ask your daughter, or son anything you remember from your 6th or 7th grade classes pertaining to history, American or World.

When my mom took me into town to shop for the month, we used to go to A&P, and after checking out three or four baskets full, she would tear off the bottom of the receipt (the total cost), hand it to me and ask me to total it, in my head.

I thought that was cruel and unusual punishment, but Mom would laugh and make a game out of it, and before long I became proficient in using my head as something more than a hat rack. To my shame, I do not incorporate those kinds

of learning exercises into teaching my kids. When we depend on our education system and do not take part, we throw our children to the wolves of the world. They are more than willing to teach *their way* of dealing with the world's ills, and it is absolutely demented.

The groundwork for our children to be radicalized has been laid. Our colleges are full of Socialists, Communists, and Globalists that have been taught by those same people that were students in the 70s and 80s.

Do you remember? It was a time of "me-ism's." Everything had to do with "me first." We started using words like self-awareness, self-esteem, self-assertion, self-denial, self-love, and self-care, and no one could tell them that it was a lonely, lonely world when you are the only one there. Those same people

are teaching in our colleges now.

The school attitude of most students now is, let me get by, by the skin of my teeth, and I will be *free!* When the goal is getting through, rather than getting educated to better the world, we are in trouble.

Those out to destroy America and our sovereignty are not sitting around talking, they are actively taking part in everything as planned by George Soros, the Open Society Foundation, the Globalists, and this administration.

What is amazing to me is, we have men and women willing to cross the ocean to fight and die for the freedoms we hold dear, and then there are those who will not cross the street to vote!

It is your turn to show the world. GET UP, OUT and VOTE!!

County: Expansion cost \$5 million, comes from federal funds

Continued from page 1A

Spectrum, Orange County installed underground fiber optic cables, giving residents access to high speed internet.

Demings also announced that through a partnership with the Aeras Foundation, wifi enabled digital devices are available to be loaned to qualified residents. Aeras works with community organizations and has already distributed more than 700 devices to residents.

“Overall, Orange County is addressing needs related to access and affordability. We are working to ensure that no one is left behind. We want to achieve digital equity so that all residents in Orange County can be fully connected,” Demings said.

These projects reflect a cost of over \$5 million. The money is coming from the American Rescue Plan Act of 2021, which designated more than \$25 billion to be invested in affordable high-speed internet and connectivity across the United States.

Among the people Demings recognized for their efforts in seeing the broadband project come to fruition were Simone Bath, Orange County chief innovation and emerging technology officer; and Emily Bonilla, Orange County District 5 commissioner who represents areas including Bithlo/Christmas.

Bonilla explained the firsthand inconvenience of lacking broadband access to her home, so much so that she ensured the county would overcome this problem once she was first elected county commissioner in 2016.

“I am so happy to say that I now have a thousand megabytes per second in my internet,” Bonilla said. “It is just the best. I am now in the future. We finally caught up to technology and it’s just been great. You don’t hear anymore anyone yelling ‘Who’s using the internet?’”

South Apopka is not really rural like District 5, but it’s an underserved area, said District 2 Commissioner Christine Moore, who represents South Apopka. She pointed out that South Apopka first got paved roads when Linda Chapin was Orange County chair.

“We have a lot of new housing coming along and it’s hard to imagine that I had pockets of my district that didn’t have wifi, but think for a moment – you heard a little bit from Commissioner Bonilla – but think about students who had to head up to an area, the coffee shop at McDonald’s, just hunting for wifi. Yet those are the same fam-

ilies that are transportation challenged. They certainly were at a deficit compared to any other,” Moore said.

The broadband project was actually completed ahead of deadline. The state government affairs for Charter Communications took the challenge to get

the project done by March 2025, said Marva Johnson, group vice president, State Government Affairs for Charter Communications.

“This county understood how important making sure that every citizen had access to the same essential services would be.

You made the commitment to make that investment and partner with the public private sector partner to deliver it. So we’re very honored to be your partner in that effort and we’re very excited about this important step in closing a digital divide,” Johnson said.

FWC issues School Fishing Club Grant to 50 schools

Hello Folks,

I hope everyone had a great weekend and you got a chance to enjoy the Blue Full Moon we had at the first of the week. I walked outside and enjoyed how bright the moon was and how big it seemed. Accordin’ to NASA, the blue moon is closer to the Earth, and so it looks bigger and seems brighter. Anyway, the fishin’ is still slow for most folks.

Kyle at Bitter’s Bait & Tackle reports that not too many folks are gettin’ on the water and goin’ fishin’. The panfish have slowed way down in most of the lakes. I do see some nice stringers of shellcrackers bein’ caught in some of the local lakes in our area. Most of those shellcrackers are bein’ caught on grass-shrimp, and a few are bein’ caught on red-worms.

The bass fishin’ on the Kissimmee Chain has been

Jim Keck
Goin’ Fishin’

pretty good as of late. X-Treme Bass Series held a tournament on the chain last weekend. The team of Andrew Hall and Kyle Brewer grabbed the win at the Lake Toho Division. They weighed in 5 bass that hit the scales at 29.20 pounds. Kyle Brewer caught the biggest bass of the day with a 6.34 pounder. You know what they say an ounce of water makes a difference – how about 1/100th of an ounce of water. Kyle’s big bass was 1/100th of an ounce bigger than the next biggest bass caught that day. Kyle’s bass weighed

in at 6.34 pounds, and the next big bass weighed in at 6.33 pounds. Folks that’s as close as it can be and I’m sure the guy that caught the 2nd biggest bass was heart-broken. I know I would have been.

The bass fishin’ on Johns Lake has been a little slow since FWC sprayed the lake. Last Wednesday night, the team of John Brazell and Mike Bruton won the tournament with 3 bass that hit the scales at 9.80 pounds. John and Mike also had big bass of the tournament which weighed 3.55 pounds.

I also want to mention that the FWC has issued a School Fishing Club Grant to 50 schools for the upcoming school year. Each school was awarded a \$500-grant for this school year. The money will help with the club ex-

pass turned into a school record 99-yard reception and touchdown.

“The focus was much more on what we practiced after the interception and touchdown. Of course, teams tend to be much less tense and think about how to win instead of avoid losing when holding a lead too. There wasn’t a sense of giving up or the sky is falling because clicking as a team didn’t start right away.”

Another two points

were added at the end of the Titans’ next possession as the high snap also traveled through the end zone.

Wekiva’s other scores came on touchdowns, a seven-yard rush from Isaiah McNish, a 19-yard Jackson Keillor to Naeem Woulard pass and a blocked punt, recovered in the end zone.

The touchdowns were scored with 2:35 of the first quarter, 2:15 of the second and 10 seconds remaining in the contest, respectively.

Only one possession

ended with the Titans gaining more than one first down and 15 yards. Olympia moved the ball from its 35 yard line to Wekiva’s 1-yard line on the first possession of the second half. The ball was turned over on downs though. Will Wankelman’s arching into the left back corner of the end zone pass was caught out of bounds.

Not counting the first drive of the second half, the Titans gained 49 yards on 28 plays. Wekiva also

nant their passing game is, you’d think Tampa would have no run game, or at least a subpar one, but they put up 175 rushing yards and four rushing touchdowns on Apopka’s young defense. To put it into perspective, Apopka is a run-first team that runs 80 percent of the time and the Blue Darters only collected 195 rushing yards.

The first quarter was relatively quiet with both teams poking and prodding at each other trying to figure out where their

weakness was. Apopka’s first drive was a three-and-out followed by a six-play touchdown drive from Tampa to open the game.

After getting another opportunity with the ball, Apopka once again went three and out turning the ball over after losing yards to penalties and a sack on quarterback Tyson Davison. But this time, Apopka was able to stop Tampa in its tracks and forced them to punt it right back.

But again, Apopka’s offense could not find any space to set up the run or pass game. Apopka gained

just seven yards and was forced to punt facing a fourth and three.

Before the end of the first quarter, Tampa had the ball again starting on their 11-yard line. They decided to go with the run but were stuffed on first down. But, on second down they found a little room with a quick pass to a receiver at the line who beat one Apopka defender near the sideline for a first down.

Tampa stuck with run again going to the outside where they grabbed

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 3.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Ordinance No. 3058 – Second Reading – Small-Scale Future Land Use Amendment – 357 West 4th Street

REQUEST:

Adopt Ordinance Number 3058.

SUMMARY:

Owner(s): SFL Partners, LLC and JFJ Real Investments, LLC

Applicant: Albert Iglesias

Parcel Identification Number(s): 09-21-28-0868-01-510

Location: 357 West 4th Street

Existing Future Land Use: County Low Medium

Proposed Future Land Use: City Industrial

Existing Use(s): Vacant

Existing Zoning: County R-2 (Residential) District

Tract Size: 1.97 +/- Acres

Direction	Future Land Use	Zoning	Present Use
North	Industrial	I-L (Light Industrial)	Industrial warehouse
East	County Low Medium	County R-2 (Residential)	Single-family residences
South	County Low Medium	County R-2 (Residential)	Single-family residences
West	Industrial	I-L (Light Industrial)	Vacant

PROJECT SUMMARY:

The subject property, is approximately 1.97 acres in size and is currently vacant. The applicant is requesting the amendment of the Future Land Use of the property to allow light industrial development. The applicant's proposed amendment of Future Land Use designation allows a maximum floor area ratio 0.60 per acre in the Comprehensive Plan and is consistent with the proposed zoning of I-L (Light Industrial), compatible with the surrounding areas. The properties to the north and west have future land use (FLU) designations of Industrial, while the properties to the east and south are in Unincorporated Orange County with FLU designations of Low Medium.

Land Development Code Section 2.5.1.D.3 requires the Council to weigh the relevance of and consider whether and the extent to which the proposed amendment:

a. Is consistent with and furthers the goals, objectives and policies of the comprehensive plan and other adopted City plans;

- Applicant response: Yes - correct

- Staff response: Staff has no objection.

b. Is in conflict with any provisions of the LDC;

- Applicant response: Yes, we will submit a development plan upon approval
- Staff response: If the future land use amendment is approved, a development plan will be required to be submitted to and approved by the Development Review Committee (DRC) for the development of the property. As part of the submittal requirements for the development plan, a Traffic Impact Analysis (TIA) will be required to be submitted which will outline what transportation impact mitigation measures, if any, will be required. The development plan will be reviewed against all applicable Land Development Code (LDC) requirements, including Section 5.16.5.B.3.d, and will be evaluated by the Development Review Committee (DRC) during the development review process.

c. Addresses a demonstrated community need;

- Applicant response: Yes - correct
- Staff response: Staff has no objection.

d. Is required by changed conditions;

- Applicant response: Yes - correct
- Staff response: Staff has no objection.

e. Is compatible with existing and proposed uses surrounding the subject land, and is the appropriate zoning district for the land;

- Applicant response: Yes - correct
- Staff response: Staff has no objection.

f. Would result in a logical and orderly development pattern;

- Applicant response: Yes - correct
- Staff response: Staff has no objection.

g. Would not result in significant adverse impacts on the natural environment—including, but not limited to, water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment; and

- Applicant response: Yes - correct
- Staff response: Staff has no objection.

h. Would result in development that is adequately served by public facilities (e.g., streets, potable water, sewage, stormwater management, solid waste collection and disposal, schools, parks, police, and fire and emergency medical facilities).

- Applicant response: Yes - correct
- Staff response: Staff has no objection.

ORANGE COUNTY NOTIFICATION:

The JPA (Joint Planning Agreement) requires the City to notify the County 30 days before any public hearing or advisory board. The City notified Orange County on May 6, 2024.

PUBLIC HEARING SCHEDULE:

July 9, 2024 – Planning Commission (5:00 P.M.)

August 7, 2024 – City Council (1:30 P.M.), First Reading

August 21, 2024 – City Council (7:00 P.M.), Second Reading and Adoption

DULY ADVERTISED:

June 7, 2024 and June 14, 2024 – Apopka Chief

June 20, 2024 and June 24, 2024 – Mailed notices to adjacent property owners and posters placed on property

August 2, 2024 – Apopka Chief

LAND USE REPORT:**I. Relationship of adjacent properties**

Direction	Future Land Use	Zoning	Present Use
North	Industrial	I-L (Light Industrial)	Industrial warehouse
East	County Low Medium	County R-2 (Residential)	Single-family residences
South	County Low Medium	County R-2 (Residential)	Single-family residences
West	Industrial	I-L (Light Industrial)	Vacant

II. Land Use Analysis

The subject property is located in the central portion of the Joint Planning Area. The property is surrounded by industrial land uses and medium density residential uses. The properties to the north and west have future land use (FLU) designations of Industrial, while the properties to the east and south are in Unincorporated Orange County with FLU designations of Low Medium. Land use of the subject property has been recommended for Industrial to be consistent with its adjacent properties to the north and west, as well as the Comprehensive Plan policies, Development Design Guidelines, and the Land Development Code.

The property is approximately 1.97 acres in size and not located in the following areas:

- Wekiva Parkway Interchange Vision Plan Area: No
- Wekiva River Protection Area: No
- Area of Critical State Concern: No

JPA: The City of Apopka and Orange County entered into a Joint Planning Area (JPA) agreement on October 26, 2004. The proposed Small-Scale Future Land Use Amendment request for a change from County Low Medium to City Industrial is consistent with the terms of the JPA.

City of Apopka Comprehensive Plan Policies:**Future Land Use Element:****Policy 3.1.1. Industrial**

The primary use shall be industrial, intensive commercial, agricultural and business/research parks. Also allowed are public facilities and supporting infrastructure. The use of the Planned Unit Development process shall be encouraged. The maximum floor area ratio shall be .60. Planned Unit Development uses may include:

- (1) All primary uses
- (2) Other uses deemed compatible with and complimentary to the other proposed master planned uses and the surrounding neighborhoods.

Transportation Element: Policies 1.1 and 1.2 state that the City of Apopka is a Transportation Concurrency Exception Area.

Infrastructure Element: Policies 1.1.1, 2.1.1 and 5.1.2 state the minimum levels of service for the City's wastewater and water systems as well as the City's solid waste collection service.

Conservation Element: A habitat study will not be required as the property is less than ten (10) acres.

Land Use Calculations:

- CURRENT: Future Land Use – County Low Medium (10 dwelling units per acre) 10 DU/AC X 1.97 ac = 19 dwelling units
- PROPOSED: Future Land Use – City Industrial (0.60 Per 1 Acre) X 1.97 ac = 85,813 square feet of nonresidential development

This initial review does not preclude conformance with concurrency requirements at the time of development approval.

FUNDING SOURCE:

Not applicable.

RECOMMENDED MOTION:

Development Review Committee (DRC):

Recommends approval of the Change in Future Land Use designation from County Low Medium to Industrial, finding the proposed amendment consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, based on the findings and facts presented in the staff report and exhibits.

Planning Commission:

At its meeting on July 9, 2024, the Planning Commission found the proposed change in Future Land Use from County Low Medium to Industrial consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, and unanimously recommended approval of the future land use amendment, based on the findings and facts presented in the staff report and exhibits.

City Council:

At its meeting on August 21, 2024, the City Council accepted the first reading of Ordinance Number 3058 and held it over for second reading and adoption.

Recommended Motion – City Council:

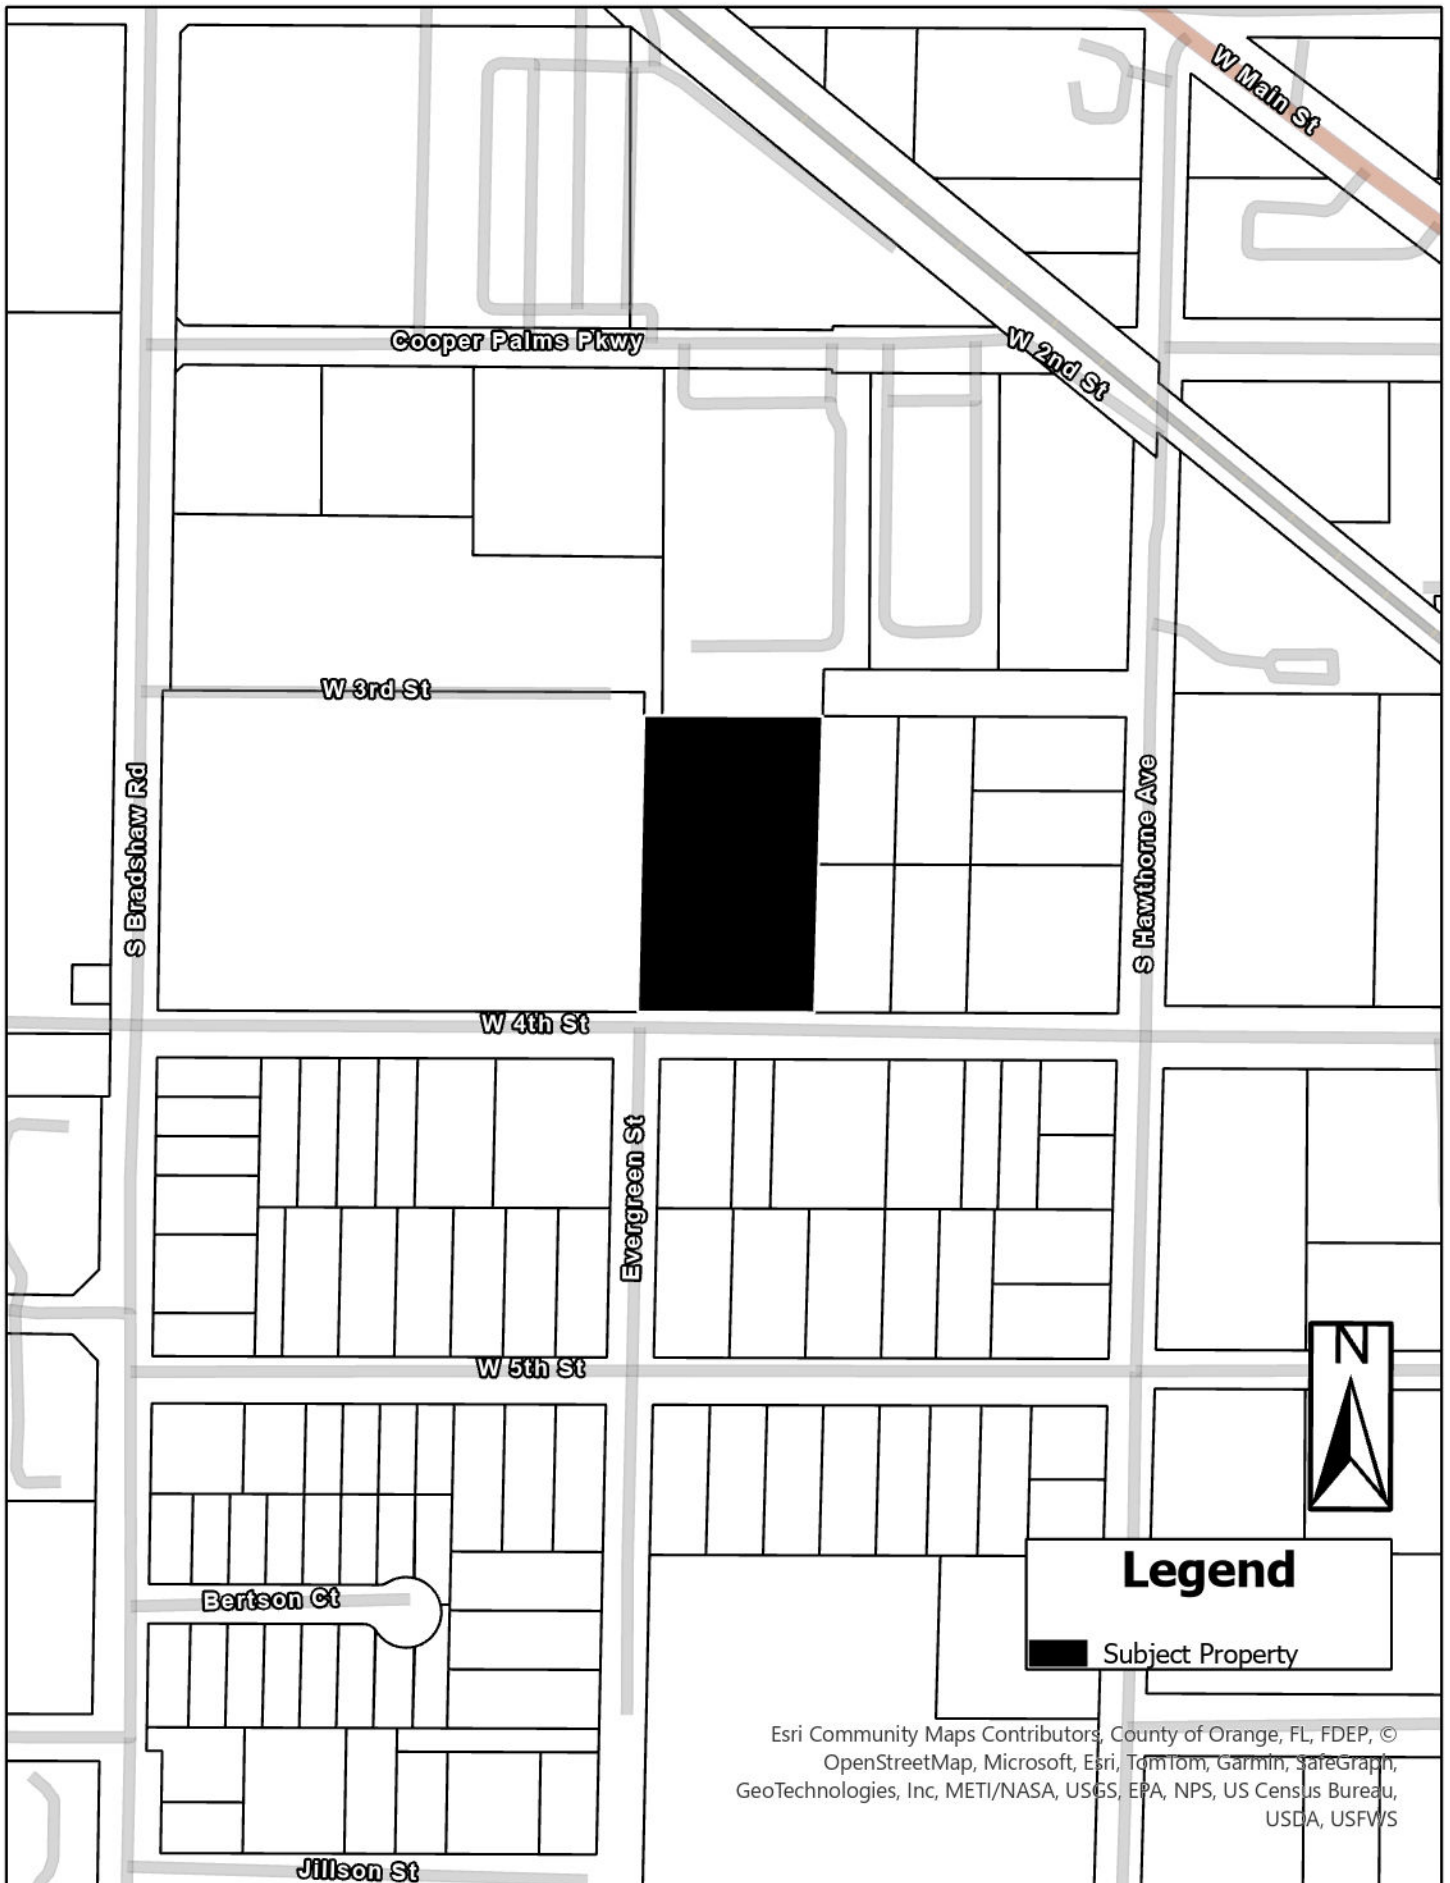

Adopt Ordinance Number 3058.

Note: This item is considered Legislative. The staff report and its findings are to be incorporated into and made a part of the minutes of this meeting.

Report indicates that Florida’s growing population needs more physicians

By: **Andrew Powell**
(The Center Square) —

A new report says many people in Florida don’t receive needed health care because they lack easy access to adequate services.

Florida TaxWatch recently released its report, Social Determinants of Health: Health Care Access and Quality. According to the U.S. Department of Health and Human Services, social determinants of health are environmental factors

that can impact individuals’ health outcomes.

These include health care access and quality; education access and quality; social and community context; neighborhood and built environment; and economic stability.

According to the report, these factors can majorly impact a person’s health, well-being and quality of life. The report notes that 80 percent of a person’s health is determined by social factors,

while the remaining 20 percent results from receiving medical care.

In Florida, many people lack access to health care services, with the biggest barrier being the cost. In a 2019 survey of 1,200 Floridians, 55 percent had experienced health care cost burdens, while 78 percent worried they would not be able to afford health care in the future.

The report states Florida ranked 41st in 2021 for

overall health care and access, which was attributed to the growing number of uninsured adults, rising insurance costs and policies that make health care less accessible.

The report further notes that Florida has consistently ranked in the bottom 10 states for uninsured citizens.

Florida currently has a physician shortage and the report notes this plays a role in access to quality health care.

With Florida’s popu-

lation growing, especially in rural areas, the number of physicians in the Sunshine State is insufficient. By 2030, an additional 22,000 physicians are needed to bridge the gap.

The report notes that as of 2023, only 40 percent of Florida’s population has employer-sponsored health insurance, while the rate of uninsured Floridians was 11.2 percent in 2022 — higher than the national average of 8 percent. Also, in 2022,

Florida ranked 46th in the nation for the uninsured population.

Compounding this are the 979,000 people who have been disenrolled from Medicaid, 460,000 of whom are children.

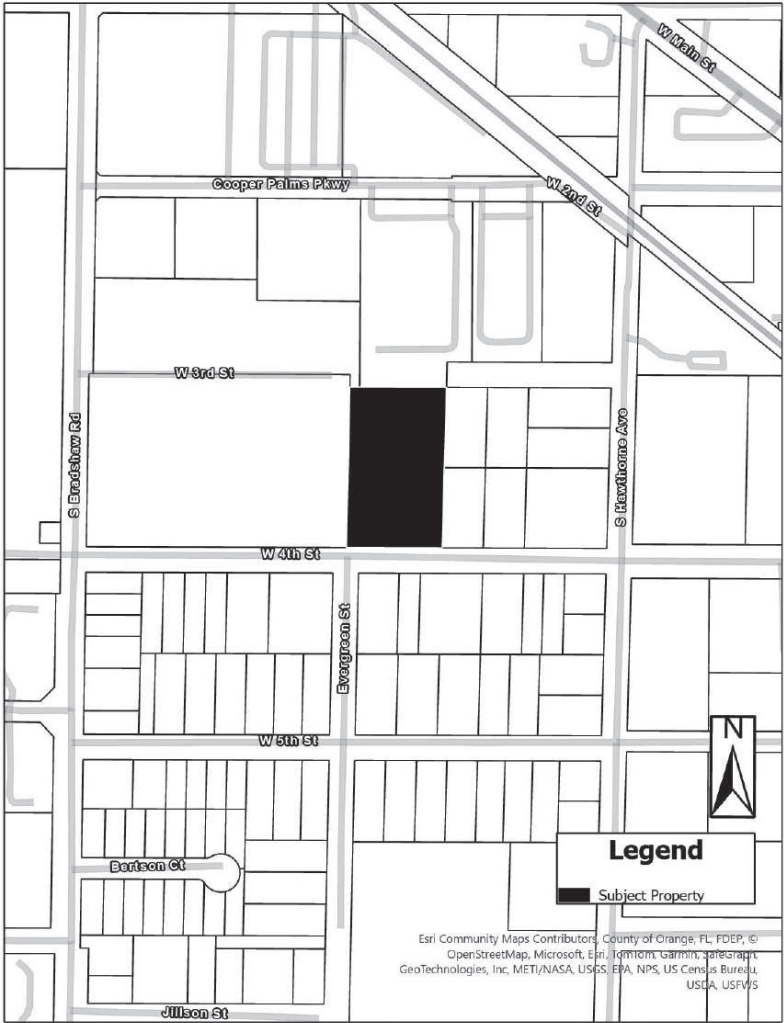

Furthermore, access depends on where the person lives. In rural areas, there are roughly 1.3 physicians for every 1,000 people available in the U.S., while urban areas have around 3.1 physicians for every 1,000 people.

23.82 pounds wins X-treme Bass Series Tournament on Harris chain

Hello Folks,

I hope you are havin’ a great week, and you are lookin’ forward to goin’ fishin’ this weekend. We might have a little interruption due to the storm, but hopefully, we will just get some rain out of the system. It’s been kinda hot and it looks like we are goin’ to have the hottest month of July on record since they started keepin’ records. If you are on the water, make sure you have plenty of water and Gatorade on board so you can stay hydrated.

The panfishin’ has slowed way, way down durin’ the month of July. It’s been so hot folks just ain’t fishin for panfish. Kyle at Bitter’s Bait & Tackle reports that they are only sellin’ a few cups of red worms each day due to the heat.

They are sellin’ a few shiners for bass fishin’ early in the mornin’ or late in the day. If you can find a shade tree and float a shiner out near the grass or pads, you just might get a Florida Bass to bite. Folks are catchin’ a few bass in the Harris Chain. It’s been a little slow due to the heat. You will have to be very patient because the bite has been slow. You can try fishin’ the fish finders through-out the chain. They help

Jim Keck
Goin’ Fishin’

find the pads that provide lots of shade for the bass. You can also try fishin’ off-shore grass beds in deeper water.

The X-treme Bass Series held their monthly tournament on the Harris chain last weekend and it took 23.82 pounds to win. The team of Colbie Cagle and Braden Robinson took home their 2nd win of the season. Congrats guys on a job well done, especially in this hot weather. The team of Mathew Elixson and Hunter Pruitt came in 2nd place, and they also had the big bass of the tournament which weighed in at 8.27 pounds.

The bass fishin’ on the Butler Chain is a little slow, but is still fishin’ better than most lakes in our area. You will do best by gettin’ on the water early and takin’ advantage of the early mornin’ bite. Also keep a eye out for schoolers comin’ up and feedin’ on bait-fish. Always have

a rod with a lipless crank-bait tied on, so you will be ready for some great fun catchin’ those schoolers. You should be able to catch plenty of keeper-size bass especially if you have a little breeze blowin’ durin’ the day.

The Wednesday night Shootout held on John’s Lake was a little slow as well. If you fish their tournament, you are allowed to weigh in 3 bass. They hold their tournament from 5:15-9 p.m. The team of Leandro Saratt and Erico School won the 11-boat event with 3 bass that hit the scales at 8.30 pounds. Big bass was caught by the team of Chad Hayes and Ronnie Durden which weighed in at 5.90 pounds.

Well, that’s it for this week. I wish I had better news to report, but it’s that time of the year when it’s the dog days of summer. The dog days of summer start on July 3rd and run through August 11th. These 40 days are usually the hottest 40 days of the year. In Florida, those days may go into September as well.

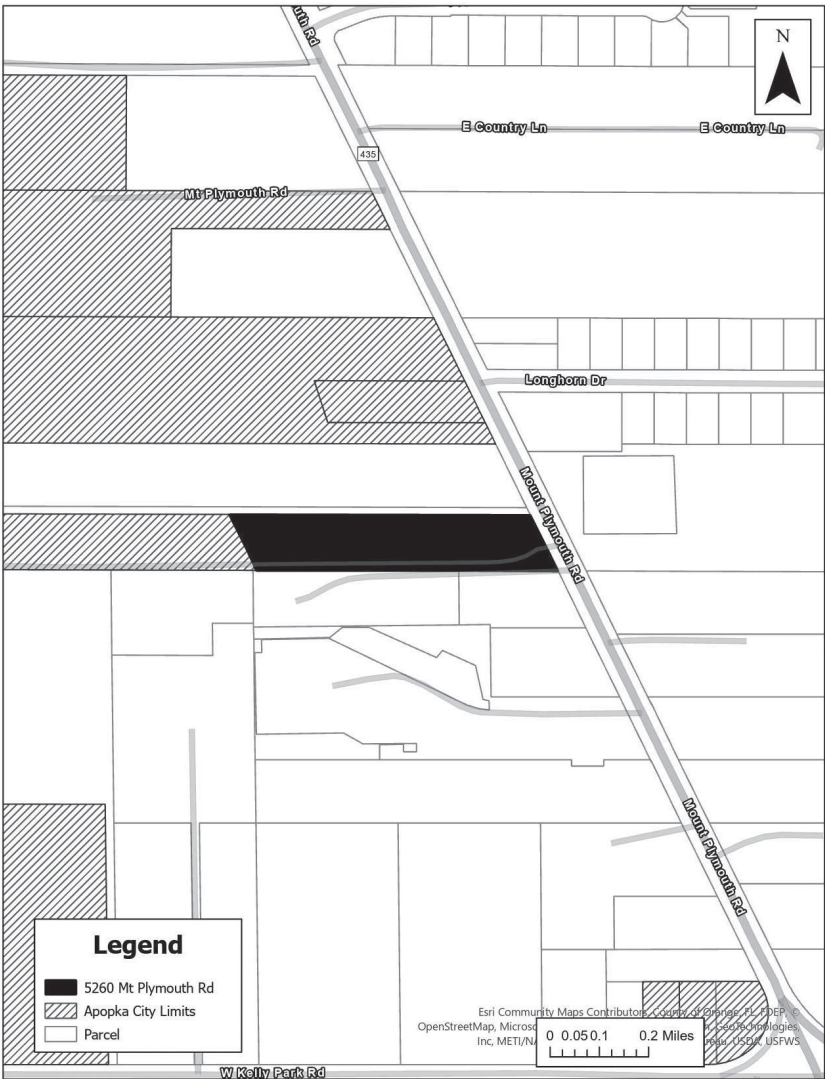

I hope you have a great week, and I’ll see ya next week.

Tip of the week: Dog Days.

Save a few and good luck!

Davison: Balancing school, football

Continued from page 1B

football and his academics has always been easy because of the work ethic instilled in him by his parents from a very young age. Davison says that because he started taking academics so seriously at such a young age and has always been balancing his athletic and academic lives that now it’s just second nature.

“Oh, I feel like that’s been the easy thing for me. My parents have instilled the importance of an academic mindset in me from when I was a baby. So, I just grew up knowing how to do it. Like, I don’t play video games during the week. I make sure that I’m zoned in from when I get home to when it’s time to go to sleep. I make sure I get all my work done. And it’s really just me wanting to reach that highest level, to reach my ceiling, as quickly as I can. Since I was so young, it wasn’t really anything for me, and now I’m able to keep it up. I’m seeing the benefits from it. I’m reaping the benefits of all that work

now.”

Leadership and chemistry go hand in hand a lot of the time. Without a good leader, there will be no chemistry in a team. So, leadership got us talking about chemistry and how the Blue Darters and Davison himself grow and foster that brotherhood that’s needed in a winning program.

Davison told me that chemistry on the field starts off the field. He said that he helps some of his teammates with homework, they play games together in their free time, and on the field at practice is where a lot of joking around and friendships start. Davison also said he’s always checking in with his guys whether at school, practice, or in free time just to make sure they are ok, and that everything is going well.

“Right now, we’ve been focusing big on brotherhood. So, we as a team feel like as long as you can fight for your brother, you can do anything. And so that man next to you means the world to us, and we’re going to keep it like that

for a while.

I asked Davison what strategies or methods he uses to keep his morale high after a tough play or big hit during a game.

“You know, you can’t really live in the play or in the past too much as a quarterback. It’s all about keeping your composure and looking into the future. But sometimes, I’ll ask when we get into the sideline to see the play I messed up on, and then communicate to all the coaches so I can figure out what I can do to make that play better and the rest of the game better for us as a team.”

When we talked about preparations during the off-season Davison talked about the importance of rest. He said the boys and himself have been focused on relaxing and alone time to figure out what would work best for everybody for the upcoming season. He talked about the obvious physical work that they have focused on this off-season with condition-

Speed: May wants his red hat

The car pictured is May’s grandfather’s Datsun 240Z that set the land speed record in October of 2021. This is the car May will attempt to set his record in.

Continued from page 1B

true story about Burt Munro building a motorcycle to beat the land speed record at Bonneville.

May’s grandfather Red will be attempting to break a speed record that he put in place just three years ago. In October of 2021, May’s grandfather put down a record-breaking land speed of 244 miles per hour beating the previous record of 220 that stood untouched since 1988. May will be joining him the first week of August as his grandfather tries to beat the record he set in 2021 while May will try to set his own record.

May’s dream is to be the youngest person ever to receive a *red hat*. To get a *red hat*, you must set a land speed record over 200 miles per hour. Right now, the youngest person to break a land speed record over 200 miles per hour is a 17-year-old, so May will be the youngest by a good margin if he can pull it off. I will say this... I’m not the biggest car guy, but I know a little bit and this car that May will be driving is no joke.

The car is a 1972 Datsun 240Z that has been fitted with a Toyota 2JZ-GTE inline-six- and a 72-millimeter turbo. Now to some

that may sound like gibberish but in layman’s terms this car is probably faster than any car you’ve ever seen. The car pushes out a peak of 859 horsepower.

May’s grandfather will be trying to break the record on Saturday, August 3, and will try again the following Sunday. Depending on if May’s grandfather breaks the record, May will try to create his own record the following Monday.

I hope May can make his dream come true, and stay tuned next week for updates and an interview with May to tell all about his trip and what his next dream will look like.

AN ORDINANCE OF THE CITY OF APOPKA, FLORIDA, CHANGING THE ZONING FROM COUNTY R-2 (RESIDENTIAL DISTRICT) TO I-L (LIGHT INDUSTRIAL), FOR CERTAIN REAL PROPERTY OWNED BY SFL PARTNERS LLC AND JFJ REAL INVESTMENTS, LLC; LOCATED NORTH OF FOURTH STREET, EAST OF BRADSHAW ROAD AND WEST OF HAWTHORNE AVENUE; COMPRISING 1.97 ACRES, MORE OR LESS; PROVIDING FOR DIRECTIONS TO THE CITY CLERK, SEVERABILITY, CONFLICTS, AND AN EFFECTIVE DATE.

WHEREAS, to manage the growth, the City of Apopka, Florida, finds it in the best interest of the public health, safety and welfare of its citizens to establish zoning classifications within the City; and

WHEREAS, the applicant, Albert Iglesias, on behalf of the fee simple owners of the Property, submitted an application for a change in zoning on the Property identified and depicted in Exhibit “A,” attached hereto, from County R-2 to I-L (Light Industrial); and

WHEREAS, the proposed I-L (Light Industrial) District rezoning of the Property is consistent with the City's Comprehensive Plan and Land Development Code; and

WHEREAS, the City of Apopka Planning Commission, sitting as the Local Planning Agency, recommended approval of the change in the zoning of the Property and found that the rezoning is consistent with the City's Comprehensive Plan; and

WHEREAS, the City of Apopka has followed all statutory and Code requirements for noticing and advertising this rezoning Ordinance and public hearings associated with the rezoning; and

WHEREAS, the City Council has received public input on the rezoning and a recommendation from staff; and

WHEREAS, the City Council of the City of Dunnellon finds that the applicants have met the necessary criteria for rezoning under City’s Land Development Code and that rezoning serves a legitimate public purpose and will not adversely affect the public interest.

NOW THEREFORE, BE IT ORDAINED, by the City Council of the City of Apopka, Florida, as follows:

Section I. Findings and Intent. The City of Apopka has complied with all requirements and procedures of Florida Law in processing this Ordinance. The recitals set forth above are hereby adopted.

Section II. Rezoning. The Property described and shown in Exhibit “A”, being situated in the City of Apopka, Florida, is hereby rezoned and assigned the I-L (Light Industrial) Zoning District, as defined in the Apopka Land Development Code.

Section III. Zoning Map. The Official Zoning Map of the City of Apopka shall be amended to conform to the zoning assignment approved in Section 2 of this Ordinance. The Community Development Director, or the Director’s designee, is hereby directed to amend, alter, and implement the official zoning maps of the City of Apopka, Florida, to include said designation.

Section IV. Severability. If any section or portion of a section or subsection of this Ordinance proves to be invalid, unlawful, or unconstitutional, it shall not be held to invalidate or impair the validity, force or effect of any other section or portion of section or subsection or part of this ordinance.

Section V. Conflicts. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section VI. Effective Date. This Ordinance shall become effective immediately following such time that its companion future land use map amendment ordinance (Ordinance 3058) takes effect.

Report indicates that Florida’s growing population needs more physicians

By: **Andrew Powell**
(The Center Square) —

A new report says many people in Florida don’t receive needed health care because they lack easy access to adequate services.

Florida TaxWatch recently released its report, Social Determinants of Health: Health Care Access and Quality. According to the U.S. Department of Health and Human Services, social determinants of health are environmental factors

that can impact individuals’ health outcomes.

These include health care access and quality; education access and quality; social and community context; neighborhood and built environment; and economic stability.

According to the report, these factors can majorly impact a person’s health, well-being and quality of life. The report notes that 80 percent of a person’s health is determined by social factors,

while the remaining 20 percent results from receiving medical care.

In Florida, many people lack access to health care services, with the biggest barrier being the cost. In a 2019 survey of 1,200 Floridians, 55 percent had experienced health care cost burdens, while 78 percent worried they would not be able to afford health care in the future.

The report states Florida ranked 41st in 2021 for

overall health care and access, which was attributed to the growing number of uninsured adults, rising insurance costs and policies that make health care less accessible.

The report further notes that Florida has consistently ranked in the bottom 10 states for uninsured citizens.

Florida currently has a physician shortage and the report notes this plays a role in access to quality health care.

With Florida’s popu-

lation growing, especially in rural areas, the number of physicians in the Sunshine State is insufficient. By 2030, an additional 22,000 physicians are needed to bridge the gap.

The report notes that as of 2023, only 40 percent of Florida’s population has employer-sponsored health insurance, while the rate of uninsured Floridians was 11.2 percent in 2022 — higher than the national average of 8 percent. Also, in 2022,

Florida ranked 46th in the nation for the uninsured population.

Compounding this are the 979,000 people who have been disenrolled from Medicaid, 460,000 of whom are children.

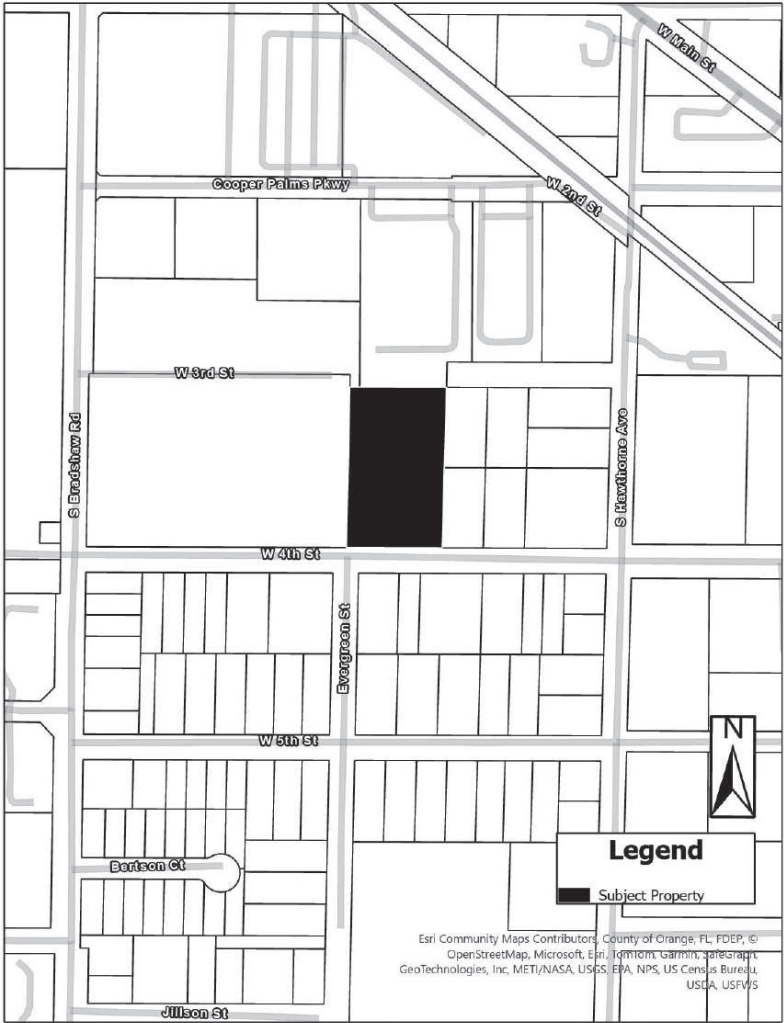

Furthermore, access depends on where the person lives. In rural areas, there are roughly 1.3 physicians for every 1,000 people available in the U.S., while urban areas have around 3.1 physicians for every 1,000 people.

23.82 pounds wins X-treme Bass Series Tournament on Harris chain

Hello Folks,

I hope you are havin’ a great week, and you are lookin’ forward to goin’ fishin’ this weekend. We might have a little interruption due to the storm, but hopefully, we will just get some rain out of the system. It’s been kinda hot and it looks like we are goin’ to have the hottest month of July on record since they started keepin’ records. If you are on the water, make sure you have plenty of water and Gatorade on board so you can stay hydrated.

The panfishin’ has slowed way, way down durin’ the month of July. It’s been so hot folks just ain’t fishin’ for panfish. Kyle at Bitter’s Bait & Tackle reports that they are only sellin’ a few cups of red worms each day due to the heat.

They are sellin’ a few shiners for bass fishin’ early in the mornin’ or late in the day. If you can find a shade tree and float a shiner out near the grass or pads, you just might get a Florida Bass to bite. Folks are catchin’ a few bass in the Harris Chain. It’s been a little slow due to the heat. You will have to be very patient because the bite has been slow. You can try fishin’ the fish finders through-out the chain. They help

Jim Keck
Goin’ Fishin’

find the pads that provide lots of shade for the bass. You can also try fishin’ off-shore grass beds in deeper water.

The X-treme Bass Series held their monthly tournament on the Harris chain last weekend and it took 23.82 pounds to win. The team of Colbie Cagle and Braden Robinson took home their 2nd win of the season. Congrats guys on a job well done, especially in this hot weather. The team of Mathew Elixson and Hunter Pruitt came in 2nd place, and they also had the big bass of the tournament which weighed in at 8.27 pounds.

The bass fishin’ on the Butler Chain is a little slow, but is still fishin’ better than most lakes in our area. You will do best by gettin’ on the water early and takin’ advantage of the early mornin’ bite. Also keep a eye out for schoolers comin’ up and feedin’ on bait-fish. Always have

a rod with a lipless crank-bait tied on, so you will be ready for some great fun catchin’ those schoolers. You should be able to catch plenty of keeper-size bass especially if you have a little breeze blowin’ durin’ the day.

The Wednesday night Shootout held on John’s Lake was a little slow as well. If you fish their tournament, you are allowed to weigh in 3 bass. They hold their tournament from 5:15-9 p.m. The team of Leandro Saratt and Erico School won the 11-boat event with 3 bass that hit the scales at 8.30 pounds. Big bass was caught by the team of Chad Hayes and Ronnie Durden which weighed in at 5.90 pounds.

Well, that’s it for this week. I wish I had better news to report, but it’s that time of the year when it’s the dog days of summer. The dog days of summer start on July 3rd and run through August 11th. These 40 days are usually the hottest 40 days of the year. In Florida, those days may go into September as well.

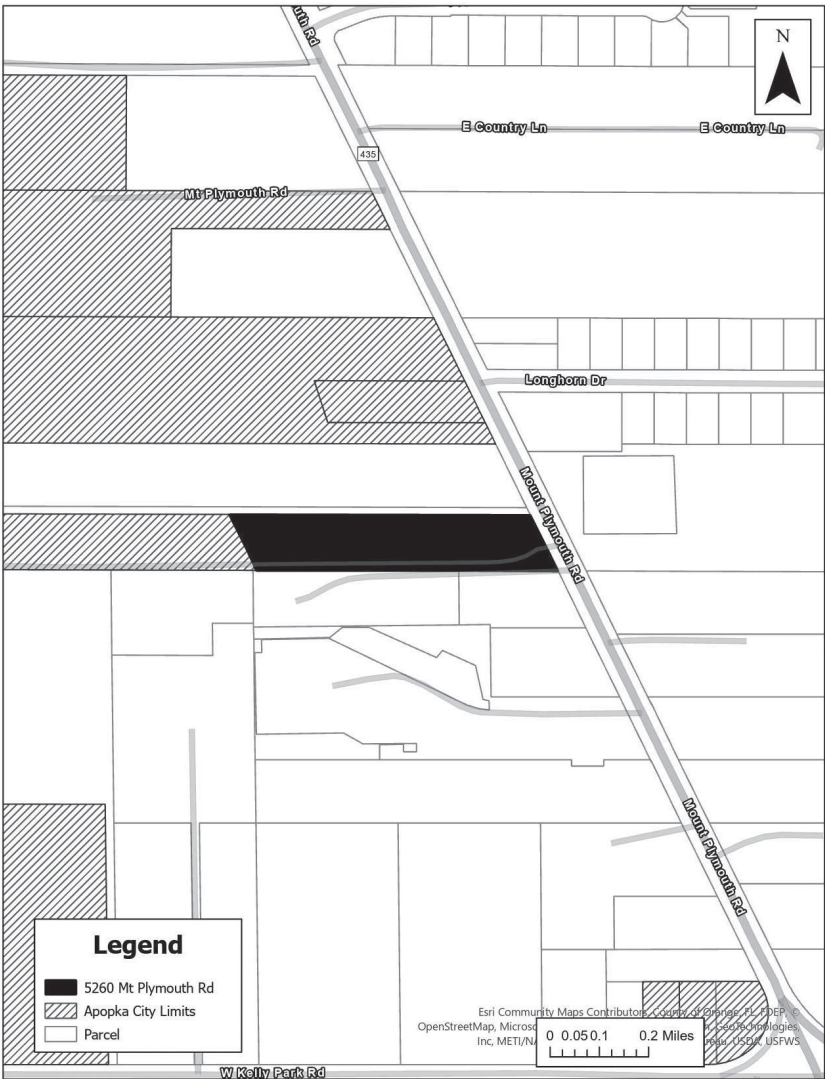

I hope you have a great week, and I’ll see ya next week.

Tip of the week: Dog Days.

Save a few and good luck!

Davison: Balancing school, football

Continued from page 1B

football and his academics has always been easy because of the work ethic instilled in him by his parents from a very young age. Davison says that because he started taking academics so seriously at such a young age and has always been balancing his athletic and academic lives that now it’s just second nature.

“Oh, I feel like that’s been the easy thing for me. My parents have instilled the importance of an academic mindset in me from when I was a baby. So, I just grew up knowing how to do it. Like, I don’t play video games during the week. I make sure that I’m zoned in from when I get home to when it’s time to go to sleep. I make sure I get all my work done. And it’s really just me wanting to reach that highest level, to reach my ceiling, as quickly as I can. Since I was so young, it wasn’t really anything for me, and now I’m able to keep it up. I’m seeing the benefits from it. I’m reaping the benefits of all that work

now.”

Leadership and chemistry go hand in hand a lot of the time. Without a good leader, there will be no chemistry in a team. So, leadership got us talking about chemistry and how the Blue Darters and Davison himself grow and foster that brotherhood that’s needed in a winning program.

Davison told me that chemistry on the field starts off the field. He said that he helps some of his teammates with homework, they play games together in their free time, and on the field at practice is where a lot of joking around and friendships start. Davison also said he’s always checking in with his guys whether at school, practice, or in free time just to make sure they are ok, and that everything is going well.

“Right now, we’ve been focusing big on brotherhood. So, we as a team feel like as long as you can fight for your brother, you can do anything. And so that man next to you means the world to us, and we’re going to keep it like that

for a while.

I asked Davison what strategies or methods he uses to keep his morale high after a tough play or big hit during a game.

“You know, you can’t really live in the play or in the past too much as a quarterback. It’s all about keeping your composure and looking into the future. But sometimes, I’ll ask when we get into the sideline to see the play I messed up on, and then communicate to all the coaches so I can figure out what I can do to make that play better and the rest of the game better for us as a team.”

When we talked about preparations during the off-season Davison talked about the importance of rest. He said the boys and himself have been focused on relaxing and alone time to figure out what would work best for everybody for the upcoming season. He talked about the obvious physical work that they have focused on this off-season with condition-

Speed: May wants his red hat

true story about Burt Munro building a motorcycle to beat the land speed record at Bonneville.

May’s grandfather Red will be attempting to break a speed record that he put in place just three years ago. In October of 2021, May’s grandfather put down a record-breaking land speed of 244 miles per hour beating the previous record of 220 that stood untouched since 1988. May will be joining him the first week of August as his grandfather tries to beat the record he set in 2021 while May will try to set his own record.

May’s dream is to be the youngest person ever to receive a *red hat*. To get a *red hat*, you must set a land speed record over 200 miles per hour. Right now, the youngest person to break a land speed record over 200 miles per hour is a 17-year-old, so May will be the youngest by a good margin if he can pull it off. I will say this... I’m not the biggest car guy, but I know a little bit and this car that May will be driving is no joke.

The car is a 1972 Datsun 240Z that has been fitted with a Toyota 2JZ-GTE inline-six- and a 72-millimeter turbo. Now to some

that may sound like gibberish but in layman’s terms this car is probably faster than any car you’ve ever seen. The car pushes out a peak of 859 horsepower.

May’s grandfather will be trying to break the record on Saturday, August 3, and will try again the following Sunday. Depending on if May’s grandfather breaks the record, May will try to create his own record the following Monday.

I hope May can make his dream come true, and stay tuned next week for updates and an interview with May to tell all about his trip and what his next dream will look like.

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 5.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Ordinance No. 3064 - Second Reading - Small-Scale Future Land Use Amendment – 996 S. Orange Blossom Trail

REQUEST:

Adopt Ordinance No. 3064.

SUMMARY:

Owner(s): Trinity Baptist Church of Apopka, Inc.

Applicant: Thomas Skelton

Parcel Identification Number(s): 14-21-28-0000-00-054, 14-21-28-0000-00-044, 14-21-28-0000-00-116

Location: 996 S. Orange Blossom Trail, 1000 S. Orange Blossom Trail

Existing Future Land Use: Residential Medium, Commercial

Proposed Future Land Use: Institutional/Public Use

Existing Use(s): Vacant, Residential

Existing Zoning: C-C (Community Commercial), RSF-1B (Residential Single-Family-Large Lot)

Tract Size: 6.99 +/- Acres

Direction	Future Land Use	Zoning	Present Use
North	"County" Commercial	"County" C-2	Commercial
East	Institutional/Public Use	O (Office)	Place of Worship
South	Residential Low	MHP (Mobile Home Park)	Residential
West	Commercial	C-C (Community Commercial)	Place of Worship

PROJECT SUMMARY:

The subject property, which is approximately 6.99 acres in size, is located at 996 S. Orange Blossom Trail and 1000 S. Orange Blossom Trail. The applicant is requesting the amendment of the Future Land Use of these properties for the potential development of a place of worship to expand their current use of the church located at 1022 S. Orange Blossom Trail, owned by the same owner. The applicant's proposed amendment of the Future Land Use for the use of a place of worship is allowed by the Comprehensive Plan and is consistent and comparable with the uses of surrounding properties.

Land Development Code Section 2.5.1.D.3 requires the Council to weigh the relevance of and consider whether and the extent to which the proposed amendment:

- a. Is consistent with and furthers the goals, objectives and policies of the comprehensive plan and other adopted City plans;
 - Applicant's response: This request consists of a change in the Zoning and Future Land Use to allow the use that is existing on the owner's property. Therefore, it is consistent with the City's Comprehensive Plan.
 - Staff response: Staff has no objection.

- b. Is in conflict with any provisions of the LDC;
 - Applicant's response: This request will not create any conflicts with any provisions of the City's LDC. No variances or waivers are needed to allow the planned use of the property.
 - Staff response: Staff has no objection.
- c. Addresses a demonstrated community need;
 - Applicant's response: The proposed use of the property is an expansion of the existing use and will include religious, educational, recreational and community activities.
 - Staff response: Staff has no objection.
- d. Is required by changed conditions;
 - Applicant's response: The existing zoning and land use of the original property was previously changed to allow those uses. The property included in the application requires the same changes.
 - Staff response: Staff has no objection.
- e. Is compatible with existing and proposed uses surrounding the subject land, and is the appropriate zoning district for the land;
 - Applicant's response: The change would be more compatible with the existing use of the parent property than the present zoning and land use classifications. It is also compatible with the uses adjacent and nearby.
 - Staff response: Staff has no objection.
- f. Would result in a logical and orderly development pattern;
 - Applicant's response: This is an expansion of the present use of the parent property.
 - Staff response: Staff has no objection.
- g. Would not result in significant adverse impacts on the natural environment—including, but not limited to, water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment; and
 - Applicant's response: The proposed use of the property is an expansion of the present use of the parent property. This use has very low impacts on the natural environment and is more compatible to the natural environment than what the current zoning and land use classifications.
 - Staff response: Staff has no objection.
- h. Would result in development that is adequately served by public facilities (e.g., streets, potable water, sewerage, stormwater management, solid waste collection and disposal, schools, parks, police, and fire and emergency medical facilities).
 - Applicant's response: This change will have a minimal impact to the current availability of public facilities. The use will have low impacts to traffic, utilities, stormwater and solid waste. The use will include on-site schools and parks.
 - Staff response: Staff has no objection.

ORANGE COUNTY NOTIFICATION:

The JPA (Joint Planning Agreement) requires the City to notify the County 30 days before any public hearing or advisory board. The City notified Orange County on May 31, 2024.

PUBLIC HEARING SCHEDULE:

July 9, 2024 – Planning Commission (5:00 P.M.)

August 7, 2024 – City Council (1:30 P.M.), First Reading

September 4, 2024 – City Council (1:30 P.M.), Second Reading and Adoption

DULY ADVERTISED:

June 28, 2024 – Apopka Chief

August 23, 2024 - Apopka Chief (2nd Reading)

June 18, 2024 – Mailed notices to adjacent property owners

June 19, 2024 – Posters placed on property

LAND USE REPORT:

I. Relationship of adjacent properties

Direction	Future Land Use	Zoning	Present Use
North	"County" Commercial	"County" C-2	Commercial
East	Institutional/Public Use	O (Office)	Place of Worship
South	Residential Low	MHP (Mobile Home Park)	Residential
West	Commercial	C-C (Community Commercial)	Place of Worship

II. Land Use Analysis

The subject property is located in the Eastern portion of the Joint Planning Area. The property is surrounded by commercial, institutional, and residential uses. The land use of the property on the East is Institutional use, which is consistent with the proposed land use of the subject property, the land use of the property on the West has commercial use that is currently used for a place of worship, and the land use of the property on the South is residential for low density, which would be consistent with its adjacent property, as well as the Comprehensive Plan policies, Development Design Guidelines, and the Land Development Code.

The property is approximately 6.99 acres in size and not located in the following areas:

- Wekiva Parkway Interchange Vision Plan Area: No
- Wekiva River Protection Area: No
- Area of Critical State Concern: No

JPA: The City of Apopka and Orange County entered into a Joint Planning Area (JPA) agreement on October 26, 2004. The proposed Small-Scale Future Land Use Amendment request for a change from Residential Medium and Commercial to Office is consistent with the terms of the JPA (Second Amendment).

City of Apopka Comprehensive Plan Policies:

Future Land Use Element:

Policy 3.1.p

Institutional/Public Use

Primary uses shall include public buildings and facilities. Existing public buildings and facilities and public education sites may be designated as institutional on the FLUM. The maximum floor area ratio allowed in the Institutional/Public Use category shall be 0.30 for single story buildings and 0.50 for multi-story buildings.

Transportation Element: Policies 1.1 and 1.2 state that the City of Apopka is a Transportation Concurrency Exception Area.

Infrastructure Element: Policies 1.1.1, 2.1.1 and 5.1.2 state the minimum levels of service for the City's wastewater and water systems as well as the City's solid waste collection service.

Conservation Element: A habitat study will not be required as the development is less than ten (10) acres.

This initial review does not preclude conformance with concurrency requirements at the time of development approval.

FUNDING SOURCE:

N/A

RECOMMENDED MOTION:

Development Review Committee (DRC):

Recommends approval of the Change in Future Land Use designation from Residential Medium and Commercial to Institutional/Public Use, finding the proposed amendment consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, based on the findings and facts presented in the staff report and exhibits.

Planning Commission:

At its meeting on July 9, 2024, the Planning Commission found the proposed Change in Future Land Use designation from Residential Medium and Commercial to Institutional/Public Use, consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, and unanimously recommended approval of the Future Land Use Amendment, based on the findings and facts presented in the staff report and exhibits.

City Council:

At the August 7, 2024, meeting, the City Council unanimously accepted the first reading of Ordinance No. 3064, and held it over for second reading and adoption.

Recommended Motion – City Council:

Adopt Ordinance No. 3064.

Note: This item is considered Legislative. The staff report and its findings are to be incorporated into and made a part of the minutes of this meeting.

has complied with all requirements of Florida Law in processing this ordinance. The recitals set forth above recitals are hereby adopted.

Section II. Future Land Use Map Amendment. Page 1-32 (Map 1-6) of the Future Land Use Element of the City of Apopka Comprehensive Plan, is hereby amended to change the land use from residential medium and commercial to institutional/public for certain real property generally located South of Orange Blossom Trail and East of Sheeler Ave, comprising 6.99 acres more or less; as shown and further described in Exhibit “A” attached hereto.

Section III. Applicability and Effect. The applicability and effect of the City of Apopka Comprehensive Plan shall be as provided by the Community Planning Act as set forth in Chapter 163, *Florida Statutes*.

Section IV. Severability. If any provision or portion of this Ordinance is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this Ordinance shall remain in full force and effect.

Section V. Conflicts. All Ordinances or parts of Ordinances in conflict with any of the provisions of this Ordinance are hereby repealed.

Section VI. Effective Date. This Ordinance shall become effective thirty-one (31) days after adoption. If challenged within thirty (30) days after adoption, the Ordinance shall become effective after the state land planning agency or the Administration Commission, respectively, issues a final order determining that the adopted small-scale development amendment is in compliance with applicable law.

Hebb & Kraine catch five bass weighing in at 23.05 pounds

Hello Folks,
We are still gettin' a few drops here and there, so I'm very thankful we are gettin' some rain. I hope you had a great weekend and hopefully you got a chance to do some fishin'.
Kyle at Bitter's Bait & Tackle reports that the bluegill and shellcracker season has completed. Folks took advantage of last week's full moon to get in on the last of the bluegills. I'm sure there may be a few stragglers around,

but most of the panfish are through beddin' for this year.
The bass fishin' on the Harris Chain hasn't been too bad lately. The X-treme Bass Series held a tournament on the chain last weekend and the team of Kim Hebb and John Kraine brought 5 bass to the scales that weighed in at 23.05 pounds. They also had a big bass in their sack that weighed in at 8.50 pounds. The team of Eric Krause and James Kend-

rick had the biggest bass that weighed 8.51 pounds. Can you imagine losin' the big bass pot by .01 tenth of an ounce? The big bass pot was worth \$240 dollars.
Kyle also reports that the bass fishin' on the Maitland Chain has been pretty good. Folks are fishin' the chain early mornin' or late evenin'. Most of the bass are bein' caught around the submerged hydrilla and eel-grass beds. You can rip a lipless crank-bait through the grass for some good re-

sults, or fish plastic worms in the grass as well.
The Butler Chain has been good for catchin' keeper-size bass. You can also catch some schoolers when they come up around the boat. Try usin' a noisy top-water bait or a chatter-bait when they come up. With these hot days, you may need to fish a little deeper around the submerged pepper grass beds. The grass provides some shade for the bass and the water is a little cooler. It's that time of year when you need to slow down your retrieve, especially if you are fishin' plastic worms or slow-sinkin' Senko type baits. The bass need time to make up their mind if they are goin' to bite, or

Jim Keck
Goin' Fishin'

not.
My fishin' buddy Rick is probably the best at this as anyone. Rick picks a spot, and casts to it. Then he lets his worm just lay there until he moves it, or a bass picks it up and starts to swim off with his worm. Back in the day, we called it "Dead Stickin'."
Kyle also reports that the bass fishin' on West

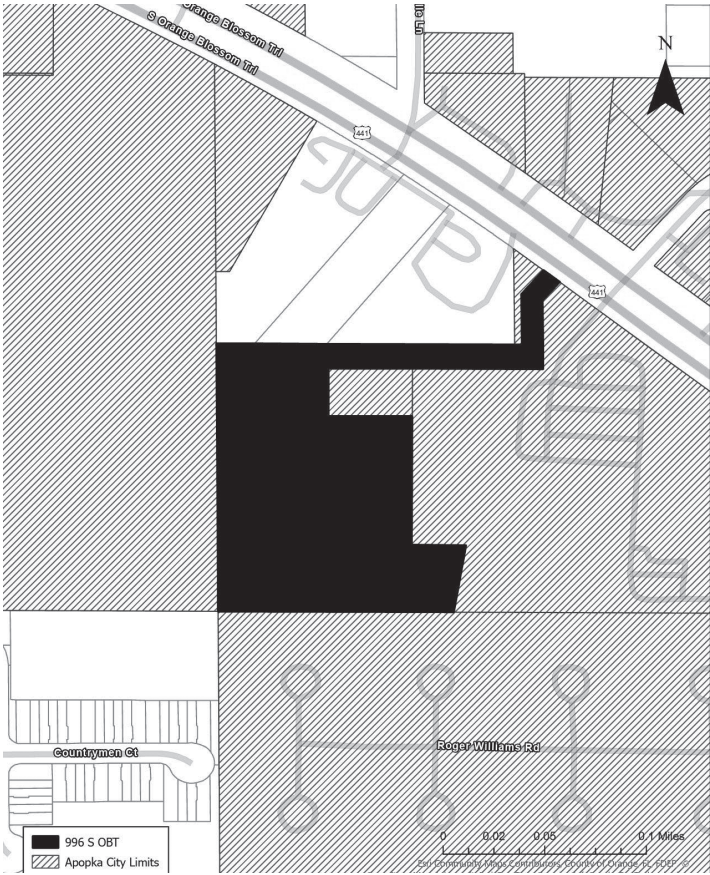

Lake Toho has been pretty good even after the spray-in' they did last week. Like I mentioned last week, I hope they didn't kill all the grass on the South end of the lake. They have been gettin' some rain down on Toho but they are lettin' water out to go south through the locks. The water is still low on Toho, so don't get your boat bot-tomed out, or you might have to get out and push it off the bottom.
Well folks, that's it for this week.
I hope you have a great week, and I'll see ya on the water real soon.
Tip of the week: Early or late
Save a few and good luck!

Forwards: Angervil has the same goals as the rest of the seniors

Continued from page 1B
most important qualities in a leader are patience and the ability to be calm in any situation.
Angervil and all of the other seniors really have the same goal as a team – make it to Lakeland and be in the fight for the FHSAA State Championship. But each one of them has separate personal goals for the next few months.
“Our team goal is to make it to Lakeland and have a great record. My personal goal is to get my name and Apopka's name out there and bring excitement to Apopka,” said Angervil.
Right now, Angervil is focused on improving his conditioning and his athleticism as he says those are the parts of his game that are lacking but he's also focused on his finesse and finishing at the rim. I also asked him if he prefers to shoot from the field or finish at the rim to which he gave a funny response that coach Scott Williams probably doesn't want to hear.
“Finish at the rim... Nah I mean honestly; I want to shoot the ball. I just want to shoot the ball,” Angervil said while he and Jer-michael Johnson laughed.
He then told me his go-to move to get a bucket right now is a hop-step to the other side of where his opponent's feet are facing.
On defense, Angervil is always and only thinking about staying between his man and the basket but he still needs to work on his discipline in the paint. This ties into what Angervil said is the best advice he's gotten about basketball which is to be patient.
“The game becomes easier when you slow it down for yourself.”

Angervil says he sees his role as the leader and the energy guy. He said as a senior that he wants to be a leader on and off the court.
We took a second to talk about last season's highs and lows where he and a lot of his teammates shared the same sentiments. He said the high was making it to playoffs through the adversity the team faced last year with their less-than-spectacular record. But the lows were losing games that he and the team feel like they shouldn't have lost.
I asked him why he thinks the team lost those games last year and he said that the team didn't care enough but that that was going to change this year.
“We just didn't care enough. This year we want to care more and leave everything on the court every game. Last year we left stuff on the court that we should've never left.”
Angervil said he's learned a lot over his years on the team and that he will bring that with him as a leader.
“I learned to always stay calm no matter that situation and to never give up until the clock hits zero.”
One of my last questions was a fun one to see what kind of players each of the seniors was. It was, “What is more important, defense or offense?” Angervil laughing again said offense is more important than defense.
Before our interview was over Angervil had one last thing to say about his game. It was that he likes to be flashy and exciting with his play.
“I hate a boring play style. I would rather do something flashy than sit there and do box drills. I could score 10 and I still

wouldn't be happy playing like that. “
So, if you come out to watch the boys play look for number 4 trying to do something flashy and then look for coach Williams, who will probably have a hand over his face.
Larson Taylor: #5 Forward
Taylor told me he started playing ball when he was in sixth grade and stuck with it because it came to him easily.
“Uhhh... I don't know. It really just came to me. I just tried out one year and I made it – so I kept going.”
Taylor told me he has really come into his own this summer because of constantly working with and being around all of his teammates.
“Summer has really helped us come together as a team for the upcoming season. It's been great to build that chemistry between us by being around each other more,” Taylor said.
I asked how he felt about his new role on the team as a leader and not just a player and Taylor was a bit hesitant but ready for the challenge and the opportunity.
“I mean I don't know. It does feel kind of different. There's a lot of responsibility that comes with it and you have to really be on the same page because this is us, it's our time. We got to be on point because our teammates follow our lead.”
Larson told me the most important qualities in a leader are a voice that others will listen to and respect, but most of all their actions on and off the court.
When talking about personal and team goals,

Don't trash; recycle campaign signs

With the primary election now over, Orange County encourages residents to recycle campaign signs instead of throwing them in the trash.

In partnership with the City of Winter Park, the City of Orlando and the League of Women Voters, Orange County will collect campaign signs so they can be used as a cleaner energy source.

"The intent is to not send these single use signs off to the landfill," said Aimee Krivan, Pollution Prevention Program Coordinator with the County's Environmental Protection Division. "We have found a way

for these signs to have a second life."

The signs are sent to NuCycle where they are converted into Enviro-Fuelcubes® used by the cement and electrical power industries to replace coal. In 2022, the program's first year, it diverted 11,140 pounds in campaign signs from the landfill.

Wood and metal frames must be removed from signs before donating. Donations can be made from August 21 through September 1 at the following locations: Broadway United Methodist Church, 406 E. Amelia St., Orlando, FL 32803; First

Unitarian Church, 1901 E. Robinson St., Orlando, FL 32803; Solid Waste Management, 1028 Woods Avenue, Orlando, FL 32805; Porter Transfer Station, 1326 Good Homes Rd., Orlando, FL 32818; Cady Way Pool, 2529 Cady Way, Winter Park, FL 32792; Mead Botanical Garden, 1310 S. Denning Dr., Winter Park, FL 32789; Winter Park Fire Department - Station 64, 1439 Howell Branch Rd, Winter Park, FL 32789.

Moore: Suburban sprawl is real

Continued from page 2A

tures. We are doing what we can in Lockhart and waiting for Vision 2050 to pass and funding to come to improve Edgewater Drive.

The Pine Hills section of District 2 was developed during the suburban sprawl and automobile era. A vibrant, dense downtown does not exist. Most of the workers must travel too far to job markets. Richard Florida talks about the younger generation wanting to ditch the cars and big houses and reside in more creative communities. On a positive note, the Lynx Superstop is being rebuilt, the Pine Hills Trail expanded, downtown design features added, and my People of Clarcona-Ocoee group is painting a mural with artist

Delia Miller this Saturday at the Rebel Gas Station at the corner of Pine Hills and Clarcona-Ocoee roads. We are working towards a better Pine Hills.

As for Apopka, I hear many residents angry with the suburban sprawl and lack of infrastructure. It is unfortunate that big box stores, large scale farming in Central and South America, and the buy-out of Lake Apopka farms drastically changed the farming economics. Yet, Florida says this is the opportunity for a great reset. Apopka can become much more than a bedroom community for Orlando. Richard Florida has many ideas and methodologies to make this possible. I hope you read one of his books.

We are all part of a large mega-economy of

Central Florida. The possibilities for success economically and preserving our environmental treasures are endless. We can offer a much better way of life while contributing meaningfully to the productivity and prosperity of the economy. Florida mentions the reset from 2010 as our opportunity for higher education "sparking" the creation of the modern research-intensive university. Ah, we could benefit from thinking this through.

Yet too many times we sit back and let all the innovation locate in East Orange County, or the new chip industry and unmanned vehicles locate in Osceola County. We must do more than simply fill up large warehouses along Lake Apopka. We must innovate.

Byrd: More benefits are now offered

Continued from page 2A

tial incentives of \$10,800 and most recently, we worked with their union to secure an additional \$8,000 annual bonus paid quarterly for the next two years.

It's this last new \$16,000/two-year bonus that seems to be making an impact.

The district holds job fairs just about every two weeks but even with all of this, the applicants just haven't shown up. In the past, we were lucky to have five or six applicants attend the fairs.

Yet, this past Monday, at the district's most recent transportation fair, 140 applicants showed up after all the news coverage the previous week about the shortage and the new bonus system.

I remain hopeful that all these strategies will make a difference but it is going to take time and we will have to keep being creative to make up for the lack of funding we have available, which is always the bottom line concern. I tell you all of this because I ask for grace and creativity. Grace with the delays as many of our drivers have to do double pickups to each school because of the shortage. This causes considerable delays and extra early pickups.

Creativity in helping us where you can will be appreciated. If you can drive your child to school, please do. This allows the valuable seats to be used for children who have no other way to get to school. Work with neighbors and friends to create carpools

or create group walking or biking clubs. Work with your school's PTA to help organize neighborhood carpools.

I know this is incredibly frustrating and burdensome on families, students and staff. It's frustrating for me as well because I want nothing more than to ensure kids can get to school quickly and on time without issue so they can learn and be successful.

I will continue to work with district staff to look for solutions and I will also continue to reach out to our state legislators advocating for proper funding so we can compete for drivers. I encourage you to do the same.

Most of all, get the word out that we are hiring and encourage people you know to join our team.

Hayden: Groundwork has been laid

Continued from page 2A

or competition increases your desire to excel? Our education system has its sight: set on *dumbing down America*. If you don't believe that, ask your daughter, or son anything you remember from your 6th or 7th grade classes pertaining to history, American or World.

When my mom took me into town to shop for the month, we used to go to A&P, and after checking out three or four baskets full, she would tear off the bottom of the receipt (the total cost), hand it to me and ask me to total it, in my head.

I thought that was cruel and unusual punishment, but Mom would laugh and make a game out of it, and before long I became proficient in using my head as something more than a hat rack. To my shame, I do not incorporate those kinds

of learning exercises into teaching my kids. When we depend on our education system and do not take part, we throw our children to the wolves of the world. They are more than willing to teach *their way* of dealing with the world's ills, and it is absolutely demented.

The groundwork for our children to be radicalized has been laid. Our colleges are full of Socialists, Communists, and Globalists that have been taught by those same people that were students in the 70s and 80s.

Do you remember? It was a time of "me-ism's." Everything had to do with "me first." We started using words like self-awareness, self-esteem, self-assertion, self-denial, self-love, and self-care, and no one could tell them that it was a lonely, lonely world when you are the only one there. Those same people

are teaching in our colleges now.

The school attitude of most students now is, let me get by, by the skin of my teeth, and I will be *free!* When the goal is getting through, rather than getting educated to better the world, we are in trouble.

Those out to destroy America and our sovereignty are not sitting around talking, they are actively taking part in everything as planned by George Soros, the Open Society Foundation, the Globalists, and this administration.

What is amazing to me is, we have men and women willing to cross the ocean to fight and die for the freedoms we hold dear, and then there are those who will not cross the street to vote!

It is your turn to show the world. GET UP, OUT and VOTE!!

County: Expansion cost \$5 million, comes from federal funds

Continued from page 1A

Spectrum, Orange County installed underground fiber optic cables, giving residents access to high speed internet.

Demings also announced that through a partnership with the Aeras Foundation, wifi enabled digital devices are available to be loaned to qualified residents. Aeras works with community organizations and has already distributed more than 700 devices to residents.

“Overall, Orange County is addressing needs related to access and affordability. We are working to ensure that no one is left behind. We want to achieve digital equity so that all residents in Orange County can be fully connected,” Demings said.

These projects reflect a cost of over \$5 million. The money is coming from the American Rescue Plan Act of 2021, which designated more than \$25 billion to be invested in affordable high-speed internet and connectivity across the United States.

Among the people Demings recognized for their efforts in seeing the broadband project come to fruition were Simone Bath, Orange County chief innovation and emerging technology officer; and Emily Bonilla, Orange County District 5 commissioner who represents areas including Bithlo/Christmas.

Bonilla explained the firsthand inconvenience of lacking broadband access to her home, so much so that she ensured the county would overcome this problem once she was first elected county commissioner in 2016.

“I am so happy to say that I now have a thousand megabytes per second in my internet,” Bonilla said. “It is just the best. I am now in the future. We finally caught up to technology and it’s just been great. You don’t hear anymore anyone yelling ‘Who’s using the internet?’”

South Apopka is not really rural like District 5, but it’s an underserved area, said District 2 Commissioner Christine Moore, who represents South Apopka. She pointed out that South Apopka first got paved roads when Linda Chapin was Orange County chair.

“We have a lot of new housing coming along and it’s hard to imagine that I had pockets of my district that didn’t have wifi, but think for a moment – you heard a little bit from Commissioner Bonilla – but think about students who had to head up to an area, the coffee shop at McDonald’s, just hunting for wifi. Yet those are the same fam-

ilies that are transportation challenged. They certainly were at a deficit compared to any other,” Moore said.

The broadband project was actually completed ahead of deadline. The state government affairs for Charter Communications took the challenge to get

the project done by March 2025, said Marva Johnson, group vice president, State Government Affairs for Charter Communications.

“This county understood how important making sure that every citizen had access to the same essential services would be.

You made the commitment to make that investment and partner with the public private sector partner to deliver it. So we’re very honored to be your partner in that effort and we’re very excited about this important step in closing a digital divide,” Johnson said.

Residents affected by the completion of this project are directed to visit spectrum.com or call (855) 860-9068 to become a new customer or upgrade their service. In addition to being newly connected, residents may qualify for special pricing.

FWC issues School Fishing Club Grant to 50 schools

Hello Folks,

I hope everyone had a great weekend and you got a chance to enjoy the Blue Full Moon we had at the first of the week. I walked outside and enjoyed how bright the moon was and how big it seemed. Accordin’ to NASA, the blue moon is closer to the Earth, and so it looks bigger and seems brighter. Anyway, the fishin’ is still slow for most folks.

Kyle at Bitter’s Bait & Tackle reports that not too many folks are gettin’ on the water and goin’ fishin’. The panfish have slowed way down in most of the lakes. I do see some nice stringers of shellcrackers bein’ caught in some of the local lakes in our area. Most of those shellcrackers are bein’ caught on grass-shrimp, and a few are bein’ caught on red-worms.

The bass fishin’ on the Kissimmee Chain has been

Jim Keck

pretty good as of late. X-Treme Bass Series held a tournament on the chain last weekend. The team of Andrew Hall and Kyle Brewer grabbed the win at the Lake Toho Division. They weighed in 5 bass that hit the scales at 29.20 pounds. Kyle Brewer caught the biggest bass of the day with a 6.34 pounder. You know what they say an ounce of water makes a difference – how about 1/100th of an ounce of water. Kyle’s big bass was 1/100th of an ounce bigger than the next biggest bass caught that day. Kyle’s bass weighed

in at 6.34 pounds, and the next big bass weighed in at 6.33 pounds. Folks that’s as close as it can be and I’m sure the guy that caught the 2nd biggest bass was heart-broken. I know I would have been.

The bass fishin’ on Johns Lake has been a little slow since FWC sprayed the lake. Last Wednesday night, the team of John Brazell and Mike Bruton won the tournament with 3 bass that hit the scales at 9.80 pounds. John and Mike also had big bass of the tournament which weighed 3.55 pounds.

I also want to mention that the FWC has issued a School Fishing Club Grant to 50 schools for the upcoming school year. Each school was awarded a \$500-grant for this school year. The money will help with the club ex-

pass turned into a school record 99-yard reception and touchdown.

“The focus was much more on what we practiced after the interception and touchdown. Of course, teams tend to be much less tense and think about how to win instead of avoid losing when holding a lead too. There wasn’t a sense of giving up or the sky is falling because clicking as a team didn’t start right away.”

Another two points

were added at the end of the Titans’ next possession as the high snap also traveled through the end zone.

Wekiva’s other scores came on touchdowns, a seven-yard rush from Isaiah McNish, a 19-yard Jackson Keillor to Naeem Woulard pass and a blocked punt, recovered in the end zone.

The touchdowns were scored with 2:35 of the first quarter, 2:15 of the second and 10 seconds remaining in the contest, respectively.

Only one possession

ended with the Titans gaining more than one first down and 15 yards. Olympia moved the ball from its 35 yard line to Wekiva’s 1-yard line on the first possession of the second half. The ball was turned over on downs though. Will Wankelman’s arching into the left back corner of the end zone pass was caught out of bounds.

Not counting the first drive of the second half, the Titans gained 49 yards on 28 plays. Wekiva also

nant their passing game is, you’d think Tampa would have no run game, or at least a subpar one, but they put up 175 rushing yards and four rushing touchdowns on Apopka’s young defense. To put it into perspective, Apopka is a run-first team that runs 80 percent of the time and the Blue Darters only collected 195 rushing yards.

The first quarter was relatively quiet with both teams poking and prodding at each other trying to figure out where their

weakness was. Apopka’s first drive was a three-and-out followed by a six-play touchdown drive from Tampa to open the game.

After getting another opportunity with the ball, Apopka once again went three and out turning the ball over after losing yards to penalties and a sack on quarterback Tyson Davison. But this time, Apopka was able to stop Tampa in its tracks and forced them to punt it right back.

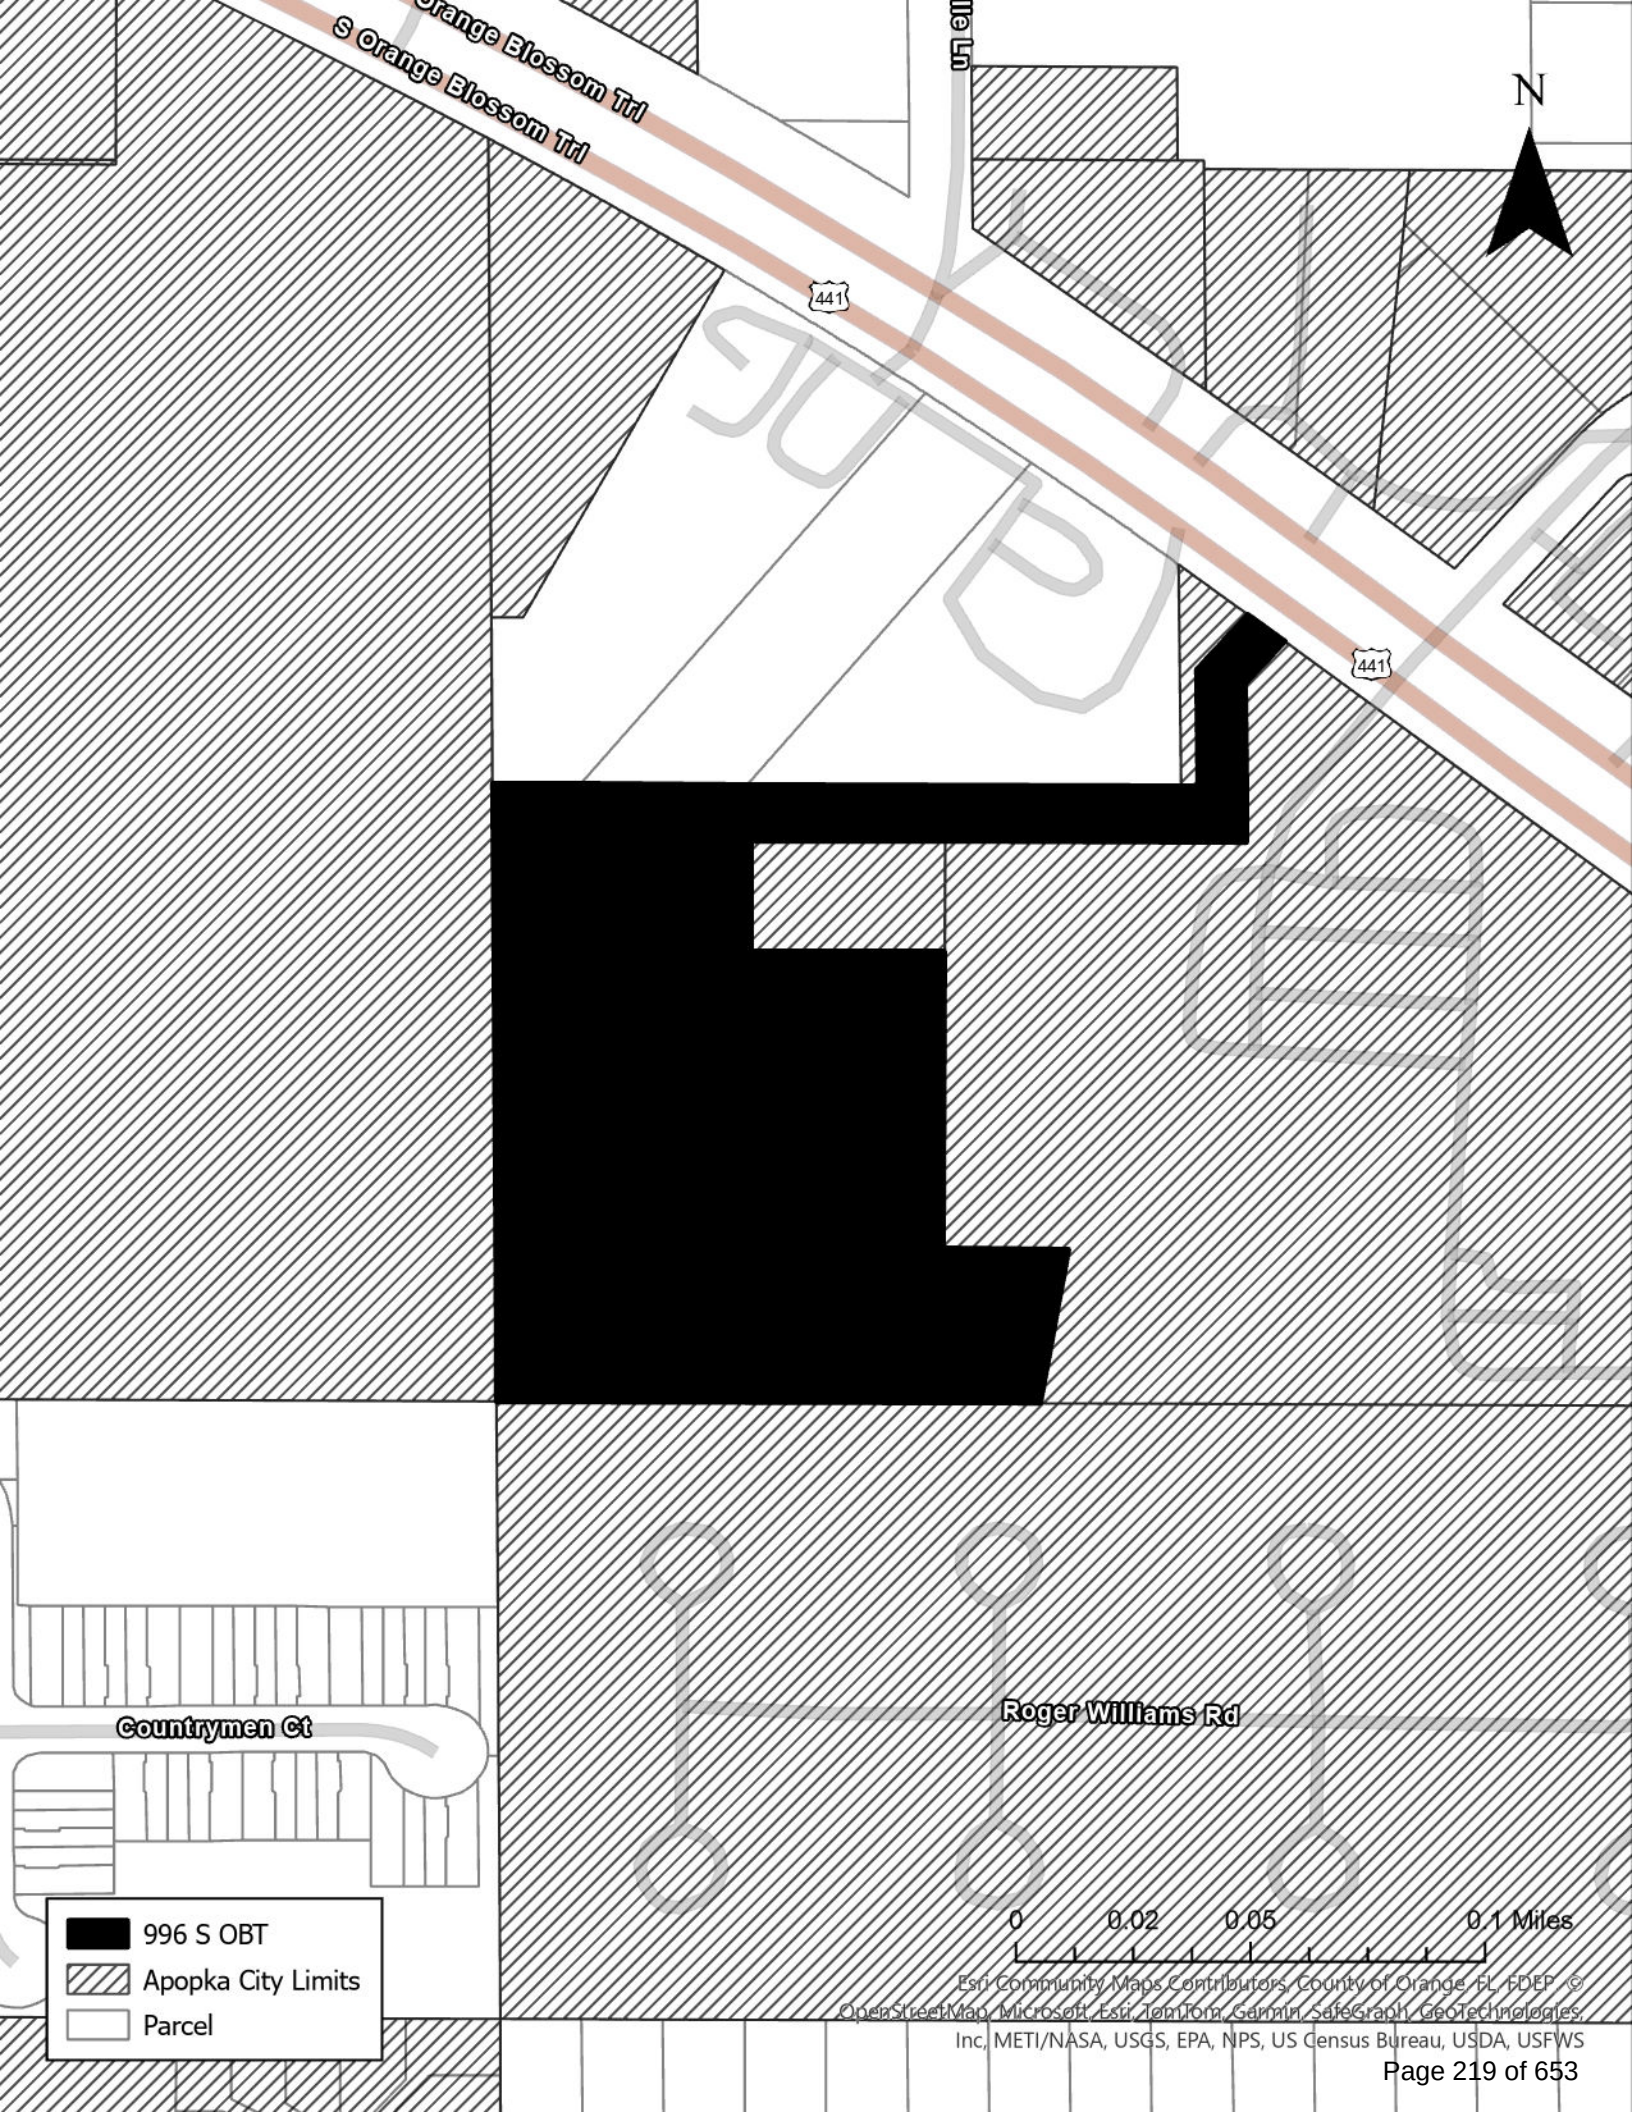

But again, Apopka’s offense could not find any space to set up the run or pass game. Apopka gained

just seven yards and was forced to punt facing a fourth and three.

Before the end of the first quarter, Tampa had the ball again starting on their 11-yard line. They decided to go with the run but were stuffed on first down. But, on second down they found a little room with a quick pass to a receiver at the line who beat one Apopka defender near the sideline for a first down.

Tampa stuck with run again going to the outside where they grabbed

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 6.

Meeting Date: September 4, 2024

Department: Community Development

SUBJECT:

Ordinance No. 3065 – Second Reading - Change of Zoning – 996 S. Orange Blossom Trail

REQUEST:

Adopt Ordinance No. 3065.

SUMMARY:

Owner(s): Trinity Baptist Church of Apopka, Inc.

Applicant: Thomas Skelton

Parcel Identification Number(s): 14-21-28-0000-00-054, 14-21-28-0000-00-044, 14-21-28-0000-00-116

Location: 996 S. Orange Blossom Trail, 1000 S. Orange Blossom Trail

Existing Zoning: C-C (Community Commercial), RSF-1B (Residential Single-Family-Large Lot)

Proposed Zoning: O (Office)

Existing Use(s): Vacant, Residential

Existing Future Land Use: Residential Medium, Commercial

Tract Size: 6.99 +/- Acres

Direction	Future Land Use	Zoning	Present Use
North	"County" Commercial	"County" C-2	Commercial
East	Institutional/Public Use	O (Office)	Place of Worship
South	Residential Low	MHP (Mobile Home Park)	Residential
West	Commercial	C-C (Community Commercial)	Place of Worship

PROJECT SUMMARY:

The subject properties, which is approximately 6.99 acres in size, are located at 996 S. Orange Blossom Trail and 1000 S. Orange Blossom Trail. The applicant is requesting the rezoning of the property for the potential development of a place of worship to expand their current use of the church located at 1022 S. Orange Blossom Trail, owned by the same owner. The applicant's proposed use of a place of worship is permitted use in the Office zoning district per Land Development Code Table 4.2.2.C.

Land Development Code Section 10.3.1.E.2 defines 'Place of Worship' as follows: a structure, together with its accessory buildings and uses, where people regularly assemble to conduct religious worship, ceremonies, rituals, and related education. It also states that a place of worship may include other uses that generally exist as principal uses—e.g., day care center, school, or recreational facility, and such uses are treated as principal uses and subject to the standards and limitations applicable to such uses.

Land Development Code Section 2.5.1.D.3 requires the Council to weigh the relevance of and consider whether and the extent to which the proposed amendment:

- a. Is consistent with and furthers the goals, objectives and policies of the comprehensive plan and other adopted City plans;
 - Applicant's response: This request consists of a change in the Zoning and Future Land Use to allow the use that is existing on the owner's property. Therefore, it is consistent with the City's Comprehensive Plan.
 - Staff response: Staff has no objection.
- b. Is in conflict with any provisions of the LDC;
 - Applicant's response: This request will not create any conflicts with any provisions of the City's LDC. No variances or waivers are needed to allow the planned use of the property.
 - Staff response: Staff has no objection.
- c. Addresses a demonstrated community need;
 - Applicant's response: The proposed use of the property is an expansion of the existing use and will include religious, educational, recreational and community activities.
 - Staff response: Staff has no objection.
- d. Is required by changed conditions;
 - Applicant's response: The existing zoning and land use of the original property was previously changed to allow those uses. The property included in the application requires the same changes.
 - Staff response: Staff has no objection.
- e. Is compatible with existing and proposed uses surrounding the subject land, and is the appropriate zoning district for the land;
 - Applicant's response: The change would be more compatible with the existing use of the parent property than the present zoning and land use classifications. It is also compatible with the uses adjacent and nearby.
 - Staff response: Staff has no objection.
- f. Would result in a logical and orderly development pattern;
 - Applicant's response: This is an expansion of the present use of the parent property.
 - Staff response: Staff has no objection.
- g. Would not result in significant adverse impacts on the natural environment—including, but not limited to, water, air, noise, stormwater management, wildlife, vegetation, wetlands, and the natural functioning of the environment; and
 - Applicant's response: The proposed use of the property is an expansion of the present use of the parent property. This use has very low impacts on the natural environment and is more compatible to the natural environment than what the current zoning and land use classifications.
 - Staff response: Staff has no objection.
- h. Would result in development that is adequately served by public facilities (e.g., streets, potable water, sewerage, stormwater management, solid waste collection and disposal, schools, parks, police, and fire and emergency medical facilities).
 - Applicant's response: This change will have a minimal impact to the current availability of public facilities. The use will have low impacts to traffic, utilities, stormwater and solid waste. The use will include on-site schools and parks.
 - Staff response: Staff has no objection.

RECOMMENDED MOTION:

Development Review Committee (DRC):

Recommends approval of the Change of Zoning from C-C (Community Commercial) and RSF-1B (Residential Single-Family-Large Lot) to O (Office), finding the proposed change consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, based on the findings and facts presented in the staff report and exhibits.

Planning Commission:

As its meeting on July 9, 2024, the Planning Commission found the proposed Change of Zoning from C-C (Community Commercial) and RSF-1B (Residential Single-Family-Large Lot) to O (Office), consistent with the Comprehensive Plan and Land Development Code, and compatible with the character of the surrounding areas, and unanimously recommended approval of the proposed Change of Zoning, based on the findings and facts presented in the staff report and exhibits.

City Council:

At the August 7, 2024, meeting, the City Council unanimously accepted the first reading of Ordinance No. 3065 and held it over for second reading and adoption.

Recommended Motion – City Council:

Adopt Ordinance No. 3065.

Note: This item is considered quasi-judicial. The staff report and its findings are to be incorporated into and made a part of the minutes of this meeting.

AN ORDINANCE OF THE CITY OF APOPKA, FLORIDA, CHANGING THE ZONING FROM C-C (COMMUNITY COMMERCIAL) AND RSF-1B (RESIDENTIAL SINGLE-FAMILY-LARGE LOT) TO O (OFFICE), FOR CERTAIN REAL PROPERTY GENERALLY LOCATED AT 996 S. ORANGE BLOSSOM TRAIL AND 1000 S. ORANGE BLOSSOM TRAIL; OWNED BY TRINITY BAPTIST CHURCH OF APOPKA, INC. COMPRISING 6.99 ACRES, MORE OR LESS; PROVIDING FOR SEVERABILITY, CONFLICTS, AND AN EFFECTIVE DATE.

WHEREAS, to manage the growth, the City of Apopka, Florida, finds it in the best interest of the public health, safety and welfare of its citizens to establish zoning classifications within the City; and

WHEREAS, Thomas Skelton has requested a change in zoning on said property as identified in Section I of this ordinance; and

WHEREAS, the proposed O (Office) District zoning has been found to be consistent with the City of Apopka Comprehensive Plan, and the City of Apopka Land Development Code.

NOW THEREFORE, BE IT ORDAINED, by the City Council of the City of Apopka, Florida, as follows:

Section I. That the zoning classification of the property described in Exhibit A, being situated in the City of Apopka, Florida, is hereby O (Office) District, as defined in the Apopka Land Development Code, and with the following provision:

Section II. That the zoning classification is consistent with the Comprehensive Plan of the City of Apopka, Florida. The applicant shall obtain all approvals as required, if any, per the Orange County Charter and the Amended Interlocal Agreement for Public School Facility Planning and Implementation of Concurrency.

Section III. That the Community Development Director, or the Director's designee, is hereby authorized to amend, alter, and implement the official zoning maps of the City of Apopka, Florida, to include said designation.

Section IV. That if any section or portion of a section or subsection of this Ordinance proves to be invalid, unlawful, or unconstitutional, it shall not be held to invalidate or impair the validity, force or effect of any other section or portion of section or subsection or part of this ordinance.

Section V. That all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section VI. That this Ordinance shall take effect upon the date of adoption.

Hebb & Kraine catch five bass weighing in at 23.05 pounds

Hello Folks,
We are still gettin' a few drops here and there, so I'm very thankful we are gettin' some rain. I hope you had a great weekend and hopefully you got a chance to do some fishin'.
Kyle at Bitter's Bait & Tackle reports that the bluegill and shellcracker season has completed. Folks took advantage of last week's full moon to get in on the last of the bluegills. I'm sure there may be a few stragglers around,

but most of the panfish are through beddin' for this year.
The bass fishin' on the Harris Chain hasn't been too bad lately. The X-treme Bass Series held a tournament on the chain last weekend and the team of Kim Hebb and John Kraine brought 5 bass to the scales that weighed in at 23.05 pounds. They also had a big bass in their sack that weighed in at 8.50 pounds. The team of Eric Krause and James Kend-

rick had the biggest bass that weighed 8.51 pounds. Can you imagine losin' the big bass pot by .01 tenth of an ounce? The big bass pot was worth \$240 dollars.
Kyle also reports that the bass fishin' on the Maitland Chain has been pretty good. Folks are fishin' the chain early mornin' or late evenin'. Most of the bass are bein' caught around the submerged hydrilla and eel-grass beds. You can rip a lipless crank-bait through the grass for some good re-

sults, or fish plastic worms in the grass as well.
The Butler Chain has been good for catchin' keeper-size bass. You can also catch some schoolers when they come up around the boat. Try usin' a noisy top-water bait or a chatter-bait when they come up. With these hot days, you may need to fish a little deeper around the submerged pepper grass beds. The grass provides some shade for the bass and the water is a little cooler. It's that time of year when you need to slow down your retrieve, especially if you are fishin' plastic worms or slow-sinkin' Senko type baits. The bass need time to make up their mind if they are goin' to bite, or

Jim Keck
Goin' Fishin'

Lake Toho has been pretty good even after the spray-in' they did last week. Like I mentioned last week, I hope they didn't kill all the grass on the South end of the lake. They have been gettin' some rain down on Toho but they are lettin' water out to go south through the locks. The water is still low on Toho, so don't get your boat bot-tomed out, or you might have to get out and push it off the bottom.
Well folks, that's it for this week.
I hope you have a great week, and I'll see ya on the water real soon.

My fishin' buddy Rick is probably the best at this as anyone. Rick picks a spot, and casts to it. Then he lets his worm just lay there until he moves it, or a bass picks it up and starts to swim off with his worm. Back in the day, we called it "Dead Stickin'."

most important qualities in a leader are patience and the ability to be calm in any situation.

Angervil and all of the other seniors really have the same goal as a team – make it to Lakeland and be in the fight for the FHSAA State Championship. But each one of them has separate personal goals for the next few months.

"Our team goal is to make it to Lakeland and have a great record. My personal goal is to get my name and Apopka's name out there and bring excitement to Apopka," said Angervil.

Right now, Angervil is focused on improving his conditioning and his athleticism as he says those are the parts of his game that are lacking but he's also focused on his finesse and finishing at the rim. I also asked him if he prefers to shoot from the field or finish at the rim to which he gave a funny response that coach Scott Williams probably doesn't want to hear.

"Finish at the rim... Nah I mean honestly; I want to shoot the ball. I just want to shoot the ball," Angervil said while he and Jeremiah Johnson laughed.

He then told me his go-to move to get a bucket right now is a hop-step to the other side of where his opponent's feet are facing.

On defense, Angervil is always and only thinking about staying between his man and the basket but he still needs to work on his discipline in the paint. This ties into what Angervil said is the best advice he's gotten about basketball which is to be patient.

"The game becomes easier when you slow it down for yourself."

Angervil says he sees his role as the leader and the energy guy. He said as a senior that he wants to be a leader on and off the court.

We took a second to talk about last season's highs and lows where he and a lot of his teammates shared the same sentiments. He said the high was making it to playoffs through the adversity the team faced last year with their less-than-spectacular record. But the lows were losing games that he and the team feel like they shouldn't have lost.

I asked him why he thinks the team lost those games last year and he said that the team didn't care enough but that that was going to change this year.

"We just didn't care enough. This year we want to care more and leave everything on the court every game. Last year we left stuff on the court that we should've never left."

Angervil said he's learned a lot over his years on the team and that he will bring that with him as a leader.

"I learned to always stay calm no matter that situation and to never give up until the clock hits zero."

One of my last questions was a fun one to see what kind of players each of the seniors was. It was, "What is more important, defense or offense?" Angervil laughing again said offense is more important than defense.

Before our interview was over Angervil had one last thing to say about his game. It was that he likes to be flashy and exciting with his play.

"I hate a boring play style. I would rather do something flashy than sit there and do box drills. I could score 10 and I still

wouldn't be happy playing like that. "

So, if you come out to watch the boys play look for number 4 trying to do something flashy and then look for coach Williams, who will probably have a hand over his face.

Larson Taylor: #5 Forward

Taylor told me he started playing ball when he was in sixth grade and stuck with it because it came to him easily.

"Uhhh... I don't know. It really just came to me. I just tried out one year and I made it – so I kept going."

Taylor told me he has really come into his own this summer because of constantly working with and being around all of his teammates.

"Summer has really helped us come together as a team for the upcoming season. It's been great to build that chemistry between us by being around each other more," Taylor said.

I asked how he felt about his new role on the team as a leader and not just a player and Taylor was a bit hesitant but ready for the challenge and the opportunity.

"I mean I don't know. It does feel kind of different. There's a lot of responsibility that comes with it and you have to really be on the same page because this is us, it's our time. We got to be on point because our teammates follow our lead."

Larson told me the most important qualities in a leader are a voice that others will listen to and respect, but most of all their actions on and off the court.

When talking about personal and team goals,

Don't trash; recycle campaign signs

With the primary election now over, Orange County encourages residents to recycle campaign signs instead of throwing them in the trash.

In partnership with the City of Winter Park, the City of Orlando and the League of Women Voters, Orange County will collect campaign signs so they can be used as a cleaner energy source.

"The intent is to not send these single use signs off to the landfill," said Aimee Krivan, Pollution Prevention Program Coordinator with the County's Environmental Protection Division. "We have found a way

for these signs to have a second life."

The signs are sent to NuCycle where they are converted into Enviro-Fuelcubes® used by the cement and electrical power industries to replace coal. In 2022, the program's first year, it diverted 11,140 pounds in campaign signs from the landfill.

Wood and metal frames must be removed from signs before donating. Donations can be made from August 21 through September 1 at the following locations: Broadway United Methodist Church, 406 E. Amelia St., Orlando, FL 32803; First

Unitarian Church, 1901 E. Robinson St., Orlando, FL 32803; Solid Waste Management, 1028 Woods Avenue, Orlando, FL 32805; Porter Transfer Station, 1326 Good Homes Rd., Orlando, FL 32818; Cady Way Pool, 2529 Cady Way, Winter Park, FL 32792; Mead Botanical Garden, 1310 S. Moore: Suburban sprawl is real

Continued from page 2A

tures. We are doing what we can in Lockhart and waiting for Vision 2050 to pass and funding to come to improve Edgewater Drive.

The Pine Hills section of District 2 was developed during the suburban sprawl and automobile era. A vibrant, dense downtown does not exist. Most of the workers must travel too far to job markets. Richard Florida talks about the younger generation wanting to ditch the cars and big houses and reside in more creative communities. On a positive note, the Lynx Superstop is being rebuilt, the Pine Hills Trail expanded, downtown design features added, and my People of Clarcona-Ocoee group is painting a mural with artist

Delia Miller this Saturday at the Rebel Gas Station at the corner of Pine Hills and Clarcona-Ocoee roads. We are working towards a better Pine Hills.

As for Apopka, I hear many residents angry with the suburban sprawl and lack of infrastructure. It is unfortunate that big box stores, large scale farming in Central and South America, and the buy-out of Lake Apopka farms drastically changed the farming economics. Yet, Florida says this is the opportunity for a great reset. Apopka can become much more than a bedroom community for Orlando. Richard Florida has many ideas and methodologies to make this possible. I hope you read one of his books.

We are all part of a large mega-economy of

Central Florida. The possibilities for success economically and preserving our environmental treasures are endless. We can offer a much better way of life while contributing meaningfully to the productivity and prosperity of the economy. Florida mentions the reset from 2010 as our opportunity for higher education "sparking" the creation of the modern research-intensive university. Ah, we could benefit from thinking this through.

Yet too many times we sit back and let all the innovation locate in East Orange County, or the new chip industry and unmanned vehicles locate in Osceola County. We must do more than simply fill up large warehouses along Lake Apopka. We must innovate.

Byrd: More benefits are now offered

Continued from page 2A

tial incentives of \$10,800 and most recently, we worked with their union to secure an additional \$8,000 annual bonus paid quarterly for the next two years.

It's this last new \$16,000/two-year bonus that seems to be making an impact.

The district holds job fairs just about every two weeks but even with all of this, the applicants just haven't shown up. In the past, we were lucky to have five or six applicants attend the fairs.

Yet, this past Monday, at the district's most recent transportation fair, 140 applicants showed up after all the news coverage the previous week about the shortage and the new bonus system.

I remain hopeful that all these strategies will make a difference but it is going to take time and we will have to keep being creative to make up for the lack of funding we have available, which is always the bottom line concern. I tell you all of this because I ask for grace and creativity. Grace with the delays as many of our drivers have to do double pickups to each school because of the shortage. This causes considerable delays and extra early pickups.

Creativity in helping us where you can will be appreciated. If you can drive your child to school, please do. This allows the valuable seats to be used for children who have no other way to get to school. Work with neighbors and friends to create carpools

or create group walking or biking clubs. Work with your school's PTA to help organize neighborhood carpools.

I know this is incredibly frustrating and burdensome on families, students and staff. It's frustrating for me as well because I want nothing more than to ensure kids can get to school quickly and on time without issue so they can learn and be successful.

I will continue to work with district staff to look for solutions and I will also continue to reach out to our state legislators advocating for proper funding so we can compete for drivers. I encourage you to do the same.

Most of all, get the word out that we are hiring and encourage people you know to join our team.

Hayden: Groundwork has been laid

Continued from page 2A

or competition increases your desire to excel? Our education system has its sight: set on *dumbing down America*. If you don't believe that, ask your daughter, or son anything you remember from your 6th or 7th grade classes pertaining to history, American or World.

When my mom took me into town to shop for the month, we used to go to A&P, and after checking out three or four baskets full, she would tear off the bottom of the receipt (the total cost), hand it to me and ask me to total it, in my head.

I thought that was cruel and unusual punishment, but Mom would laugh and make a game out of it, and before long I became proficient in using my head as something more than a hat rack. To my shame, I do not incorporate those kinds

of learning exercises into teaching my kids. When we depend on our education system and do not take part, we throw our children to the wolves of the world. They are more than willing to teach *their way* of dealing with the world's ills, and it is absolutely demented.

The groundwork for our children to be radicalized has been laid. Our colleges are full of Socialists, Communists, and Globalists that have been taught by those same people that were students in the 70s and 80s.

Do you remember? It was a time of "me-ism's." Everything had to do with "me first." We started using words like self-awareness, self-esteem, self-assertion, self-denial, self-love, and self-care, and no one could tell them that it was a lonely, lonely world when you are the only one there. Those same people

are teaching in our colleges now.

The school attitude of most students now is, let me get by, by the skin of my teeth, and I will be *free!* When the goal is getting through, rather than getting educated to better the world, we are in trouble.

Those out to destroy America and our sovereignty are not sitting around talking, they are actively taking part in everything as planned by George Soros, the Open Society Foundation, the Globalists, and this administration.

What is amazing to me is, we have men and women willing to cross the ocean to fight and die for the freedoms we hold dear, and then there are those who will not cross the street to vote!

It is your turn to show the world. GET UP, OUT and VOTE!!

County: Expansion cost \$5 million, comes from federal funds

Continued from page 1A

Spectrum, Orange County installed underground fiber optic cables, giving residents access to high speed internet.

Demings also announced that through a partnership with the Aeras Foundation, wifi enabled digital devices are available to be loaned to qualified residents. Aeras works with community organizations and has already distributed more than 700 devices to residents.

“Overall, Orange County is addressing needs related to access and affordability. We are working to ensure that no one is left behind. We want to achieve digital equity so that all residents in Orange County can be fully connected,” Demings said.

These projects reflect a cost of over \$5 million. The money is coming from the American Rescue Plan Act of 2021, which designated more than \$25 billion to be invested in affordable high-speed internet and connectivity across the United States.

Among the people Demings recognized for their efforts in seeing the broadband project come to fruition were Simone Bath, Orange County chief innovation and emerging technology officer; and Emily Bonilla, Orange County District 5 commissioner who represents areas including Bithlo/Christmas.

Bonilla explained the firsthand inconvenience of lacking broadband access to her home, so much so that she ensured the county would overcome this problem once she was first elected county commissioner in 2016.

“I am so happy to say that I now have a thousand megabytes per second in my internet,” Bonilla said. “It is just the best. I am now in the future. We finally caught up to technology and it’s just been great. You don’t hear anymore anyone yelling ‘Who’s using the internet?’”

South Apopka is not really rural like District 5, but it’s an underserved area, said District 2 Commissioner Christine Moore, who represents South Apopka. She pointed out that South Apopka first got paved roads when Linda Chapin was Orange County chair.

“We have a lot of new housing coming along and it’s hard to imagine that I had pockets of my district that didn’t have wifi, but think for a moment – you heard a little bit from Commissioner Bonilla – but think about students who had to head up to an area, the coffee shop at McDonald’s, just hunting for wifi. Yet those are the same fam-

ilies that are transportation challenged. They certainly were at a deficit compared to any other,” Moore said.

The broadband project was actually completed ahead of deadline. The state government affairs for Charter Communications took the challenge to get

the project done by March 2025, said Marva Johnson, group vice president, State Government Affairs for Charter Communications.

“This county understood how important making sure that every citizen had access to the same essential services would be.

You made the commitment to make that investment and partner with the public private sector partner to deliver it. So we’re very honored to be your partner in that effort and we’re very excited about this important step in closing a digital divide,” Johnson said.

Residents affected by the completion of this project are directed to visit spectrum.com or call (855) 860-9068 to become a new customer or upgrade their service. In addition to being newly connected, residents may qualify for special pricing.

FWC issues School Fishing Club Grant to 50 schools

Hello Folks,

I hope everyone had a great weekend and you got a chance to enjoy the Blue Full Moon we had at the first of the week. I walked outside and enjoyed how bright the moon was and how big it seemed. Accordin’ to NASA, the blue moon is closer to the Earth, and so it looks bigger and seems brighter. Anyway, the fishin’ is still slow for most folks.

Kyle at Bitter’s Bait & Tackle reports that not too many folks are gettin’ on the water and goin’ fishin’. The panfish have slowed way down in most of the lakes. I do see some nice stringers of shellcrackers bein’ caught in some of the local lakes in our area. Most of those shellcrackers are bein’ caught on grass-shrimp, and a few are bein’ caught on red-worms.

The bass fishin’ on the Kissimmee Chain has been

Jim Keck
Goin’ Fishin’

pretty good as of late. X-Treme Bass Series held a tournament on the chain last weekend. The team of Andrew Hall and Kyle Brewer grabbed the win at the Lake Toho Division. They weighed in 5 bass that hit the scales at 29.20 pounds. Kyle Brewer caught the biggest bass of the day with a 6.34 pounder. You know what they say an ounce of water makes a difference – how about 1/100th of an ounce of water. Kyle’s big bass was 1/100th of an ounce bigger than the next biggest bass caught that day. Kyle’s bass weighed

in at 6.34 pounds, and the next big bass weighed in at 6.33 pounds. Folks that’s as close as it can be and I’m sure the guy that caught the 2nd biggest bass was heart-broken. I know I would have been.

The bass fishin’ on Johns Lake has been a little slow since FWC sprayed the lake. Last Wednesday night, the team of John Brazell and Mike Bruton won the tournament with 3 bass that hit the scales at 9.80 pounds. John and Mike also had big bass of the tournament which weighed 3.55 pounds.

I also want to mention that the FWC has issued a School Fishing Club Grant to 50 schools for the upcoming school year. Each school was awarded a \$500-grant for this school year. The money will help with the club ex-

pass turned into a school record 99-yard reception and touchdown.

“The focus was much more on what we practiced after the interception and touchdown. Of course, teams tend to be much less tense and think about how to win instead of avoid losing when holding a lead too. There wasn’t a sense of giving up or the sky is falling because clicking as a team didn’t start right away.”

Another two points

were added at the end of the Titans’ next possession as the high snap also traveled through the end zone.

Wekiva’s other scores came on touchdowns, a seven-yard rush from Isaiah McNish, a 19-yard Jackson Keillor to Naeem Woulard pass and a blocked punt, recovered in the end zone.

The touchdowns were scored with 2:35 of the first quarter, 2:15 of the second and 10 seconds remaining in the contest, respectively.

Only one possession

ended with the Titans gaining more than one first down and 15 yards. Olympia moved the ball from its 35 yard line to Wekiva’s 1-yard line on the first possession of the second half. The ball was turned over on downs though. Will Wankelman’s arching into the left back corner of the end zone pass was caught out of bounds.

Not counting the first drive of the second half, the Titans gained 49 yards on 28 plays. Wekiva also

nant their passing game is, you’d think Tampa would have no run game, or at least a subpar one, but they put up 175 rushing yards and four rushing touchdowns on Apopka’s young defense. To put it into perspective, Apopka is a run-first team that runs 80 percent of the time and the Blue Darters only collected 195 rushing yards.

The first quarter was relatively quiet with both teams poking and prodding at each other trying to figure out where their

weakness was. Apopka’s first drive was a three-and-out followed by a six-play touchdown drive from Tampa to open the game.

After getting another opportunity with the ball, Apopka once again went three and out turning the ball over after losing yards to penalties and a sack on quarterback Tyson Davison. But this time, Apopka was able to stop Tampa in its tracks and forced them to punt it right back.

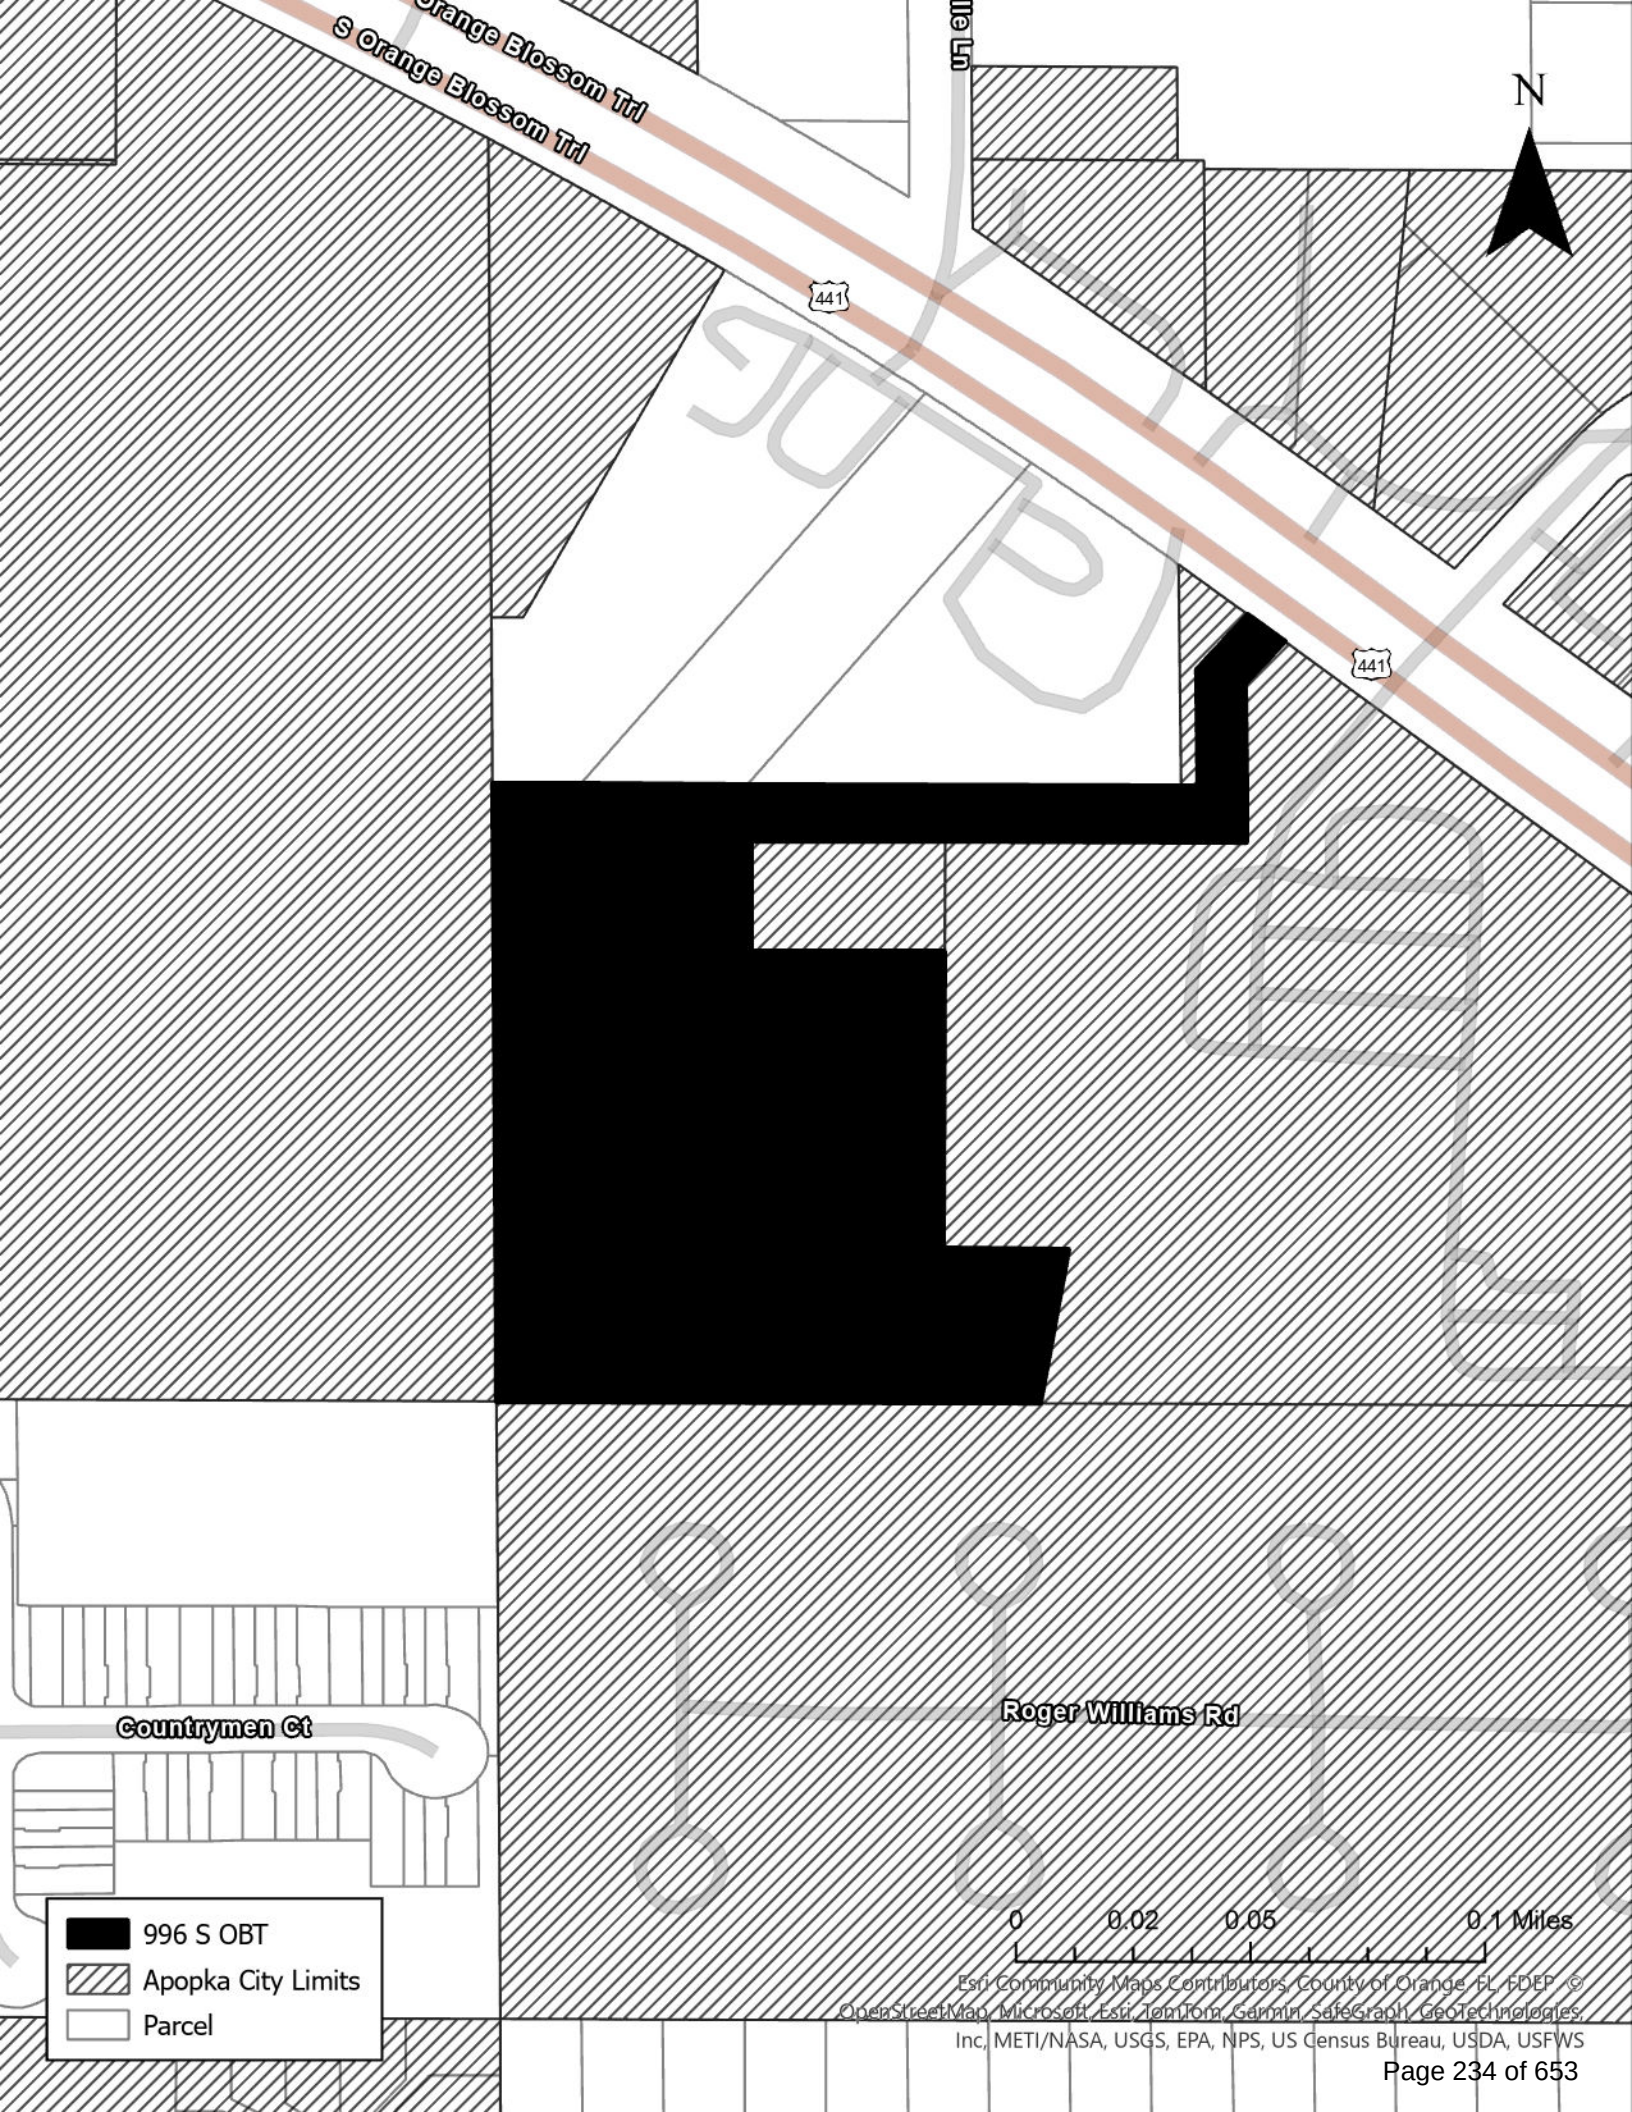

But again, Apopka’s offense could not find any space to set up the run or pass game. Apopka gained

just seven yards and was forced to punt facing a fourth and three.

Before the end of the first quarter, Tampa had the ball again starting on their 11-yard line. They decided to go with the run but were stuffed on first down. But, on second down they found a little room with a quick pass to a receiver at the line who beat one Apopka defender near the sideline for a first down.

Tampa stuck with run again going to the outside where they grabbed

2018- “CFX completed construction of its Wekiva Parkway segments 18 months early”
2024- “Wekiva Parkway completed as the final link of the Central Florida beltway”
I’m not sure many of you realize that SR 417 is

the eastern portion of the beltway around Orlando.
Many of you take this roadway to reach the University of Central Florida or perhaps, Orlando, or MCO Airport.
I remember when the western portion of SR 429 was opened. I remember this portion of the beltway being named after my friend and our current congressman, Daniel Webster. Congressman Webster, while he was Speaker of the Florida House, was responsible for securing the state funding. In fact, I packed up my two young children and their bi-

cycles to ride on the roadway at the dedication. Seeing that these two are now both parents themselves, you know this was about two decades ago.
The final segment, about 25 miles through the environmentally sensitive areas of the Wekiva River, was incredibly challenging. The Wekiva Basin is fed by 19 springs and connects with the Floridan Aquifer. Additionally, the Wekiva River was designated in 1988 to be a “natural resource of state and regional importance.”
The roadway designers and engineers had to create a complex construction plan that minimized potential development and any impacts. The bridge had no pillars in the water and required temporary berms to keep construction runoff from running into the river.

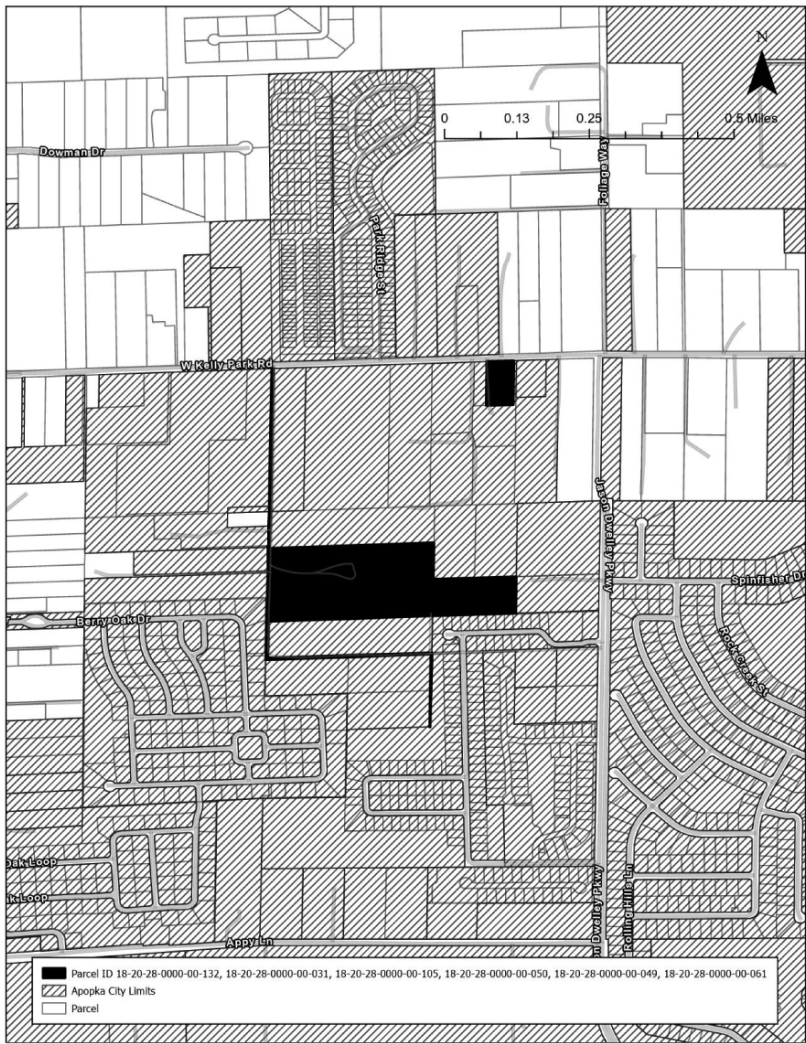

Environmental activists were right to be concerned about any possible damage the highway could create. The bridge over the river is elevated without piers to allow unfettered access to wildlife and recreational users. It was constructed from the top down to further protect the river.
The book, “The River and the Road”, states the inspiration for the Wekiva Parkway was the Blue Ridge Parkway which is in North Carolina and Virginia. That roadway is considered a national treasure. The Wekiva Parkway also “conforms to the contours of the land. It has lush landscaping and the overpasses and bridges are custom designed, and display... warm earth tones.”
Lessons learned from providing this much-needed roadway and protecting the

environment include: making the natural environment the top consideration, working closely with residents and all stakeholders, and pioneering uses of design with materials that enhance the road and blend into the natural environment.
One final note, I believe it is important to honor the concessions of these environmentalists by restricting any new high-density areas other than Kelly Park Crossings. This promise was part of the Wekiva River Protection Act dating back to 2004.
Additionally, downtown Apopka has suffered enough blight and neglect. We must continue to strike the right balance between serving a burgeoning population and protecting our natural resources.

have in the beginning of their days.
A good bus driver becomes a person of comfort for our children and can lift spirits in a way that many children need in order to enter school with a positive mindset for the day of learning ahead.
I remember meeting a bus driver when I was campaigning for the school board after I knocked on her door. She had been a driver for over 30 years and considered the children on her route her own children. She knew about their lives and watched out for them and they looked forward to seeing her everyday.
The drivers are truly a blessing and our education system couldn’t work without them so I am always thrilled to spend the morning with them.

After coming home and getting my own high schooler off for her first day, I headed over to Wheatley Elementary to cheer on our youngest learners and welcome them into the school building.
This event is organized every year by a fantastic community partner, Shaunte Jemison of the non-profit, Re-Imagine Communities with the help of numerous community members, including Apopka City Commissioners.
We lined the sidewalks holding signs and bells, while a DJ played fun music and we cheered and welcomed each child as they walked up to start the new school year.
The most favorite part of my job is when I get to spend time with our beautiful children because they are filled with such joy. Monday was no different.

The children were so excited and smiling and waving at us as they walked up.
It was such a good feeling to show them that this community cares about them and is happy to see them. Sometimes, that is all a child needs to know to be successful.
Remember to reach out to our community children and schools if you have the time. Spend some time volunteering, mentoring, or call your local school and ask if they need any supplies. Reach out to a teacher you know and see what they need.
Our communities can be a great resource for our schools, children, and staff. Even in the face of challenges, our schools and employees do amazing work every day.
Thank you for all you do and I hope everyone has a great year!

ed States of America and want to do away with the American way of life, the American dream, and our God-given rights guaranteed by the Constitution of the United States of America. They use the freedoms given by the Constitution to undermine and destroy our very culture.
We need to protect our family, putting one foot in front of the other, going forward, presenting a formidable front that will *not* back down.
Our schools of higher learning are filled with educated idiots that teach Socialism, Communism, and world views that have decimated other nations, and left them in ruins, and yet, we still send our kids to be brainwashed into believing the United States of America is undeserving of the title, “Exceptional.”
Our nation needs an enema to cleanse our gov-

ernment and Washington, D.C., is the place to gain entrance for the procedure! We need to show the courage and strength of those who stood tall when faced with overwhelming odds. Some, even though their lives were threatened with intimidation, persecution, rejection, and, yes, even death, promoted a better way for our nation. If we cannot change our nation’s ruling ideology, we are headed for WWII, and because of the weaponry that will be used, the next war after that will be fought with sticks and stones.
I believe that there are people all over our great nation that are simply worn out with all the turmoil on our streets, in our government, and between people who ought to be rejoicing over “life in America!” After Rodney King was brutally beaten by four Los Angeles policemen following a high-speed chase on March 3, 1991, eventually

the four L.A.P.D. officers were charged with multiple charges, and stood trial for the malicious, and uncalled for beating. In April 1992, the officers involved were acquitted, and that set off riots that resulted in 50 deaths, 2000 injured, 9500 arrested for looting and arson, and \$1 billion dollars in damages.
When Rodney King saw all the destruction and mayhem on the third day of the riots, he made a public appearance, making his now-famous plea: “People, I just want to say, can’t we all get along? Can’t we all get along?”
Let us turn our nation upright again. You and I have the upper hand.
We can fire the employees who *believe* they are in charge, and we can hire true employees that will work for us, and our protection.
My advice is to use COMMON sense – get out and VOTE!!!

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 8.

Meeting Date: September 4, 2024

Department: Public Services

SUBJECT:

Resolution 2024-18 Imposing the Uniform Method of Collections for Non-Ad Valorem Special Assessments levied within the City of Apopka for the Stormwater Utility.

REQUEST:

Accept the first reading of resolution 2024-18 and hold over for second reading.

SUMMARY:

Resolution No. 2024-18 provides for the increase of the non-ad valorem rate on real property within the municipal boundaries of the City of Apopka on an annual basis, according to Section 197.3632 Florida Statute, as amended.

The City conducted an independent study of the Stormwater Utility and based upon that study, it is recommended that the utility rates be adjusted for the operational and capital needs associated with the utility.

A public hearing notice was advertised in the local newspaper as well as the city website notifying the public of the increase in the non-ad valorem assessment. Also, notice of the new rates for each property has been noticed on the Truth in Millage Notice (TRIM) sent to the property owners by Orange County.

FUNDING SOURCE:

Non-Ad Valorem Assessment

RECOMMENDED MOTION:

Establish the non-ad valorem special assessment rates based on the study and hold over for a second reading and adoption on September 18, 2024.

ATTACHMENTS:

1. Stormwater Public Hearing Notice 2024
2. Stormwater Assessment Roll - Final
3. Stormwater Resolution 2024-18

CITY OF APOPKA

NOTICE OF PUBLIC HEARING

The City of Apopka currently assesses property owners an annual stormwater assessment to pay for various flood control and water quality improvement projects within the incorporated limits of the City of Apopka. The stormwater management assessment appears on your Truth in Millage (TRIM) Notice so that you can conveniently pay the assessment at the same time you pay your property tax.

The average single-family residence in the City includes 3,600 square feet of impervious surface (roofed, paved, or similar surface), which equals an "Equivalent Residential Unit" or EDU. The proposed assessment for one EDU is \$60.00 (Base Rate + EDU Rate) for FY 2024/2025. Assessments for specific parcels are based on either an assigned EDU or the actual impervious square footage, as set forth in the chart below.

Class of Service	Building Footprint (Square Feet)	FY 2023/24 Stormwater Assessment
Base Rate		
Single Family Residential		\$39.00
Non-Residential/Commercial		\$117.00
Vacant		\$39.00
Agriculture (W/Building)		\$117.00
EDU Rate		
Residential Tier 1	< 2,800 sq. ft.	\$18.20
Residential Tier 2	2,800 to 4,700 sq. ft.	\$26.00
Residential Tier 3	> 4,700 sq. ft.	\$39.00
Nonresidential Classes		\$26.00

How the rates are calculated:

$$\text{Base Rate} + \text{EDU Rate} = \text{TOTAL}$$

Average Home Assessment is (Base Rate of) \$39.00 plus (EDU Rate of) \$26.00 = TOTAL of \$65.00

The assessment is projected to generate 1.92 million in total revenue to be used for stormwater management projects.

State law requires us to inform you that failure to pay any part of your property tax bill including the stormwater management assessment will cause a tax certificate to be issued against the property which may result in loss of title.

When Can I Talk About This?

A public hearing to consider adoption of the annual rate resolution for the stormwater management assessment for Fiscal Year 2024/2025 will take place on September 4th, 2024, at 5:15 PM and September 18th, 2024 at 6:00 PM. The collection of the assessment will be on the ad valorem tax bill. All affected real property owners have a right to appear at the hearing and to file written comments with the City Clerk any time prior to the public hearing. If a person decides to appeal any decision made by the City Council with respect to any matter considered at the hearing such person will need a record of the proceedings and may need to ensure that a verbatim record is made including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk at 407-703-1704 at least seven days prior to the date of the hearing.

RESOLUTION NO. 2024-18

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF APOPKA ESTABLISHING A SCHEDULE OF FEES TO PROVIDE FUNDING FOR A STORMWATER UTILITY PROGRAM; ADOPTING THE NON-AD VALOREM ASSESSMENT ROLL; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Apopka, Florida (the “City”) adopted Ordinance No. 722 to create a Stormwater Utility for the purpose of establishing a Stormwater Management Program; and

WHEREAS, the City is authorized pursuant to Section 197.3632, F.S., and 403.0893(3), Florida Statutes, to utilize a uniform method to assess fees to fund the operational and capital requirements of the City’s Stormwater Management Program; and

WHEREAS, the City has, in conjunction with a consulting firm, reviewed the City’s Stormwater Management Program activities and determined the amount of funds necessary to support the program; and

WHEREAS, Ordinance 722 authorizes the City to establish a schedule of fees to be charged by the Stormwater Utility by resolution; and

WHEREAS, notice of the proposed rate schedule and assessment has been published and noticed on the property owners Truth in Millage (TRIM) Notice, pursuant to Section 197.3632(4), Florida Statutes.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNIL OF THE CITY OF APOPKA, FLORIDA, THAT:

SECTION 1. Finding by the City Council.

Pursuant to the Rate Study referenced in Section 1, above, the City Council of the City of Apopka finds the following:

- a. Certain generalized Stormwater Management Program services are provided by the City and available to all parcels within the City. Each parcel receives a similar benefit from the City’s expenditures related to those services.
- b. Use of a Base Fee (per parcel) plus EDU Rate (impervious area) is an equitable apportionment of the costs of these generalized services among the benefitted parcels.
- c. The costs related to these generalized services should be apportioned to all parcels within the City, except for ineligible parcels as defined by Ordinance No. 722 and Ordinance No. 1438.
- d. The City maintains a specific stormwater drainage system that transports stormwater away from properties to receiving water bodies.

- e. There are certain properties within the City that discharge stormwater to drainage systems maintained by others, rather than the specific stormwater drainage system maintained by the City.
- f. Parcels that have a building and/or other improvements (impervious area) greatly increase the amount of stormwater runoff.
- g. Those parcels within the City that have buildings or other impervious areas and discharge to the City's specific stormwater drainage system should be assessed an additional stormwater runoff fee based on an equivalent drainage unit (EDU).
- h. Parcels within the City that do not have buildings and/or other improvements (impervious area) are considered "vacant" and should only be charged a base fee.

SECTION 2. Establishment of a Stormwater Rate Schedule.

Based on the Findings enumerated in Section 1 of this Resolution and the information and recommendations included in the Rate Study referenced in Section 1 of this Resolution, Parcels within the City of Apopka shall be assessed a base fee and an EDU fee depending on the drainage characteristics shown in the following table:

Class of Service	Building Footprint (Square Feet)	FY 2024/25 Stormwater Assessment
Base Rate		
Single Family Residential		\$39.00
Non-Residential/Commercial		\$117.00
Vacant		\$39.00
Agriculture (W/Building)		\$117.00
EDU Rate		
Residential Tier 1	< 2,800 sq. ft.	\$18.20
Residential Tier 2	2,800 to 4,700 sq. ft.	\$26.00
Residential Tier 3	> 4,700 sq. ft.	\$39.00
Nonresidential Classes		\$26.00

SECTION 5. The non-ad valorem stormwater assessment roll as set forth in Exhibit "B" is hereby adopted.

[REMAINDER OF PAGE INTENTIONALL LEFT BLANK]

SECTION 6. Effective Date.

This Resolution shall take effect immediately upon adoption.

ADOPTED by the City Council of Apopka, Florida, at a regular meeting on this 18th day of September, 2024 A.D.

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 9.

Meeting Date: September 4, 2024

Department: Public Services

SUBJECT:

Resolution No. 2024-21 Sanitation Rate Increase

REQUEST:

Increase the residential and commercial sanitation rates for collection and disposal of solid waste and recycling effective October 1, 2025.

SUMMARY:

The Sanitation Enterprise fund is funded by user fees for the curbside collection and disposal of residential waste and recycling and commercial dumpsters. Based on a rate study by consultant Raftelis, a rate increase is needed to cover operating expenses due to increase in the population served, and the rising costs of labor, fuel, disposal and other operating expenses. The rates in the attached resolution reflect a 10% increase over FY 2024.

FUNDING SOURCE:

Sanitation Enterprise Fund

RECOMMENDED MOTION:

Approve Resolution No. 2024-21 effective October 1, 2025.

City of Apopka CITY COUNCIL STAFF REPORT

Section: PUBLIC HEARINGS/ORDINANCES/RESOLUTION (Action Item)

Item #: 10.

Meeting Date: September 4, 2024

Department: Finance Department

SUBJECT:

Resolution No. 2024-22: Amending the budget for the fiscal year beginning October 1, 2023, and ending September 30, 2024.

REQUEST:

Council adoption of Resolution Number 2024-22

Budget Amendment #: 9

Fiscal Year (FY) 2024

Total Amendment: **\$1,574,362** Dollar amounts may be rounded up.

SUMMARY:

On September 20, 2023, and December 6, 2023, by Resolution Number 2023-31 and 2023-39, the City Council adopted the final budgets for fiscal year (FY) 2023-2024. The City is committed to expenditures and has experienced unanticipated revenues/expenditures throughout the current fiscal year that need to be reflected in the budget. Florida Statutes, Section 166.241 (4) requires the governing body to amend the budget in the same manner as the original budget was adopted. Below are the following proposed amendments:

1. Amendment: Fire and Police Retirement Plan Contribution

Funding Source: Fire and Police Retirement Plans

Description: This amendment includes changes in revenues and appropriations for the general fund related to the fire and police retirement plans to be in compliance with the provisions of chapters 175/185 in which we received 2023 state premium tax monies for our fire and police pension plans in fiscal year 2024. Once the funds are received, we are required to submit them to the retirement plan as employer contributions. This transaction recognizes the revenue received and the associated appropriation for the contribution.

Account Number	Description	Debit	Credit
001-312-5100	Casualty Insurance Premium Tax (Fire)		\$462,627
001-2110-522-2200	City Retirement Contribution - Fire	\$462,627	
001-312-5200	Casualty Insurance Premium Tax (Police)		\$811,735
001-2210-521-2200	City Retirement Contribution - Police	\$811,735	
	Total Amendment	\$1,274,362	\$1,274,362

2. Amendment: Northwest Recreation Complex Inclusive Playground Project

Funding Source: Recreation Impact Fee Fund Reserves

Description: On January 17, 2024, City Council adopted Resolution Number 2024-04 and accepted \$110,000 in donations from Unlimited Capabilities for the construction of the Northwest Recreation Complex Inclusive Playground Project. The City's portion of funding for the construction of the inclusive playground totals \$840,000. This amendment is to cover the funding shortage for the construction of the Northwest Recreation Complex Inclusive Playground by authorizing the transfer of \$150,000 from the Recreation Impact Fund Fees Fund Reserves to the General Fund. This will result in an increase of \$150,000 in project funding.

Account Number	Description	Debit	Credit

SCHEDULE A
CITY OF APOPKA
WATER USE CHARGES AND DEPOSITS

The connection charge for water service includes the tap fee. A meter set fee shall be required for metered connections.

(a) *Tap fee.*

- (1) The water tap fee does not include the cost of the meter and shall be as follows:

Water Service Size	Short Service	Long Service
¾"	\$300.00	\$912.00
1"	\$300.00	\$912.00
1½"	\$389.00	\$1,001.00
2"	\$389.00	\$1,001.00
Over 2"	Actual cost plus 10%	

- (2) The term "short service" is defined as service located on the same side of a road or driveway of an existing reclaimed water line where the connections is to be made. The term "long service" is defined as service located on the opposite side of a road or driveway of an existing reclaimed water line where the connection is to be made. There will be an additional charge of \$10.00 for every linear foot for service over 50 linear feet.
- (3) An additional charge will be added equal to the county right-of-way permit fee whenever it is required.

(b) *Meter set fee.*

- (1) The meter set fee shall be as follows:

Size of Meter	Single Service	Dual Service
¾"	\$410.00	\$321.00
1"	\$483.00	n/a
1½"	\$1,044.00	n/a
2"	\$1,632.00	n/a
Over 2"	Actual cost plus 10%	

- (2) All reclaimed water connections larger than two inches or involving potable water service larger than two inches will be performed by the contractor; however, in circumstances where the city elects to perform the work, the fee charged shall be the actual cost. The connection charge shall be waived for development activities that will furnish and install taps and backflow prevention devices in accordance with this chapter.
 - (3) Wireless service meters shall be installed for all development.
- (b) *Service charges.* The following shall be the schedule of monthly rates and charges for water service provided by the city:
- (1) *Residential service.* The charges for residential service shall be based upon the monthly amount of water used per dwelling unit as follows: a monthly service fee of \$11.24 per dwelling unit, plus:
 - a. A charge of \$2.07 per thousand gallons for the first 6,000 gallons used per dwelling unit per month.
 - b. A charge of \$2.55 per thousand gallons for each thousand gallons of water used greater than 6,000 gallons per dwelling unit per month, up to and including 15,000 gallons.
